Comments for Public Posting: The dog and cat meat trade is a barbaric and outdated practice that has no place in a civilised society. Scientific research confirms that dogs and cats experience pain, fear, and distress just as humans do, making their suffering in this industry unconscionable. Beyond the undeniable ethical concerns, the trade poses severe public health risks, with unsanitary conditions fostering the spread of deadly diseases like rabies and zoonotic infections. Many of these animals are stolen pets, ripped from loving homes and subjected to unspeakable torment. The world has evolved, and so must our laws - permanently banning the dog and cat meat trade is not just a moral necessity but a reflection of our progress as a society that values empathy, decency, and respect for all sentient beings.

Comments for Public Posting: Please God in heaven we are asking for your help to stop this cruelty to dogs cats and whatever else is being slaughtered by these inhuman beings. How can anybody take a puppy and hold it up like that in this picture and going to be slaughtered for its young life and all these dogs and cats per human intake? Never in my life did I ever think I would live to see this day and I hope and pray to God that you people will help. Stop this insanity and cruelty and inhumane torture to animals. I never would believe in my life there would be any kind of human being that God created that would do something like this. Please I'm begging you for me, my children, my grandchildren and their grandchildren for this stuff to stop. Please make it stop. What happened to loving animals? Wish they are on this world like cats and dogs to love and be our companionships. Please please I'm begging you to help us stop.

Comments for Public Posting: On January 9, 2024, the National Assembly of South Korea voted unanimously to ban the killing and eating of dogs nationwide. Now, Vietnam must follow. The brutal reality of Vietnam's dog and cat meat trade demands immediate action. Our family wholeheartedly supports City Council File 25-0193 to end the dog and cat meat and fur trades in Vietnam. We are against the abuse and killing of dogs and cats as food. Rabies is of concern in Vietnam, both due to the prevalence of the disease in the country and the dog meat trade. We advocate for Vietnamese cats and dogs to be given core legislative protections as companion animals. We urge the city of Los Angeles to condemn this unconscionable practice. Please unanimously vote yes!

Comments for Public Posting: Please support this bill. The eating of dogs and cats is barbaric, and it's not just the sorrow I feel for pet owners that have their beloved animals stolen, but in many cases the animals are TORTURED because many believe it makes the meat more tender. Just the thought of my fur babies being tortured for meat sends me into a tailspin of sadness, so please, please consider making this bill into law, and save our furry friends from an agonizing death. Comments for Public Posting: Since the times of the creation, The Almighty placed upon man the responsibility to care and protect all animal lives. Animals are Angels in living forms. Innocence living representation. How's possible the Original intention filled with love, care, and compassion, got changed in such horrible ways. Cats and dogs are part of our families, our loved ones. Please, stop these cruel, inhumane practices at once. Blessed those who dare living with love and compassion ??.

Comments for Public Posting: Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. ?? Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

The Los Angeles City Council has officially introduced a motion to establish a Sister City relationship with Hanoi, Vietnam, conditional on banning the brutal dog and cat meat trade. I am against the neglect, abuse, and killing of dogs and cats. I think this is a wonderful opportunity for two cities to come together in peace. And this is a groundbreaking step toward ending the suffering of millions of dogs and cats. Please vote yes on this motion. Thank you for allowing me to voice my opinion. Comments for Public Posting: The Asian dog meat trade is a horrific practice that includes not just the killing of dogs and cats but torture before they are killed. I have been working in this rescue area for a number of years and have seen videos of animals boiled alive and traumatized to the point where, if they do make it out alive, they are not able to live a normal life. Please, for the sake of the animals that die these horrible deaths, vote yes for Council File 25-0153 and make the ending of the dog meat trade in Hanoi, Vietnam, a part of your sister city contract.

Comments for Public Posting: Dogs are one of God's most cherished creatures. They provide companionship, security and a level of affection not always found in human to human relationships. A "sister city" bond with Hanoi Vietnam would create a valuable bond between the cities, allowing an essential sharing of values. The killing and consumption of dog and cat meat is an abomination to American values, and it is with the intent to end this barbaric and cruel practice, beginning with the establishment of the Los Angeles/Hanoi Sister City agreement.

