Council File No: 25-0600-S39

Comments for Public Posting: I strongly urge the City Council to reject the proposed ordinance to increase the base rate for all parking meters. Angelenos are already burdened by the high cost of living, and this across-the-board increase will disproportionately impact working residents, small businesses, and service workers who rely on street parking daily. Raising parking fees without addressing alternative transportation or expanding affordable options only adds to the financial pressure on our communities. Please prioritize equity and accessibility—vote NO on this ordinance.
