RE: COUNCIL FILE TRANSMITTAL

On August 12, 2026, the Public Works Committee considered a Bureau of Street Services (BSS) report relative to street sweeping and parking enforcement operations on posted routes, Council file No. 24-1219-S1. After consideration, the Committee moved to approve this item as amended. The committee approved the following new recommendations:

1. INSTRUCT the BSS to report on the staffing, resources, and equipment necessary to restore weekly street sweeping service citywide, including the number of street sweepers, operators, mechanics, supervisory staff, overtime, equipment, maintenance costs, and any additional resources needed to support weekly street sweeping.
2. INSTRUCT the Department of Transportation (DOT) to report on the staffing, resources, vehicles, and equipment necessary to support parking enforcement with the restoration of weekly street sweeping services citywide.
3. REQUEST the City Attorney, in consultation with the BSS and DOT, to report on proposed amendments to the California Vehicle Code necessary to authorize the use of automated enforcement technology on street sweeping vehicles, including recommendations to inform potential state legislation.

This file is now transmitted to the Transportation Committee.
