Comments for Public Posting: It is my belief, that this law stating institutes of the nature of help, should be protected from being harassed in any shape and form as far as 100 feet away. I'm Jewish, second generation to the holocaust, and I'm very sensitive to any religious persecution on any basis! I saw people harassing people here in Los Angeles. This reminds me of dark days we would like to forget! So, this law is more than wanted as far as I'm concerned, it's very much needed! For the freedom of good hearted people who want to help the population in physical and mental relief.