Comments for Public Posting: Having researched the depraved short history of intention torture of dogs and cats for 'meat' throughout Southeast Asia, it is wonderfully heartening to see much progress being made on shutting this madness down. But much remains to be done. I put my money where my mouth is and adopted a Chinese 'meat dog' and continue to be involved today. Please be a voice for the innocent voiceless and use your connections for change. They give a lot of political speak about what they are doing and not doing...please don't be swayed by nice fancy talk. The horrors are still happening and need to stop completely.

Animals are beaten to death, skinned alive, burned alive, boiled alive, and disarticulated while still alive. Comments for Public Posting: Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam!!! They are stolen from loving homes by creepy, sub-human freaks and endure unconscionable abuse including being trucked without food and water in extreme temperatures, before meeting a sick, twisted, and horrifyingly violent death. Not only that, but the dog and cat meat trades pose serious public health risks, including rabies and other zoonotic diseases. Most Vietnamese people support the ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty. We must encourage these people to do the right thing by introducing them to agricultural practices that are workable in that country, for every terrain is different and water plays a big part in crop growth. We need to find sustainable food plants to grow in each region. Maybe even factories to process plant-based foods! This would create jobs, be a sustainable food source, and hopefully utilize all the water they get from monsoon seasons. They are NOT an arid country. Now that this motion has been introduced by Councilmember Bob Blumenfield, and seconded by Council President Marqueece Harris-Dawson, we must cement its approval so that the ban on dog and cat meat remains a key condition!

Comments for Public Posting: Subject: Strong Support for Council File 25-0193 - Sister City Relationship with Hanoi Dear Los Angeles City Council Members, I write today in passionate support of Council File 25-0193 (referencing Council File 19-0002-S101), which proposes a Sister City relationship with Hanoi, Vietnam, conditional upon ending the cruel dog and cat meat trade. The statistics are heartbreaking: approximately 5 million dogs and 1 million cats suffer tremendously in Vietnam's meat trade annually. Many are beloved pets stolen from families, enduring horrific transport conditions before facing brutal slaughter methods. By establishing this conditional Sister City agreement, Los Angeles has a unique opportunity to leverage its global influence to end this unnecessary suffering. This initiative aligns perfectly with our city's progressive values and commitment to compassion. It also addresses critical public health concerns, as the dog and cat meat trade creates significant risks for the spread of rabies and other dangerous zoonotic diseases. Importantly, polling shows most Vietnamese citizens already oppose this practice. Our city's stance would provide meaningful support to local advocates and create powerful economic and cultural incentives for positive change. I commend Councilmember Bob Blumenfield and Council President Marqueece Harris-Dawson for their leadership on this issue. I strongly urge the entire Council to vote YES on this motion, maintaining the humane condition as an essential requirement of the Sister City agreement. Los Angeles has long been a leader in progressive policy. This vote offers another opportunity to demonstrate that our commitment to compassion extends beyond our city limits to create meaningful change worldwide. Thank you for your consideration and service to our community. Respectfully, Shreshtha Jain

Comments for Public Posting: As far As I am concerned this cruel issue of slaughtering Dogs for human consumption needs to be outlawed in Hanoi Vietnam and these poor Dogs are Not only slaughtered in a Inhumane Way..They are Slaughtered in the most Barbaric Way! ?????? I am Very much an Animal Lover and Care VERY DEEPLY about the Welfare of these poor Dogs! Dogs in my opinion are Very Sociable Animals and Deserve to have RESPECT in these Asian Countries, where it is the Norm for people who want to eat them...But! This Barbarism Needs to be Stopped and Outlawed, where these Governments of these Countries Should now Abolish this Cruel Slaughter, once and for all. We are living 21st Century now and Not living in the past and issues like this Barbarism Needs to be changed for good!! Thank you for your time in this matter!! Abusing dogs and cats in the dog meat trade is so evil it is beyond explanation and comprehension and should never be allowed anywhere on earth. South Korea has passed a ban on this evil trade and hopefully Vietnam will do the same.

