A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: For generations, immigrants have been an integral part of our communities, contributing as neighbors, coworkers, and family members. Yet, despite their contributions, they continue to face relentless attacks. The indiscriminate apprehension of our friends, family, and colleagues—documented or not—demonstrates Trump's continued brutality against the migrant population. The recent abduction of Mahmoud Khalil makes it painfully clear that even documented migrants are not safe from state-sanctioned kidnappings. Although a judge has temporarily blocked his deportation, the President has declared Mahmoud "the first of many to come," making it clear that his administration

intends not only to continue carrying out mass deportations but to do so with deliberate cruelty. In response, the Elysian Valley Neighborhood Council stands firmly in support of the City's efforts to expand its Sanctuary Ordinance. We fully support all inquiries outlined in the motion for the report, as they are crucial to understanding how best to disseminate information about our rights and to prevent further harm from fracturing our communities. Additionally, we recommend that the report include an analysis of corporations that exploit the Immigration Reform and Control Act of 1986 (IRCA). For too long, these companies have profited by using the threat of deportation to suppress wages, deny labor rights, and exploit migrant workers for cheap labor. As these injustices persist, it is more important than ever to take a stand. We must remain unwavering in our efforts to protect our communities and defend the rights of all migrants. The Elysian Valley Neighborhood Council remains steadfast in its commitment to resisting harmful policies and advocating for strong protections against any migrant deportation efforts.
