Comments for Public Posting: Hon. Council Members: In my residential neighborhood, there is NO Street Sweeping despite paying taxes. I think it is important to take into account that many residents pay taxes for city services, but those services are not delivered. I also believe that bike lanes ought to be kept clean and safe. I echo the Community Impact Statement submitted the North Westwood Neighborhood Council. The city must keep its streets and sidewalks clean from debris and trash. There are too much trash and pollution on our streets and sidewalks. The city should do more to keep out city clean. Our health is impacted due to pollution and trash.