Comments for Public Posting: ?? Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. ?? Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

Comments for Public Posting: Animals cannot speak for themselves. Good people everywhere speak on behalf of animals. It is imperative that govt. officials understand that ALL living beings that walk, talk, sleep, run, sleep, scratch, eat, defecate & have bodily functions feel pain & suffering. I urge the LA govt. to do their very best to make animal rights a priority. California has been way ahead of other states in this regard thanks to the hard work of Doris Day & Betty White. Vietnam & Asian countries need to know that good people in LA do not condone dog & cat meat markets. If S. Korea can ban dog meat markets so can Vietnam. I urge LA officials to inspire Vietnamese officials to once & for all BAN all dog & cat meat markets in their country.

Comments for Public Posting: Please stop the senseless killing of innocent companion animals in the shelters. Rescues try but the shelters kill before rescues can save the dogs. 3 days is not long enough. Support humane laws that are enforced to prevent animal cruelty. Sponsor low cost spay and neutering. Comments for Public Posting: Dear Sir/Madam: Hello, my name is Joyce Shiffrin, and as a long-time In Defense of Animals member as well as a long-time vegan, I am urging and begging you from the very bottom of my heart to PLEASE do ALL that you can to BAN ALL dog and cat meat in Vietnam for ALWAYS!!! Why is this particular issue pertinent to me? Because to me, not only is dog and cat meat consumption unnecessary, but more importantly, it promotes unnecessary cruelty and barbarity for the poor, innocent dogs and cats. And, of course, eating dog or cat meat is unhealthy and can even be potentially dangerous to humans who consume it, as dog and cat meat can have zoonotic diseases. Therefore, I hope that you take my e-message VERY seriously. Thank you, Joyce Shiffrin

Cats were especially helpful keeping rodent populations down to save our grain harvests. Dogs and cats give so much in companionship and love. Comments for Public Posting: ?? Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. ?? Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

PLEASE PROTECT EM ALL!!! The ugliest most EVIL thing in this world is MAN!

Animals have no voice.
They can't ask for help.
They can't ask for freedom.
They can't ask for protection.

Humanity must be their voice.

Comments for Public Posting: This horrific slaughtering of helpless dogs and cats for 'meat' has to come to swift end. Not 2 or 3 years from now. The terror and cruel conditions suffered by these helpless animals who have no voice or protection or way out of inhumane deaths has been documented. If you have an ounce of humanity in your being STOP this evil practice now. Put pressure on those there who can influence and ban this evil practice. God help his loving creations. Be a voice for the helpless victims of this archaic practice. What if this were your beloved dog or cat taken and forced to endure extreme painful conditions before being killed. And each dog and cat knows what is happening. Imagine the helpless fear they experience before it becomes 'their turn' to die and end up on a plate. Stand up for them. Thank you. Susan Morrell

I am against the abuse and killing of dogs and cats. It is HORRIFICALLY brutal and sadistic and we would outlaw such treatment of our companion animals so why support it for other dogs? I would like Los Angeles to do what it can to stop the practice. Please vote yes on this Motion.

Comments for Public Posting: I've been to Viet Nam and witnessed cruelty to cats and dogs. A restruarant worker asked if I wanted to dog I saw on the street for a meal. She wasn't joking. A man in Hue who had dogs told me it was common for dogs to be stolen and slaughtered so he had to keep watch on his at all times. It saddened my deeply. There's more but it's sickening to recount it. Please sign this legislation. Thank you!!!

Comments for Public Posting: Please do whatever needs to be done for the protection of all animals. Dog/cat meat festivities are barbaric, inhumane and pose a threat to the people who consume the meat. I'm sure many of you have an animal in your life that you love. Would you wish that fate upon them? I don't think you would. Please keep them in mind and close to your heart while making decisions which will affect the animal kingdom. They were placed here by God as companions throughout this life. We are entrusted with their well-being and safety, and we must do whatever is necessary to give them these very basic needs.

