A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at [empowerla@lacity.org](mailto:empowerla@lacity.org).

### **COMMUNITY IMPACT STATEMENT CF# 25-0141**

The Wilmington Neighborhood Council fully supports Council File 25-0141 Air Pollution / Environmental Hazards / Wilmington / Citizen Air Complaint Program.

For decades the Community of Wilmington has been adversely affected by port related truck/chassis/container use. Although there are numerous ordinances to help protect our community against these uses there is a gap when it comes to enforcement.

This council file will help fill that gap. This community-based engagement allows the community to actively report these violations in real time and as stated in the motion will combat disproportionate impacts on our community.

For years our community has asked for tools we can utilize to help combat this air pollution, this motion would go a long way in assisting the community in taking an active part and participate in creating a healthier community that improves our quality of life.

This motion fully embodies the term..."A government for the people by the people." and this council fully supports its adoption.

Respectfully Submitted,

*A.P. B*

G. Martinez

Chair, Wilmington Neighborhood Council

On behalf of the Wilmington Neighborhood Council

*This CIS will be applicable to any subsequently related council file*
