Comments for Public Posting: Good morning Councilmembers, Regarding the proposal to amend the Administrative Code so the City Employees Ridesharing Trust Fund can pay for staff positions, I respectfully request two things: First, please clarify whether this change could impact fees for employees who participate in the ridesharing or parking programs. Second, before any ordinance is adopted, I ask that the City Administrative Officer complete a financial analysis. This will allow employees who use these programs to prepare in advance if increased fees are a possibility. Thank you for considering transparency and giving employees the information they need to plan accordingly.
