Comments for Public Posting: Not only is eating dogs & cats a disgusting thing 2 do, the treatment they receive while awaiting murder is horrific, & the way in which they r tortured 2 death is barbaric. The saying of how one treats animals speaks highly as 2 the nature of the person is powerful. Dogs & cats r beautiful, loving, & fun companion animals, & shd ONLY b part of a family. I m a vegetarian, so I believe that no animal shd b subjected 2 the horror of human consumption. 2day, there is NO reason 2 eat ANY animal bc of the abundance of plant-based "meats". I cry when I see pictures of animals being mistreated & abused. What u r doing is animal torture & abuse. Where is ur soul? Where is ur empathy? Where is ur compassion? Where is ur heart? Eat a veggies burger, or an impossible burger, or a not-dog or any # of items that don't include TORTURE!

If any of these officials felt one moment of the torturous pain these innocent animals go through, they would have banned this long ago. It is wrong to take what were supposed to be taken care of by humans and cause such extreme pain on them. Please this must stop

Comments for Public Posting: Subject: Support for Sister City Relationship with Hanoi, Vietnam—Conditioned on Ending the Dog and Cat Meat Trade
Dear Honorable Members of the Los Angeles City Council, I am writing to express my strong support for the recently introduced motion to establish a Sister City relationship between Los Angeles and Hanoi, Vietnam—conditioned on a ban of the dog and cat meat trade. This motion, introduced by Councilmember Bob Blumenfield and seconded by Council President Marqueece Harris-Dawson, represents a historic opportunity to promote animal welfare, public health, and ethical progress on a global scale. Every year, over 5 million dogs and 1 million cats are slaughtered in Vietnam, many of them stolen pets who endure unimaginable, prolonged and needless suffering. They are crammed into cages, transported for hours or even days without food or water, and subjected to brutal, inhumane killing methods. Beyond the sheer cruelty, the dog and cat meat trade poses serious public health risks, including the spread of rabies and other zoonotic diseases that can endanger both animals and humans. Crucially, the majority of Vietnamese citizens support a ban on this outdated and dangerous trade. By tying the Sister City agreement to a commitment to end the dog and cat meat trade, Los Angeles can play a pivotal role in incentivizing positive change while strengthening economic and cultural ties with Hanoi. I urge the City Council to approve this motion and ensure that the ban on the dog and cat meat trade remains a firm condition of the agreement. This is a chance for Los Angeles to lead with compassion and encourage global progress in animal welfare and public health. THIS GRUESOME, DEPLORABLE PRACTICE OF CAUSING ANIMALS TO SUFFER HORRIBLY MUST STOP NOW. Thank you for your leadership and commitment to making a real difference!

Comments for Public Posting: The #DogAndCatMeatTrade needs to end for good, a) pets are not food, b) the next pandemic is already knocking at the door because viruses like the #COVID19 virus had/have their origin in animals, #WetMarkets and the #WildlifeTrade, but also the consumption of animals spreads such viruses worldwide. Eating cats and dogs is not a tradition, also isn't it necessary. I know there'll never be a time when all people will be veggies or vegans, but people do not need to eat pets who've either been stolen from their owners or who've been bred at cruel cat and dog meat farms, under horrible conditions, in rusty cages full of feces. So please ban the dog and cat meat trade for good.

Comments for Public Posting: Now this motion has been introduced by Councilmember Bob Blumenfield and seconded by Council President Marqueece Harris-Dawson, we must ensure it is approved... and that the ban on dog and cat meat remains a key condition! ?? Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. ?? Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty. Please ensure that this motion is approved and that the ban on dog and cat meat remains a key condition!

It is gut wrenching to know that these sentient beings are subjected to the hellish nightmares of the meat trade industry. The brutal cruelty they endure in confinement and the barbaric slaughter they all face at the end is sickening to say the least. How any human with a soul can participate in this horror is unfathomable to me. These are thinking, feeling individuals who value their lives every bit as much as we value ours. Comments for Public Posting: Please immediately and permanently cease the slaughter of dogs and cats for human consumption. There are many nutritious alternatives that can be used in place such as tofu, non-meat substitutes such as beyond burgers. Let and encourage the local population to be entrepreneurial and invest in acceptable nutritious alternatives. And ramp up non-lethal sterilization if there are population issues.

Comments for Public Posting: ?? Every year, 5 million dogs and 1 million SENTIENT cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The SENTIENT dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. ?? Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty. Using ethics towards sentient animals, will enhance our health, ecosystems, and eventually our so used planet, that is screaming for help! Thanks, Cristina E. Zois, Greek Ambassador's wife

I am against the abuse and killing of dogs and cats: the way the animals are slaughtered is horrific. And there is real evidence of the possibility of disease through the killing of diseased animals - like rabies. Comments for Public Posting: It is imperative that banning the horrific dog & cat meat trade be part of the condition for establishing sister city status with Hanoi, Vietnam. We must lead them in raising their consciousness and end the evil, barbaric treatment of man's best friends. Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

Now this motion has been introduced by Councilmember Bob Blumenfield and seconded by Council President Marqueece Harris-Dawson, we must ensure it is approved... and that the ban on dog and cat meat remains a key condition!
