A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

The Board approved this CIS by a vote of: Yea(10) Nay(0) Abstain(0) Ineligible(0) Recusal(0)

Date of NC Board Action: 05/19/2025

Type of NC Board Action: Against

Impact Information

Date: 05/20/2025

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 25-0600

City Planning Number:

Agenda Date: 05/22/2025

Item Number:

Summary: The 2025-2026 Budget is cutting so many things that help Los Angeles and one of those critical aids to the city is Neighborhood Councils (NCs). We ask and demand that this be stopped because we are the voice in between the stakeholder and the city itself. By cutting the budget to NCs you make our ability to help the community or work with them harder and almost none existence. In a time where information and being connected is so important you decide to cut these sources of aid? We need a functioning democracy that works from the ground up not a broken dysfunctional mess that will be created by this budget. Instead of cutting critical aids to the people on the ground why not cut sources that

may have too much funding(unnecessarily) and is over bloated? This should not pass and this should be re-written to protect what we need and not to cut what is needed. -President Martinez of the EHNC

Re: Fiscal Year 2025-2026 Mayor's Proposed Budget ([Council File 25-0600](#))

To whom it may concern:

Mayor Karen Bass,
City Council Member District 13, Hugo Soto-Martinez,
and other City Council members:

The East Hollywood Neighborhood Council understands the criticality of the City's nearly \$1 billion budget shortfall as announced at Mayor Bass's State of the City address.

It is tempting to look at the Neighborhood Councils who do not spend their money and conclude the Neighborhood Councils are over-funded. For the Neighborhood Councils who do spend their money, the \$32,000 budget is already tight. Neighborhood Councils have to pay for

meeting spaces, storage units, and office space. Not all Neighborhood Councils pay for each of these, but many do. A budget cut would be devastating to Neighborhood Councils who have little more than the funds to cover their basic expenses.

For Neighborhood Councils who do not spend their money, these funds are not lost. They revert to the General Fund.

As a reminder, the original Neighborhood Council budget was \$50,000. Over time, the NC budget has been reduced and inflation has increased costs. When the Covid-19 lockdown took effect, Neighborhood Council budgets were reduced to \$32,000. When the City recovered its footing and the department cuts were reversed, the Neighborhood Council budget was not restored.

The Neighborhood Councils provide a service to the City. We engage stakeholders in a way the City Council cannot because we are part of our communities. Many of us work with our Council Offices, each helping the other to achieve the goals. It would be a shame to cripple this exercise in local democracy that is now hanging on by a thread.

East Hollywood Neighborhood Council President

Christopher Martinez
