A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

City Planning Number:

Agenda Date:

Item Number:

Summary: The Bel Air-Beverly Crest Neighborhood Council area is entirely within a Very High Fire Hazard Severity Zone (VHFHSZ), making fire prevention and emergency preparedness critical for residents and first responders. On "red flag" days—when fire risk is heightened due to weather conditions—it is essential to enforce safety measures that protect lives and property. However, lack of enforcement of red flag restrictions and uncertainty over which agency's "red flag" designation is authoritative create confusion and compromise public safety. Additionally, high-impact activities such as equipment deliveries and film productions remain permitted, even on narrow, substandard hillside streets where they

could obstruct emergency response and evacuations and elevate fire risk. We urge the relevant departments to address these concerns thoughtfully and implement a science- and data-driven assessment of risks and conditions to inform potential new regulations. Strengthening enforcement and updating restrictions based on real-time fire risk will help ensure the safety of our community on high-risk days.
