Construction Inspection

This program administers contracts and permits for construction of public works projects such as streets, bridges, sewers, storm drains, street lights, traffic signals, wastewater treatment facilities, and public buildings through inspection at sites and in plants engaged in manufacturing related construction materials. The activities include approving and processing payment for work acceptably completed; recommending acceptance of completed public improvement projects; approving subcontractors; and maintaining the legal record of construction. The program also provides inspection for recreation and parks projects and airport, port, utilities, and wastewater treatment facilities, and the installation of erosion control devices whenever grading operations create a hazard to dedicated and future streets within the City. It also provides inspection for private development work encroaching in the public right-of-way.

Watershed Protection

This program is responsible for managing flood control protection and stormwater pollution abatement programs for the City through the development and implementation of projects to comply with public health and stormwater regulatory requirements. This program ensures compliance with the Federal Clean Water Act through a National Pollutant Discharge Elimination System (NPDES) Municipal Stormwater Permit. The NPDES Permit regulates the treatment and abatement of stormwater discharges from large municipal storm drain systems and enforces Total Maximum Daily Loads (TMDL) requirements, which limit the maximum amount of a pollutant that a water body can receive and still meet water quality standards. The program also funds projects with a focus on increasing the City's water supply by capturing, cleaning, and storing stormwater while providing community enhancement such as the rehabilitation of public parks and streets.

Clean Water

This program is responsible for managing the City's sewer system and water reclamation facilities by operating and maintaining wastewater collection and treatment systems. Across the City, the program maintains more than 6,700 miles of sewer lines, 44 pumping plants, and four water reclamation plants (WRPs), with combined design capacity to treat 580 million gallons per day of wastewater. The WRPs also produce highly treated recycled water for irrigation and other beneficial uses. The program is also involved in permitting, regulating, and monitoring sewer wastewater discharges of over 17,000 industrial users to ensure federal and City compliance.

Solid Resources

This program includes the collection, recycling, and disposal of solid waste, organic waste, and other solid resources materials for single-family residences and small apartment complexes Citywide, and manages contracted recycling, solids, and organic waste collection programs for apartments and commercial and industrial businesses. The program also provides bulky item pick-ups, ensures proper recycling and disposal of household hazardous waste via Solvent, Automotives, Flammables, and Electronics (SAFE) Centers, and conducts the necessary planning and development of long-term alternatives to landfill disposal and for clean fuel programs related to solid waste. The program is responsible for leading Citywide waste reduction and diversion efforts and compliance with state solid waste reduction requirements. The program also operates the Central Los Angeles Recycling and Transfer Station and performs closure activities and post-closure maintenance for inactive landfills.

TOTAL CHANGES APPLICABLE TO VARIOUS PROGRAMS	(29,240,177)	(13)	

Design and Construction

This program designs and constructs new lighting systems, rehabilitates and replaces deteriorated lighting systems, and supports other departments and agencies with their street lighting designs. These street lighting improvements are all designed according to nationally accepted standards which increase the safety for all the residents in the City. This program promotes regional public spaces that enhance economic development, streetscapes, and walkability. Lit areas create a safe and inviting atmosphere for shoppers, diners, cyclists, and transit users, which can have a positive economic impact on a community.

Maintaining Streets

This program keeps the roadway surface, concrete curbs, and associated structures in a good condition by performing minor repairs to roadways, concrete curbs, gutters, alleys, storm drains, and unimproved roadways. It also provides inspection and enforcement of private property weed abatement regulations for unimproved parcels of land outside the "Very High Fire Severity Zone" to minimize fire, health, and safety hazards.

