Hon. Councilmember Hernandez,

Independent data shows STRs have raised rents, removed housing from the market, and contributed to thousands more people experiencing homelessness in Los Angeles. Expanding vacation rentals to second homes will worsen these harms and weaken enforcement of the City's existing Home Sharing law.

On Tuesday, January 20, the Committee will move to further study the ordinance. Please remove Recommendation #6 of Item 4 on your agenda.

Hon. Councilmember McOsker,

On Tuesday, the Budget and Finance Committee will vote to further consider and expand the Vacation Rentals Ordinance. Please vote NO. Please remove Recommendation #6 of Item 4 on your agenda and stop this harmful proposal from moving forward.

Allowing second homes to be listed as short term rentals on platforms like Airbnb and VRBO would allow for increased conversion of housing into hotels and directly contradict the Council's recent actions to strengthen enforcement of the Home Sharing Ordinance. The City should be cracking down on illegal short-term rentals, not expanding short-term rentals.

This proposal will not solve budget challenges. Allowing vacation rentals will make enforcement of our existing laws more difficult and remove homes from our neighborhoods. That is exactly why the Council previously abandoned this proposal and allowed the file to expire.

Please focus on real solutions that protect residents and preserve housing. Do not move this proposal forward in any form.
