I am against the abuse and killing of dogs and cats. I would like Los Angeles to do what it can to stop the practice. Please vote yes on this Motion. Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty. Please vote yes to end dog and cat meat trade in Hanoi, Vietnam.

**Comments for Public Posting:** Please end the murder and slaughter of companion animals. Dogs and cats are highly intelligent, loving animals, who love their human owners. Dogs and cats are not food for humans. Please turn your efforts towards plant protein and raising more seafood to eat. Please stop the abuse, torture and barbaric murder of innocent and helpless loving animals. Please save the dogs and cats, by implementing laws, that end the barbaric slaughter houses. Thank you for your time and consideration in this important matter.

**Comments for Public Posting:** I think there is a trend beginning in areas of Asia to move away from the dog/cat meat trade. People are starting to see that a dog or cat can be a companion instead of a meal and we need to do all we can to foster that idea. Also, we need to encourage and to teach the necessity to spay and neuter dogs and cats so that the population does not get out of hand and make these animals a target for the meat trade using the over population as an excuse to do so. As a Sister City there is an opportunity to enlighten and to teach and to help these people to move forward from eating 'pets' to owning them. Also, it seems that a lot of pets end up at the meat markets and maybe we could encourage the authorities to make it a crime to steal someones beloved pet for a quick buck at a meat market. We could also help to spread the word about how much disease is spread through this awful markets. In short, I think a Sister City relationship is an excellent opportunity to make a difference in the lives of animals and people and to move both forward to a better future.

I am against the abuse and killing of dogs and cats. I would like Los Angeles to do all it can to stop the horrible practice. Please vote YES on this very important Motion. Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

I really don't know how any human could eat man's best friends i could never do that myself but i know that in those foreign countries that has been going on for decades , i also know the younger generation is trying to make changes and stopping this evil tradition . I watched ( i made myself watch video ) a few years back of a german shepherd dog in a wire cage surrounded by other dogs in cages waiting their turn . a young man stabbed with a sharp pointed stick of some kind into the heart of the german shepherd dog did not kill it right away it was bleeding and licking it's wound ,man then took a loop pole and strangled dog to death , then ripped the fur off dog then threw dog in a big looking grinder , it was heartbreaking to watch , i only wish i could have saved that gsd for i love gsd's my favorite breed . I pray you can end this atrocity . Sincerely , Mrs Sharon Truax USA