Transportation Planning and Land Use

This program advances the goals and objectives of the Mobility Plan 2035. This program develops short and long-range transportation plans that become part of the City's Community and Specific plans. Community and Specific plans are then used as a blueprint to implement transportation projects and programs that are consistent with City policy. This program tracks and seeks grant funding to advance the identified mobility projects and programs. This program also reviews transportation studies for both City Departments and private developers who seek permit approval from the Department of Transportation relative to the identification of transportation impacts and solutions required for CEQA mitigation and clearance. The following services are provided: 1. Collection and administration of developer trip fees in specific plan areas to implement transportation improvements; 2. Development of short-range and long-range transportation plans to implement transportation projects citywide; 3. Case processing of traffic studies as part of a CEQA clearance purpose to identify project-related transportation impacts and recommend appropriate mitigation solutions for proposed development projects; 4. Issuance of permit sign-offs including, driveway permits, building permits, and condition clearances for proposed developments.

CITY EMPLOYEES' RETIREMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the City Employees' Retirement Fund relates to current year funding as follows:

<u>2024-25</u>			<u>2025-26¹</u>
Adopted Budget	Estimated Expenditures		Proposed Budget
\$ 148,262,949	\$ 143,113,000	Special Fund (Harbor, Airports, LACERS, and LAFPP)	\$ 150,558,319
706,034,219	706,025,000	Tax and Revenue Anticipation Notes	680,707,930
<u>\$ 854,297,168</u>	<u>\$ 849,138,000</u>	Total	<u>\$ 831,266,249</u>

¹⁾ The total budgeted contribution may differ from the LACERS Budget due to LACERS accounting of the true-up (a credit adjustment of \$36,516,489). Although the credit amount reflects a true-up of 2024-25 contributions, the amount will be applied to the 2025-26 contribution and reflected as such in the Annual Comprehensive Financial Report.

The City bases its contribution to the Los Angeles City Employees' Retirement System (LACERS) on rates that an actuary prepares and that the LACERS Board adopts. It includes the required payments for the family death benefit, excess benefit, and limited term retirement plans. The budget also reflects the true-up adjustment for the prior fiscal year resulting from the reconciliation of budgeted covered payroll with actual covered payroll and an adjustment from the enhanced benefit for Airport Peace Officers who remained with LACERS. The contribution will be funded through the issuance of tax and revenue anticipation notes.

By funding the required contribution through the issuance of notes, the City will be able to make the entire contribution in July 2025 rather than spreading the payments throughout the year. As a result, the pension fund expects to gain additional investment earnings on the payment, which discounts the City contribution by approximately 3.14 percent. This discount reduces the required 2025-26 City General Fund contribution to the retirement fund by approximately \$21.97 million. The appropriation for the payment of the principal and borrowing costs on the tax and revenue anticipation notes is in the 2025 Tax and Revenue Anticipation Notes, Debt Service Fund. The Harbor Department, Department of Airports, LACERS, and Los Angeles Fire and Police Pensions (LAFPP) will directly fund their share of the contribution in July 2025.

The General Fund contribution for 2025-26 represents a net decrease of \$25.33 million from 2024-25. This decrease is primarily due to a reduction in City budgeted payroll, a decrease in the combined contribution rates, and a one-time true-up credit. Specifically, the 2025-26 Budget is inclusive of a one-time \$17.2 million credit to the General Fund from the 2024-25 true-up adjustment. Expressed as a percentage of the City's budgeted payroll, the Tier 1 contribution rate decreased from 34.34 percent in 2024-25 to 32.65 percent in 2025-26. The contribution rate for the Tier 3 benefit plan (i.e., City employees who became members of LACERS on or after February 21, 2016) decreased from 31.06 percent to 29.37 percent. These rates include the enhanced benefit cost for Airport Peace Officers who remained in LACERS, which is borne exclusively by the Department of Airports. The final contribution obligation for all other agencies are adjusted accordingly to apply the full cost to the Department of Airports. The decrease in the combined contribution rates is primarily a result of a loss layer being fully amortized, lower health premiums and subsidies, and the enrollment of new employees in Tier 3. This decrease was partially offset by higher than expected salary increases for active members, higher than expected cost-of-living adjustment increases for retirees, and a lower than expected rate of return.

The system's overall funded ratio, using the actuarial value of assets, increased from 77.1 percent to 77.5 percent as of June 30, 2024, and is broken down as follows: retirement (73.4 percent) and health (108.0 percent).

