Council File No: 25-0006-S77

Comments for Public Posting: My name is Sophie Neff and I am a resident of Echo Park. I want to thank my representative, Councilmember Soto-Martinez, for taking action to introduce this crucial motion. We Angelenos have watched career landlords respond to the January fires with true cartoon-villain energy, seeking to maximize profit off of the suffering of this city's renters in the midst of an already devastating housing crisis. I urge you members of the Council to do your part in protecting tenants and showing up for your constituents by voting YES on this motion. Thank you.