Comments for Public Posting: Hi Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. ?? Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty. Please take a stand for animals. Thank you Korg Onze

Comments for Public Posting: Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. Furthermore, most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

I am strongly opposed to and fully against the abuse and killing of dogs and cats associated with the horrifically inhumane processes of caging these intelligent, sentient animals prior to their brutal deaths, often in front of other animals awaiting their deaths. I will be grateful for anything Los Angeles can do to stop this unethical practice. Please vote Yes on this motion.

Comments for Public Posting: I fervently support City Council File 25-0193, which references City Council File 19-0002-S101, to end dog and cat meat trade in Hanoi, Vietnam. Just the thought of the needless extreme suffering makes me sick to my stomach. Some argue it's no different than Americans killing cows or pigs, but I say there is a night and day difference. Asians actually believe that the more the animal suffers, the more tender the meat. Americans do not share the same mindset about cows and pigs. I am against the abuse and killing of dogs and cats. The dog and cat meat trade also poses serious public health risks, including rabies and other zoonotic diseases. I would like Los Angeles to do what it can to stop the practice. Please vote YES on this Motion. Thank you for taking the time to read my statement. Sincerely, Renee Vincent

Comments for Public Posting: i am asking the counsel members to support city county file 25-0193 to end the dog meat trade in vietnam.. i have seen countless videos of the brutality these dogs suffer at the hands of extreme cruelty. many of these dogs are either bred in filthy cages or they are stolen pets.. the meat farms will take one dog and let the other dogs see it being beaten to death because the captors of those dogs believe that the meat of a dog that was terrified right before death tastes better.. we are living in the 21st century, how long must we let this continue? .. you have the power to end it, please do so.

Comments for Public Posting: I support City Council File 25-0193, which references City Council File 19-0002-S101, to end dog and cat meat trade in Hanoi, Vietnam. I am against the abuse and killing of dogs and cats. I would like Los Angeles to do what it can to stop the practice. Please vote yes on this Motion. The dog and cat meat trade is one of the world's most brutal abuses of animals. Cats and dogs are tortured before being cooked alive. We MUST speak out against this awful practice.

Comments for Public Posting: I support a ban on dog and cat meat from Hanoi, Vietnam. Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

Comments for Public Posting: Dear City Clerk and Council Members, I am writing to express my strong support for the motion to establish a Sister City relationship with Hanoi, Vietnam, contingent upon a ban on the dog and cat meat trade. This is a crucial step toward ending the suffering of millions of animals subjected to horrific abuse and slaughter each year. Beyond the immense cruelty involved, the dog and cat meat trade poses serious public health risks, including the spread of rabies and other zoonotic diseases. By taking this stand, Los Angeles can lead by example in advocating for animal welfare and public safety on an international level. I urge you to vote in favor of this motion and use this opportunity to promote humane and ethical treatment of animals. Thank you for your leadership on this important issue. Sincerely.

Comments for Public Posting: In this age of alternative food sources, cats and dogs being consumed as human food is abhorrent to anyone with common sense. Pet companions are sentient beings, not human food!!! This slaughter of these poor cats and dogs must stop!!!! This is one country that I would have liked to visit, until it stops slaughtering these animals for food, I will never visit it!!!!!!!

The killing of cats and dogs for food is beyond barbaric and horrific. I do not know if it is traditional, but sometimes tradition is bad, and in this case these animals which have been loyal and loving companions to humans for thousands of years deserve better. Comments for Public Posting: I strongly support City Council File 25-0193, (which references City Council File 19-0002-S101) to end the cruel dog and cat meat trade in Hanoi, Vietnam. This is an important step in strengthening international ties while promoting humane treatment of animals. This meat trade is not only inhumane but also poses serious public health risks, including the spread of rabies and other zoonotic diseases. By making the ban a condition of this partnership, Los Angeles is sending a clear message that ethical standards and compassion should be at the heart of global cooperation. I urge the City Council to stand firm in this requirement and use this opportunity to advocate for animal welfare and public health. Let's ensure that our Sister City partnerships reflect the values of kindness, respect, and progress.

