Comments for Public Posting: Yes, absolutely go ahead with helping and the dog meat industry in your sister city. The science is showing that we collectively, worldwide need to stop farming and eating animals. Ending the consumption of dogs and cats is the lowest hanging fruit and for a sustainable future, we need to largely phase out livestock.

Comments for Public Posting: Dogs & cats suffer horrifically as part of the dog/cat meat trade in Vietnam. LA can help to end the suffering by passing City Council File 25-0193. Please vote "yes" on this motion to establish a sister city relationship with Hanoi. Any measure passed to help relieve animal suffering is another step for animal welfare of beloved dogs & cats. Most Americans find the eating of companion animals absolutely appalling, which it is. Thank you.
