A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: The North Westwood Neighborhood Council supports codifying and expanding our City's sanctuary protections into law. Especially given the undocumented population of our area and the undocumented students at UCLA, these protections are needed critically. The vast majority of undocumented immigrants are honest and hard-working people simply trying to make a better life for their families. But a significant number of these community members live in fear of being apprehended, detained, and deported by immigration authorities. It is urgent that a sanctuary ordinance be passed because of the severe threats that a possible mass deportation will cause to the social and economic stability of Los

Angeles. To upend the lives of such a significant portion of our population is unconscionable. Our Council supports the draft ordinance's protections against City staff unnecessarily asking about immigration status, sharing immigration data with immigration authorities, conducting immigration enforcement themselves, and lending City spaces and resources to such enforcement. We also support the RepresentLA program of legal defense for immigration matters.

- COMMUNITY IMPACT STATEMENT -

Summary:

The North Westwood Neighborhood Council supports codifying and expanding our City's sanctuary protections into law. Especially given the undocumented population of our area and the undocumented students at UCLA, these protections are needed critically.

The vast majority of undocumented immigrants are honest and hard-working people simply trying to make a better life for their families. But a significant number of these community members live in fear of being apprehended, detained, and deported by immigration authorities. It is urgent that a sanctuary ordinance be passed because of the severe threats that a possible mass deportation will cause to the social and economic stability of Los Angeles. To upend the lives of such a significant portion of our population is unconscionable.

Our Council supports the draft ordinance's protections against City staff unnecessarily asking about immigration status, sharing immigration data with immigration authorities, conducting immigration enforcement themselves, and lending City spaces and resources to such enforcement.

We also support the RepresentLA program of legal defense for immigration matters.
