Comments for Public Posting: The depth of depravity, torture, misery, and suffering in the meat trade is unfathomable. It exceeds anything that most people will ever confront in their lifetimes. Doing whatever we can to facilitate the eradication of the meat dog trade is surely a morally justifiable action, and I support it 100%. We have done this in Korea. Let's do everything we can to help other cities and countries do the same.

Comments for Public Posting: I wholeheartedly support City Council File 25-0193 to end dog and cat meat in Vietnam. I am against the abuse and killing of dogs and cats. I urge Los Angeles to stop this practice. Please vote yes. Dogs find us in piles of rubble, under several feet of snow, lost in the woods or mountains, guide blind people, detect our illnesses, protect us and perform many other services yet we kill them in the most unimaginably cruel ways and then eat them. It's so wrong and must stop.