LACERS conducts a true-up based on actual covered payroll for all benefit tiers. The amount is reflected as an adjustment to the annual required City contribution for the following fiscal year. The true-up adjustment is broken down as follows: City General Fund (-\$17,201,813), Airports (-\$15,261,051), Harbor (-\$3,415,051), LACERS (-\$180,600), and LAFPP (-\$457,974).

FIRE AND POLICE PENSION FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Fire and Police Pension Fund relates to current year funding as follows:

<u>2024-25</u>			<u>2025-26</u>
Adopted Budget	Estimated Expenditures		Proposed Budget
\$ 660,048,140	\$ 660,048,000	Tax and Revenue Anticipation Notes	\$ 638,562,195
<u>\$ 660,048,140</u>	<u>\$ 660,048,000</u>	Total	<u>\$ 638,562,195</u>

The City bases its contribution to the Los Angeles Fire and Police Pension (LAFPP) Fund on rates that an actuary prepares and that the LAFPP Board adopts. The total contribution also includes the Excess Benefit Plan payment, which is transferred to the Controller. In accordance with the approval of Measure FF, the 2025-26 contribution also includes a payment to refund members who previously elected to transfer from LACERS to LAFPP. The City pays for the contribution and Excess Benefit Plan through the issuance of tax and revenue anticipation notes.

By funding the required General Fund contribution through the issuance of tax and revenue anticipation notes, the City will be able to make the entire contribution in July 2025, rather than spreading the payments throughout the year. As a result, the LAFPP expects to gain additional investment earnings on the payment, which discounts the City contribution by approximately 3.13 percent. The discount reduces the required 2025-26 City General Fund contribution to the LAFPP Fund by approximately \$19.95 million. The appropriation for the payment of the principal and borrowing costs on the tax and revenue anticipation notes is in the 2025 Tax and Revenue Anticipation Notes Debt Service Fund. The Harbor Department and the Department of Airports transmit their contribution payments directly to the LAFPP Fund.

The General Fund contribution for 2025-26 will decrease by \$21.49 million from 2024-25. This decrease is primarily due to a decrease in the contribution rate, which is partially offset by a larger budgeted payroll. Expressed as a percentage of the City's budgeted payroll, the 2025-26 combined City contribution rate is 35.80 percent compared to 38.72 percent in 2024-25. The decrease in the contribution rate is a result of loss layers from the June 2009 valuation being fully amortized, a higher than expected rate of return, and lower health premiums and subsidies. This decrease was partially offset by higher than expected salary increases for active members, higher than expected cost of living adjustment increases for retirees and beneficiaries, and a reduction in member contributions resulting from temporarily non-pensionable salaries included in current sworn labor agreements.

The LAFPP System's overall funded ratio, using actuarial value of assets, increased from 96.8 percent to 97.0 percent as of June 30, 2024 and is broken down as follows: retirement (99.8 percent) and health (78.2 percent).

ACCESSIBLE HOUSING PROGRAM

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Accessible Housing Program relates to the current year funding as follows:

	Accessible Housing Fund ¹	Special Funds ²	Other Funds ³	Total
2024-25 Adopted Budget	\$ 38,690,531	\$ 26,012,647	\$ 75,367,678	\$ 140,070,855
2025-26 Proposed Budget	\$ 39,381,305	\$ 21,869,759	\$ 51,183,666	\$ 112,434,730
Change from 2024-25 Budget	\$ 690,774	\$ (4,142,888)	\$ (24,184,012)	\$ (27,636,125)
% Change	1.8%	(15.9%)	(32.1%)	(19.7%)
<p>1. The source of funding for the Accessible Housing Fund is the General Fund. Funding in 2024-25 came from a General Fund appropriation of \$10,839,434, a carry-over of prior year appropriations of \$23,845,097, and other receipts of \$4,006,000. Funding in 2025-26 comes from a General Fund appropriation of \$15,794,677, a carry-over of prior year appropriations of \$1,212,076, and other receipts of \$22,374,552.</p> <p>2. Special Funds include other Los Angeles Housing Department (LAHD) funding sources and Proposition HHH bond proceeds used to subsidize the construction of accessible units.</p> <p>3. Other funds consist of funding for the construction of accessible units from other funding sources, including tax credits, federal, state, and County funds.</p>				

