Comments for Public Posting: Please save Hollyhock House!! It is so important to our History in Los Angeles. We must save all the buildings and residences that were designed by our famous architects and for the history of our city. In the early days many homes on Bunkrr Hill & Wilshire Blvd. were demolished to make way for cold office and commercial buildings as well as for Angels Flight. Yhe planning commission allowed The Ambassador Hotrl and the world Famous Coconut Grove to be demolished in spite of widespread support. Many famous buildings have already gone. Please help us retain our history. Olivia & Anthony Neece
