Council File No: 25-0006-S38

Comments for Public Posting: We urge the City Council to approve formation of the Disaster Recovery District to help finance the tremendous infrastructure needs to recover from the wildfire, including undergrounding LADWP facilities, repaving streets being heavily impacted and damaged by construction, improving the area's water supply and fire hydrant system, managing hillside vegetation, and otherwise hardening the Palisades against future fires. If there ever was a place suited for use of an EIFD or CRD, this is it. Thank you.