In 2016, the City Council and Mayor approved a settlement relative to the class action lawsuit, *Independent Living Center of Southern California v. the City of Los Angeles, et al* (Settlement Agreement) (C.F. 16-1389). The terms of the Settlement Agreement require the City to:

- Invest \$200 million over 10 years (an average value of \$20 million per year) and hire staff, architects, contractors, consultants, and experts in accessibility standards to implement the program; and,
- Produce 4,000 units of accessible rental housing (target number of accessible units) within 10 years by retrofitting existing housing developments and financing new units.

In 2019, the City entered into a Voluntary Compliance Agreement (VCA) with the U.S. Department of Housing and Urban Development (HUD) (C.F. 12-0291). The terms of the VCA require the City to:

- Produce 4,031 units of accessible rental housing (target number of accessible units) within 10 years by retrofitting 3,100 existing housing developments and financing new units.

Funding in 2025-26 for the Accessible Housing Program is provided by the Accessible Housing Fund, special funds (Proposition HHH bond proceeds), and funding for the construction of accessible units from Low Income Housing Tax Credits, HOME Investment Partnerships Program funding, state, County, and other funds.

The 2025-26 Proposed Budget includes the following:

- \$39.3 million in the Accessible Housing Fund, including \$10.9 million for the Housing Department and the City Attorney's Office to implement the requirements of the Settlement Agreement and VCA and \$12.0 million to pay for contracts associated with accessibility retrofits and relocation assistance to tenants of occupied units;
- \$5.2 million for the construction of accessible units under the Proposition HHH program, which is funded by Proposition HHH Bond Proceeds; and,
- \$16.6 million from other LAHD funding sources for the construction of accessible units.

Accessible Housing Program

Funding in 2025-26 will produce up to 389 accessible units toward the City's 10-year goal of 4,000 units.

The 2025-26 Proposed Budget includes administrative resources to support the program, resources for the construction of new and rehabilitation of existing accessible units, and other resources needed to meet the requirements of the Settlement Agreement. Resources are allocated as follows:

ATTORNEY CONFLICTS PANEL

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Attorney Conflicts Panel (ACP) relates to the current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 4,500,000	
2025-26 Proposed Budget	\$ 4,650,000	
Change from 2024-25 Budget	\$ 150,000	3.3%

The ACP program includes funding for contracts with outside law firms to represent the City in conflict-of-interest matters that preclude the City Attorney's Office from providing representation. The 2025-26 Proposed Budget appropriation to the ACP is \$4.65 million.

The Proposed Budget is based on estimated expenditures from legal services and representation to the City and related defendants on conflict matters that: 1) were referred to the ACP in prior years but remain open and active; and 2) are anticipated referrals to the ACP for 2025-26. Historical case data (Table 1) and expenditures (Table 2) as of March 31, 2025 were used to determine funding needs for 2025-26.

*Note: Tables 1 and 2 reflect 2024-25 year-to-date case referral activity and expenditures as of March 31, 2025.

From 2012-13 through 2018-19, the ACP experienced a sharp increase in conflict assignments involving complex and high exposure issues. In 2022-23, ACP received 38 case referrals, comparable to the historical high of 44 case referrals that were received in 2021-22. Through the first three quarters of 2024-25, the ACP has received nearly the same number of case referrals as all of 2023-24. At this rate, the ACP is on pace to receive 39 case referrals, which would make 2024-25 one of the years with the highest volume of referred cases over the past decade.

