Comments for Public Posting: Les chiens sont des êtres fantastiques. On les trouvent à l'armée où ils sauvent les vies des soldats, détectent les mines, détectent les drogues. aident la police à attraper les malfaiteurs, protègent leur maîtres, leurs maisons, aident les aveugles , sont très utiles en zoothérapies dans les hôpitaux, comme chiens guide dans les montagnes, comme chiens de sauvetage lors des avalanches... et encore beaucoup de choses qui aident les humains. Quant aux chats, ce sont de beaux, bons et fidèles compagnons. Ces animaux ne méritent pas d'être cruellement mis à mort et mangés. ,

Comments for Public Posting: This pointless race is a matter of life and death for dogs. Please end this cruelty. A four-year-old dog named Ventana collapsed and died on the trail while being forced to run for hundreds of miles while pregnant. Iditarod tried to conceal a serious incident involving a dog named Jett who collapsed on the trail and required emergency veterinary care. More than 120 dogs have already been pulled from the trail due to illness, injury, or exhaustion, and the remaining dogs still have hundreds of grueling miles to go.

Comments for Public Posting: If folks can do anything ----[i.e., anything, particularly in this world of ours that's just SO incredibly full of cruelty now!!]---- to promote ****kindness**** ~TO~ people and/or animals, [e.g., like banning the brutal dog and cat meat trade!], we should do so, not only for ourselves, but also for our children and grandchildren, you know!!

Comments for Public Posting: The Los Angeles City Council has officially introduced a motion to establish a Sister City relationship with Hanoi, Vietnam — conditioned on banning the brutal dog and cat meat trade. Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty. Now this motion has been introduced by Council member Bob Blumenfield and seconded by Council President Marqueece Harris-Dawson, we must ensure it is approved... and that the ban on dog and cat meat remains a key condition!
