Comments for Public Posting: I support City Council File 25-0193, to end dog and cat meat in Vietnam. I am against the abuse and killing of dogs and cats. I would like Los Angeles to do what it can to stop this practice. Sister city programs should have cities that not only can mutually benefit each other culturally, economically, but it's more important to spread peace and harmony while countries and cities cooperate. Because Los Angeles adopts an ethical standard of not capturing dogs and cats for slaughter and consumption, it is imperative that we encourage our partners and sister cities to do the same. The strength and purpose of Sister City programs is also to elevate standards of business, economies, and ethics. Please vote yes on this matter.

Comments for Public Posting: I support City Council File 25-0193 to end dog and cat meat in Vietnam. I am against the abuse and killing of dogs and cats. I urge Los Angeles to stop this practice. Please vote yes. The brutal reality of Vietnam's dog and cat meat trade demands immediate action. Millions of innocent animals endure unimaginable suffering, subjected to horrific cruelty in the name of consumption. The path to ending this cruelty lies in establishing a sister city relationship with Hanoi, contingent upon a commitment to ban or phase out the dog and cat meat trade. This approach aligns with the spirit of the recent U.S.-Vietnam Comprehensive Strategic Partnership, which encourages such collaborations and offers mutual benefits, including increased economic and cultural exchanges. By conditioning this partnership on animal welfare, Los Angeles can send a powerful message and directly influence policy in Vietnam. The time for passive observation is over. It's critical that the Los Angeles City Council supports File #25-0193 and solidifies this sister city relationship with a clear mandate against the dog and cat meat trade. Los Angeles must act now to save millions of lives and demonstrate that compassion and progress can go hand-in-hand.
