A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at [empowerla@lacity.org](mailto:empowerla@lacity.org).

12. DISCUSSION AND POSSIBLE INTRODUCTION OF MOTION IN REGARD TO THE LOS ANGELES CITY COUNCIL'S LACK OF CONSIDERATION OF NEIGHBORHOOD COUNCILS

Lack of Consideration of Neighborhood Councils from the Los Angeles City Council

From the Los Angeles City Council meeting agenda of March 19, 2025 –

REQUEST the Board of Neighborhood Commissioners (BONC), with assistance of the Department of Neighborhood Empowerment (DONE), Youth Development Department, Chief Legislative Analyst (CLA) and the City Clerk, to provide recommendations on potential methods and options including but not limited to the feasibility of amending the NC Bylaws to ensure youth participation in NCs, including the designation of a youth seat on each NC board to increase diversity and allow for leadership growth.

Points made during the discussion were that this was passed by the City Council when two Neighborhood Councils (NC) supported it and 26 NCs opposed it. This shows that the City Council

doesn't listen to or value NCs. Board members suggested that a readout of the data be done at the City Council meeting and NCs be notified in advance when a vote will be taking place. DONE NEA Vincent Autiero said that the City Attorney will have to be consulted on whether data is allowed to be presented in front of the City Council. No action was taken on this item.

4. Support Wildfire Coastal Debris Catastrophe

“Whereas the recent devastating wildfires have left the LA streets and landscape covered with a multitude of toxic chemicals, heavy metals, hazardous materials, ash and fire debris;

“Whereas the recent heavy rainstorms have washed an enormous amount of this toxic material down to our coastline;

“Whereas the EPA and FEMA, against strong public opposition, have chosen to use the beach lots along our coast as sorting sites;

“Whereas our beaches are now covered with hazardous fire debris and black sludge;

“Whereas no significant water/beach testing information has been released to the public;

“The Westwood Neighborhood Council, a member of the Westside Regional Alliance of

Councils, strongly urges that this environmental catastrophe be taken seriously, with an immediate plan to fund, test, share information, and protect our coastal environment and the millions of people who enjoy it, by City of Los Angeles, City of Santa Monica and Los Angeles County authorities with respective operational control of our beaches in the region, including Dockweiler State Beach, Venice Beach, Santa Monica Beach, Will Rogers State Beach and Topanga Beach.

“The Westwood Neighborhood Council further urges that one or more of our Councilmembers who represent WRAC member councils (Hutt, Park, Raman and/or Yaroslavsky) bring a resolution in Council immediately 1) to address this catastrophe on all beaches over which the City has operational control, and 2) to request that the City of Santa Monica and Los Angeles County, respectively, take further, immediate action to address the catastrophe on all beaches over which they have operational control in the region.”

5. Oppose SB 677

“The Westwood Neighborhood Council, a member of the Westside Regional Alliance of Councils (WRAC), opposes SB 677 (Wiener), which mandates further streamlining and automatic approval of certain permits for increased housing development throughout the state, and places all areas within the Very High Fire Hazard Severity Zone (VHFHSZ), including all or parts of Pacific Palisades, Brentwood and Bel Air-Beverly Crest, at risk of public safety, by failing to provide for an unconditional exemption for areas within the VHFHSZ.

“We further request that our Councilmembers representing WRAC member councils (Hutt, Park, Raman and/or Yaroslavsky) bring a resolution in City Council forthwith to add opposition to SB 677 to the Council’s state legislative priorities for 2025-26.”
