A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at [empowerla@lacity.org](mailto:empowerla@lacity.org).

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 25-0002-S19

City Planning Number:

Agenda Date: 03/26/2025

Item Number:

Summary: The Board of NCVV expresses our opposition to SB79. As written, the legislation threatens single family neighborhoods within range of high-volume public transportation, without regard to existing infrastructure. As the G (Orange) Line bisects Valley Village, and is also within 1/2 mile RADIUS of the Red Line, we will lose a large portion of the single-family areas in our neighborhood. We have a lovely mix of ADUs, apartments, condos, townhomes, small lot homes, senior housing, Tiny Homes as well as single-family homes, in a neighborhood that we all treasure. We urge you to ask Sacramento to VOTE NO on SB79. Los Angeles can manage its own growth and increase housing opportunities

for all through the LA Planning Department Housing Element, which has already been approved by Sacramento. One size legislation does not fit everyone's needs.

**RE: LA City Council File CF25-0002-S19**

Dear Mr. Nazarian and Members of the City Council:

The Board of NCVV expresses our opposition to the SB79, which will be considered by the full City Council. For months members of our Board have monitored this legislation put forward by State Senator Scott Wiener. As written, the legislation threatens single family neighborhoods within range of high-volume public transportation. As the Orange Line bisects Valley Village we could potentially lose a large portion of single family areas in our neighborhood. This state legislation could destroy our community.

We urge you to vote YES on CF 25-0002-S19 and send a message to Sacramento that Los Angeles can manage growth and increase housing opportunities for all through the LA Planning Department Housing Element.

Thank you for the opportunity to share our thoughts on this very important matter.

Sincerely,

Tony Braswell  
President