Comments for Public Posting: Every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. ?? The dog and cat meat trade poses serious public health risks, including rabies and other zoonotic diseases. ?? Most Vietnamese people support a ban. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty. Now this motion has been introduced by Councilmember Bob Blumenfield and seconded by Council President Marqueece Harris-Dawson, we must ensure it is approved... and that the ban on dog and cat meat remains a key condition!

Comments for Public Posting: I've personally seen rounded-up dogs stuffed into bamboo cages and carted away by bus in SE Asia. It's beyond heart-breaking. As Americans, although we, too, slaughter and eat animals, just not dogs, we still have a special affinity to dogs.....a love and understanding of their worth and their feelings and the love they give us. Because they are truly 'man's best friend,' anyone who is able should take a stand in defense of all dogs everywhere!! Thanks for helping to stop the sale of dog meat in Vietnam and elsewhere.

Comments for Public Posting: Thanks to the Los Angeles City Council for their motion to establish a Sister City relationship with Hanoi, Vietnam — conditioned on banning the brutal dog and cat meat trade. Most Vietnamese people support a ban, but every year, 5 million dogs and 1 million cats are brutally slaughtered for their meat in Vietnam. Many are stolen from loving homes. They endure horrific abuse including being trucked without food and water in extreme temperatures, before meeting a terrifying, violent death. The dog and cat meat trade also poses serious public health risks, including rabies and other zoonotic diseases. Establishing a Sister City agreement with a humane condition offers Vietnam an economic and cultural incentive to end this cruelty.

Comments for Public Posting: Subject: Urgent Call to End the Dog and Cat Meat Trade in Hanoi
To the Office of the City Clerk, I am writing to express deep concern over the continued dog and cat meat trade in Hanoi. This inhumane practice is not only cruel but also a serious public health risk. In 2025, there is no place for such brutality. Markets that sell dog and cat meat expose the public to unsanitary conditions, increasing the risk of viruses and diseases. The world has seen the devastating consequences of zoonotic outbreaks, and yet this trade continues, jeopardizing both human and animal lives. Beyond public health concerns, the suffering inflicted on these animals is unacceptable. Dogs and cats are sentient beings, many of whom are stolen pets, subjected to immense pain and fear before slaughter. Allowing this industry to persist teaches future generations that cruelty is acceptable, rather than promoting values of compassion and progress. There are sustainable, humane alternatives to food sources, making this trade unnecessary. The profits gained from such cruelty should be viewed as harmful and unethical, much like money made from illicit industries. It spreads suffering, encourages inhumane behavior, and damages Vietnam's global reputation. I urge the city's leadership to take decisive action and implement a full ban on the dog and cat meat trade. By doing so, Hanoi can set a precedent for other regions, demonstrating true leadership in creating a more ethical, modern, and humane society. This is a pivotal moment to take a stand for public health, ethical responsibility, and the future of Vietnam. The world is watching—please take action now to end this cruelty and move toward a more compassionate and progressive future. End the suffering. Protect public health. Lead with compassion.

Comments for Public Posting: For decades the torture and misery of these animals for the dog meat trade has been beyond what most could be able to think of, why has it not been lobbied against before ? As with China, animals have been brutally treated and even the more pain the animal goes through the more beneficial the meat is supposed to be. Cats tortured. Dogs crammed into cages and cooked while alive, no animal should suffer like this. I ask you to support this motion and bring about a change in the world for good, this trade also spreads Zoonotic diseases, it has been known that the wet markets are linked to the spread of Covid as well, it is time that we all supported a change from a brutal tradition that is something we all should be opposed to and support Bob Blumenfield in this.

