Comments for Public Posting: Although Council has approved Council File 25-0600-S37, I'm urging you to move for reconsideration under Rule 51. The ordinance releases funds from the Stores Revolving Fund without financial analysis or clarity on impacts, creating transparency and operational risks. Instead of using this fund, I ask that the CAO and Controller identify other sources, such as recovering the \$40 million pension overpayment recently found by the City Controller. This would avoid disrupting department operations and ensure proper oversight. Please support reconsideration and require a clear, transparent funding plan before moving forward. Thank you for your attention to fiscal responsibility.
