Council File No: 24-1480

Comments for Public Posting: My name is Jose Gutierrez, and I work at LAHSA as a CES Outreach Coordinator. I'm proud to be part of LAHSA's workforce and the work we do supporting people experiencing homelessness in Los Angeles. As the City considers the future of its funding relationship with LAHSA, I ask that the workforce be taken into consideration. LAHSA employees bring years of experience and institutional knowledge that help keep programs running and services reaching the people who need them. Please recognize the value of the LAHSA workforce as decisions about the future of these services are made. Thank you.
