Council File No: 25-0006-S57

Comments for Public Posting: Dear Counsel and B&F committee members, Regarding Council File Number 25-0006-S57 My husband, Russell and I lost our family home of 38 years in Pacific Palisades on January 7, 2025. We were happily living out our retirement, mortgage free. We are about 30% under insured and the waiving of plan check and permit fees would help us out very much. These fees for us total \$16,000. We began construction yesterday and will be grateful if the CAO option 3 is approved and fees are waived for all structures. This will enable our beloved village to maintain some semblance of it's sense of community by allowing as many residents to return as possible. Thank you for your consideration of my request, Elisa Hunziker 373 N. Grenola Street Pacific Palisades, CA. 90272
