Summary:

On August 8, 2025, your Rules, Elections and Intergovernmental Relations Committee considered a July 1, 2025 Resolution (McOsker – Hutt) and a communication from the CLA relative to establishing the City's position on direct the United States Postal Service to designate a single, unique zip code for the Harbor Gateway area. According to the Resolution, the USPS has its own boundaries, which differ from the City's established community borders, leading to confusion in regards to community identity, mis-collection of sales taxes, homeowner and auto insurance rate differentials, confusion in response to emergency services, and delays in mail delivery. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the revised Resolution. This matter is now submitted to Council for its consideration.

Respectfully Submitted,
