Comments for Public Posting: I support City council File 25-0193 which references City Council File 19-0002-S101 to end dog and cat meat trade in Hanoi, Vietnam Every year 5 million dogs and 1 million cats are brutally slaughtered for meat in Vietnam. Many are stolen from homes. They endure horrific abuse including being trucked without food and water in extreme temperatures before meeting a violent death. The dog and cat meat trade poses serious public health risks including rabies and other zoonotic diseases Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam and economic and cultural incentive to end this cruelty. I would like Los Angeles to do what it can to stop the dog and cat meat trade. Please vote yes on this motion

Comments for Public Posting: Ban cat and dog meat in Vietnam I write for a complete and total meat ban in Vietnam. Dogs and cats are loveable animals and most likely someone's pet that has been stolen for food. No one should be eating these animals, this is totally inhumane. And the horror of how these animals are killed is absolutely disgusting and must be stopped!

Comments for Public Posting: I have been an advocate for dogs & cats that are victims of the brutal meat trades for many years now. It sometimes seems futile to fight against the trade. If the City of Los Angeles can do something on behalf of these voiceless souls I would be eternally grateful. My eyes have seen horror and pets tortured at the hands of man. All of us involved in trying to end this feel the same, we want it to stop. Please do all in your power and hearts to help us. Please help the dogs and cats captured in this savagery. The pets are not just killed ,then eaten. They are tortured. When giving love to your own pets, please remember these souls. Be their voice! I believe you can help them.

Comments for Public Posting: Have a HEART. Do you have a CONSCIENCE? This is NOT how animals should be treated. They are living beings that want to live their natural life. They want shelter warmth, comfort, food, family and love just like a human being does. Humans have no right to mistreat another living being. They have no right taking lives, torturing another soul, keeping them in captivity in cruel inhumane conditions. SPEAK UP on behalf of these innocent helpless animals. Please have a conscientious heart and be their voice in a blind cruel world.

Comments for Public Posting: I support HB 1303, the CURB (Cumulative Risk Burden) Pollution Act, which would require environmental justice for overburdened communities. I ask you to vote in support of CURB in this legislative session. In Washington, communities of color and Indigenous peoples live in places with a disproportionate burden when it comes to environmental pollution, affecting health, well-being, and life expectancy. Under current laws, the process that permits businesses to pollute is not required to consider the effects of this history of environmental racism and the cumulative health risk and burden that the most impacted communities face. We all suffer when we allow these environmental injustices to continue. The CURB Act will require environmental justice to be considered as an element under the State Environmental Policy Act and require mitigation for adverse environmental justice impacts to be identified and considered in the threshold SEPA determination.

Comments for Public Posting: Becoming a sister city with Hanoi is a wonderful idea. It must be done only if they end the dog and cat meat trade. Thousands of them have suffered torture and brutal deaths and I hope that Los Angeles would consider that unacceptable. Lead the way for them to end the horrors done and hopefully, a beautiful friendship can evolve. Council File No: 25-0193

Comments for Public Posting: I support City Council File 25-0193, which references City Council File 19-0002-S101, to end dog and cat meat trade in Hanoi, Vietnam. I am against the abuse and killing of dogs and cats. I would like Los Angeles to do what it can to stop the practice. Please vote yes on this Motion.