Kudos to Los Angeles for this wonderful idea! I think it should also ensure spaying and neutering of any animals over there and impose, maximum maximum penalty on anyone that hurts an animal

Comments for Public Posting: Please support this motion against a brutal and completely outdated industry which many Vietnamese oppose as well, this is ritualised torture for cats. The same for dogs, the fear and pain that is superstitiously linked to bringing benefits to the meat is increased because of this ? Also there are links to Zoonotic diseases, this like fur farms and bear baiting should be outlawed and we should play our part in ending it. Thank you for this

Comments for Public Posting: With the world populations watching, amazes me how this continues. Especially with knowing many plant based foods are better and provide higher amounts of proteins. That this continues is mind boggling. Why leaders in power fail not only the animals but the people they rule over just truly makes me shake my head. Do something good for the people and the wildlife. Help the people heal mentally and physically. If Los Angeles wants to be a sister city, you definitely need to stop these markets and abuses to continue. Shameful actually.

Comments for Public Posting: Greetings Office of the City Clerk, Please help support City Council File 25-0193, referencing City Council File 19-0002-S101, to end dog and cat meat trade in Hanoi, Vietnam. This will reinforce the imperativeness of a stance against abuse and killing of dogs and cats. Los Angeles can stop this heinous practice by voting 'yes' and supporting this motion. Thank you for your consideration and due diligence.

Comments for Public Posting: We, vehemently, support "City Council File 25-0193", which references "City Council File 19-0002-S101", to end, dog, and, cat meat, trade in Hanoi, Vietnam! We are against the abuse, and, killing, of dogs, and, cats! Los Angeles MUST do what it can to stop the practice! Please vote "YES" on this Motion! Now, this motion has been introduced by Councilmember, Bob Blumenfield, and, seconded by Council President, Marqueece Harris-Dawson, you MUST ensure it is approved, and, that the ban on dog, and, cat, meat remains a, key, condition! Our Family Is Speaking Up for Animals Now! The "Los Angeles City Council" has, officially, introduced a motion to establish a, "Sister City", relationship with Hanoi, Vietnam — conditioned on banning the, unconscionable, brutal, dog, and, cat, meat, trade! Our family is imploring "City Councilmembers" to take a stand for animals! This is a, groundbreaking, step toward ending the suffering of millions of dogs and cats! Every year, 5 million dogs, and, 1 million cats are, brutally, cruelly, slaughtered for their meat in Vietnam! Many are stolen from, loving, homes. They endure, horrific, abuse including being trucked without food, and, water, in, extreme, temperatures, before meeting a terrifying, violent, death! The dog and, cat meat trade poses, serious, public, health, risks, including rabies, and, other, zoonotic, diseases. Most, Vietnamese, people support a ban! Establishing a, "Sister City", agreement with a, humane condition offers Vietnam an, economic, and, cultural, incentive to end this, shameful, cruelty!

Comments for Public Posting: The dog and cat meat trade is brutal. These innocent animals suffer horrific cruelty and abuse. Dogs are not food, they are companions, dogs work in the police force, the military and they assist disabled people and blind people. We must see to it that this trade is banned once and for all. This is the 21 century, not the dark ages. We must fight for these innocent animals and continue to be their voice.

Comments for Public Posting: PLEASE pass this motion to establish a Sister City relationship with Hanoi, Vietnam. This will provide Vietnam with better resources to execute the ban on the dog and cat meat trade. Thankfully progress on this front is already being made in South Korea, we need to follow suit in Vietnam and every country that is allowing these atrocities to occur. These sentient beings, are being brutally slaughtered, and prior to their slaughter they endure daily abuse and cruelty. They are not provided with food or water, and there is no interest for them to be provided with shelter from extreme temperatures. Many of these dogs and cats are stolen family pets that are still wearing their personal collars. Helping Vietnam to carry out this ban will certainly help reduce health risks such as Rabies and other zoonotic diseases. Most Vietnamese do not eat dog and cat meat and they support this ban, and this movement is thankfully gaining momentum through many communities and countries. PLEASE help keep the momentum going. PLEASE help these defenseless dogs and cats that want nothing more than the loving touch of a human being. These sweet sentient beings are scared and traumatized to extents far beyond our imagination. PLEASE pass this motion and be on the humane side of history. PLEASE! Thank you!
