A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

The Board approved this CIS by a vote of: Yea(20) Nay(0) Abstain(0) Ineligible(0) Recusal(0)

Date of NC Board Action: 10/21/2025

Type of NC Board Action: Against

Impact Information

Date: 11/05/2025

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 25-0002-S85

City Planning Number:

Agenda Date:

Item Number:

Summary: The Los Feliz Neighborhood Council joins a broad coalition of organizations, including the Environmental Defense Fund, Earthjustice, the Center for Biological Diversity, the Union of Concerned Scientists, CA Nurses for Environmental Health and Justice, and the American Lung Association, in opposition to SB34. SB34 would restrict the ability of the South Coast Air Quality Management District to regulate emissions of the largest single source of air pollution in Los Angeles. Voluntary emission agreements are entirely insufficient to address the mounting climate crisis that is facing our city and our planet. This bill would set a dangerous precedent by restricting the ability of local organizations to

regulate emissions that affect their residents and ecosystems. California's economy need not come at the expense of public health. We are disappointed in our progressive city representatives for voting in support of this reckless bill, and urge them to utilize Council Rule 51 to reconsider this motion. Additionally, we urge our representatives to consider ways to streamline and mandate electrification at the Los Angeles-Long Beach Port Complex.
