**Comments for Public Posting:** I support the motion that would prevent violent protestors from approaching within a long distance from the doors of one's church, hospital or community center. I am indeed very tired of walking out my door to have some "anti-" person thrusting their phone/camera in my face and shouting lies about what I am quite passionate about. This is America. We used to stand for freedom of religion. It is unfortunate and a sad state that we have to have a local law to uphold what is part of our constitution of the entire country – but if it results in my being left in peace to go in and out of my church doors – PLEASE, vote for it!!
