Comments for Public Posting: In the 21 st century this is a cruel and inhumane practice. It is unnecessary Its based on antiquated practices. All animals even the ones raised for food deserve better end than the cruelty of boiling live.and skinning live to increase taste. Dogs and cats were never meant along with donkeys and horses for food The annual slaughter of the dogs and cats is incredibly inhumane And not needed any longer society can find a different way to honor that holiday And get fix from the released adrenaline. It drug addiction and should not be tolerated in this day and age

The cats and dogs in meat farms are abused and killed bluntly with no relief of pain in front of one another and lived a very short and despaired life. That cannot be acceptable nor could it possible be healthy for anyone consuming such pain and agony.

Comments for Public Posting: The meat trade is inhumane. It is barbaric. Animals feel emotions, they bleed and breathe just like humans and feel pain just like humans. Start a spayed and neuter program to decrease homeless animals. But caging them and killing them for food is a horrific practice and should stop immediately.

Comments for Public Posting: The way we humans treat animals translates into how we treat each other... Prove moral competence and end this egregious behavior committed by many in Hanoi and Viet Nam. The pain, fear, and anguish that your people of Viet Nam and all of Asia inflict on innocent, defenseless dogs and cats is unacceptable by most of the world. The ones that have already suffered and died at your hands will never live again. STOP THIS SHAMEFUL BEHAVIOR NOW!!

Comments for Public Posting: I'm hoping and praying that all fur babies are free from danger and harm. It is sad and brutal of what They are doing is wrong. Dogs and cats are animals to keep us safe and for us to love them not for us to eat if they want food they can go fish for food like everyone else can or hunt deer don't they have deer where they're at if not well they got rivers and lakes ponds that's what they need to be doing getting seafood so I support this at all times
