Educating people is the first and most important step in teaching compassion, common sense, and decency towards ALL animals. They are sentient beings that feel PAIN, FEAR, LONELY, AFFECTION, and KINDNESS in themselves.....and recognize those traits in humans. We must do all we can to help innocent creatures from the cruelty of people!

In Vietnam, over 5 million dogs and 1 million cats are trafficked annually for consumption, often sourced from unregulated and unknown origins, raising concerns about animal welfare and public health. Pet theft for slaughter is common, and much of the meat sold is unfit for consumption. This needs to be ended as soon as possible. Thank you for doing this! Again, please vote YES for this motion.

Revere the food and the animal who sacrificed his life for you, so you could eat. If animals could talk people might realize how similar we really are. I hope the world will open their hearts and minds to the possibility of a better way to do things.

This is a wonderful idea & groundbreaking step toward ending the suffering of millions of dogs & cats. To Americans, the torturing & killing of dogs & cats for food is abhorrent. Not only do the animals endure terrible suffering but this industry possesses serious health risks to humans. Most Vietnamese support a ban. Dogs & cats were not put on earth to eat as food! They are absolutely the best companions & the best family members ever & should be treated as royalty! Stop eating them & go Vegan! Eat plants, vegetables & fruit only! Get your protein from beans or peanut butter or eggs. There are many different types of food that have protein! Anyone killing dogs & cats for meat should be thrown in jail, never to be free ever again & they should be tortured daily as punishment! They are worthless ppl!

**Comments for Public Posting:** Please help forever end dog and cat meat trade. It is ultimately very cruel, inhumane, and altogether irresponsible. Dogs and cats are our domestic pets and should only be bred for human companionship. These loving intelligent pets should not be made of meals for those festivities. I would certainly like to see laws and regulations in other countries banning this dog and cat meat trade forever. United States policies against dog and cat meat trade. I am absolutely taking a stand for our beloved pets today because i have zero tolerance for this inhumane and shameful act of cruelty to dogs and cats.

**Comments for Public Posting:** Please take urgent action to bring an end to the cat and dog meat trade in your city. Dogs have been domesticated for thousands of years and look to humans for care. Dogs and cats provide companionship to humans and so much more. Dogs are being trained to assist disabled people with all manner of specialized services. The police benefit from service dogs. Dogs and cats protect their humans from danger every day. The trade of using these animals for food is unsanitary and dangerous as diseases spring from the filthy conditions where the terrified animals are caged. Please train the people who are selling dogs and cats to work in other trades that are beneficial to your city. Thank you.

**Comments for Public Posting:** Hello... Animals are an integral part of our environment, and treating them with the care and dignity they deserve is the only way out for human sustenance. Please, please let us take care of our animals who give us so much unconditional love and joy and who resemble little children whom we would never treat this way. I am really imploring you all to choose food that comes from a source of love and nurturing and not torture and abuse. This will enable better health for humans as well, and there is enough research to show the importance of eating healthy and plant-forward.

**Comments for Public Posting:** Every animal on the face of this earth is entitled to a good life free from harm, pain, and suffering. Animals are not placed on this earth for use by human beings. Mistreatment of a dog or cat is one of the cruelest acts a human being can do. Anyone who mistreats any animal is heartless and cruel scum and should be prosecuted to the fullest extent of the law.
