Comments for Public Posting: I wholeheartly support the pending motion to implement a hundred foot buffer zone around places of worship, schools and hospitals in Los Angeles. No citizen should have his faith challenged or be themselves ridiculed for the performance of his or her lawful religious practices.

Comments for Public Posting: A proposal to prevent protestors for blocking certain buildings and facilities that help others, causing a lot of enturbulation to people employed or volunteers, or the ones who use these facilities. I have been glad to hear about this and I support this project, very needed. Monica G
