Comments for Public Posting: The number of times our Century Glen neighborhood has been told that densification projects would not go further in our neighborhood, are countless. Yet here we are again. My mental health is a stake with the possibility of having a six story apartment complex built within 3 feet of my property. The noise of excavation, construction, concrete trucks idling and pneumatic nailers will drive me crazy. Please have a heart for those of us with single-family homes that don't wanna move. Please vote in opposition to this bill. Thank you for your consideration.