During the first three quarters of 2024-25, ACP expenditures totaled \$3.54 million. Expenditures will need to be monitored closely as inflationary pressures could increase costs and potentially decrease budgeted funds at a much higher rate than would otherwise be the case. Given the number of anticipated case referrals, combined with current expenditures through the third quarter, ACP is projected to expend more than \$4.50 million in 2024-25. Police tort litigation remains the highest number of case referrals and most costly type of litigation.

BUSINESS IMPROVEMENT DISTRICT TRUST FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Business Improvement District Trust Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 2,184,863	
2025-26 Proposed Budget	\$ 3,739,259	
Change from 2024-25 Budget	\$ 1,554,396	71.1%

The Business Improvement District Trust Fund was established by Mayor and Council (C.F. 96-0482) to provide seed money for the formation of Business Improvement Districts (BIDs) and to pay assessments and general benefit obligations on City-owned properties within the boundaries of active BIDs. The seed money is used to retain consultants who work on behalf of new or renewing BIDs to conduct feasibility studies and perform other activities related to BID formation. The City's BID policy allows up to \$75,000 to be made available in the form of a grant for feasibility studies. There are currently 39 established BIDs, four BIDs in various stages of formation, and four in the renewal process.

The proposed General Fund appropriation of \$3,739,259 will fund the following items: 1) mandatory assessments on City-owned property located within BIDs (\$2,429,880); 2) general benefit obligations (\$1,122,639); 3) funding for BID trashcan liners from the Office of Community Beautification (\$150,000); and 4) assessments due from Community Redevelopment Agency of the City of Los Angeles owned properties (\$36,740).

CAPITAL FINANCE ADMINISTRATION FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Capital Finance Administration (CFA) Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 212,259,270	
2025-26 Proposed Budget	\$ 200,879,816	
Change from 2024-25 Budget	\$ (11,379,454)	(5.4%)

The CFA Fund is a special purpose fund established to consolidate long-term City debt financing program expenditures, excluding general obligation bonds and revenue bonds. These financing programs mostly use a lease or "lease purchase" paid from General Fund appropriations and the sale of public securities (either lease revenue bonds or notes) to acquire and improve various facilities and capital equipment items for use by City departments.

The City Administrative Officer administers the CFA Fund. Budgeted within the CFA Fund are the lease payments required by each financing's lease and trust indenture, as well as any trustee fees or other administrative expenses required under the terms of the financing. All unencumbered balances remaining at the end of the fiscal year revert to the Reserve Fund. All items within this budget are a requirement of the respective leases and trust indentures. The financings were primarily issued through the Municipal Improvement Corporation of Los Angeles (MICLA).

BUDGET HIGHLIGHTS:

The Proposed Budget reflects the following line items:

1. The final lease payment on the Police and Fire Radios 2017 Lease Purchase was paid in 2024-25 (line item no. 22).
2. A new lease payment on the Cardiac Monitors Lease Purchase (line item no. 23).

Lease Payments for Outstanding and Proposed Lease Revenue Obligations Detail**1. MICLA Lease Revenue Bonds, Series 2010-C (Recovery Zone Economic Development Bonds)**

The proceeds of this issuance were used to refinance the MICLA Commercial Paper notes borrowed for the capital improvements to various City facilities, including El Pueblo, Figueroa Plaza buildings, and Asphalt Plant No. 1. MICLA has designated these taxable bonds as Recovery Zone Economic Development Bonds, which allow the City to receive from the federal government direct credit subsidy payments equal to 45 percent of the interest payable to bondholders. Pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, refund payments to certain state and local government filers claiming refundable credits under section 6431 of the Internal Revenue Code to certain qualified bonds are subject to sequestration. The sequestration rate for federal fiscal years 2021-2030 is 5.7 percent. This means the direct credit subsidy payments for these bonds will be reduced by that amount.

CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

BASIS FOR THE PROPOSED BUDGET

SUMMARY

The 2025-26 Proposed Budget for the Capital and Technology Improvement Expenditure Program (CTIEP) relates to current year funding as follows:

	General Fund	Special Funds	Total	Other Funds**
2024-25 Adopted Budget	\$ 41,174,137	\$ 335,332,804	\$ 376,506,941	\$ 170,461,179
2025-26 Proposed Budget	\$ 38,580,517	\$ 863,670,103	\$ 902,250,620	\$ 146,250,825
Change from 2024-25 Budget	\$ (2,593,620)	\$ 528,337,299	\$ 525,743,679	\$ (24,210,354)
% Change	(6.3%)	157.6%	139.6%	(14.2%)
* Other funds consist of General Obligation (GO) Bonds, Municipal Improvement Corporation of Los Angeles (MICLA) financing, and Transportation Grant Fund. The amounts from these funds are provided for informational purposes only.				

The CTIEP provides for the use of special funds for eligible capital and technology infrastructure improvements and General Fund financing of necessary capital improvements for which special fund financing is unavailable or ineligible.

The City's Financial Policies state that the City shall, to the extent feasible, invest an annual minimum of 1.5 percent of General Fund revenue to fund capital infrastructure improvements. For 2025-26, General Fund revenues are projected to be \$8.06 billion, resulting in a target of \$120.92 million, representing 1.5 percent of the revenue.

The 2025-26 Proposed CTIEP General Fund financing totals \$38.58 million. Additionally, \$12.57 million is allocated for sidewalk repairs, \$23.70 million for the Pavement Preservation Program, and \$1.08 million for other infrastructure expenditures, all from the General Fund. Therefore, the Adopted Budget allocates a total of \$75.94 million or 0.94 percent in General Fund for capital and technology infrastructure improvements.

The 2025-26 Proposed CTIEP Budget is separated into four major program categories, as summarized below:

Clean Water

This category includes the Clean Water projects funded from the Sewer Construction and Maintenance Fund. Clean Water has been developed as a separate program to reflect the conversion to an enterprise operation to support revenue bonds.

Municipal Facilities

This category includes the construction or improvement of City-owned structures and facilities such as parks, libraries, fire and police stations, yards, and shops. Funds for these projects are provided from the General Fund and various special funds. Other funds identified in the summary above include lease financing through the MICLA.

Physical Plant

This category includes a variety of watershed management, street, and street lighting projects. These projects are primarily funded by the General Fund, Measure W Local Return Fund, Measure M Local Return Fund, Measure R Local Return Fund, Road Maintenance and Rehabilitation Program Special (SB1) Fund, Local Transportation Fund and MICLA. All of these funds will provide for the following types of projects: bicycle and pedestrian facilities, flood control and pollution abatement, storm damage repair, street widening and reconstruction, street lighting, traffic control, and water quality improvement. Other funds identified in the summary above include projects funded by the Proposition O General Obligation Bond which are handled outside the budget.

Technology

This category includes projects that represent a significant investment in technology infrastructure, including major technology systems. These projects are budgeted within the individual department that administers the project.

CTIEP Prioritization Criteria and Additional Indicators

In accordance with the City's Capital and Technology Improvement Policy (C.F. 19-1353) adopted in May 2020, the projects funded in the CTIEP were selected based on prioritization criteria outlined below:

- Category 1 Risk to Health and Safety: Projects that eliminate or mitigate health and safety hazards to City employees or the public (landfills, asbestos removal, and toxic waste).
- Category 2 Compliance with Legal, Regulatory, or other policy Mandated Requirements: Projects that are federal, state, or otherwise legally mandated, including Proposition K specified projects.
- Category 3 Climate Resilience and Sustainability (Refer to Note 1 below): Projects that protect public health and the environment through improved climate resiliency and reducing greenhouse gas emissions.
- Category 4 Impact to City Operations, Asset Condition, Annual Recurring Costs and Asset Longevity: Projects that impact City operation, asset conditions, and/or minimize maintenance needs by improving infrastructure and/or reducing future costs.
- Category 5 Equitable Community Investment and Economic Sustainability (Refer to Note 2 below): Projects that contribute toward economic development and/or promote social equity to benefit underserved communities, including those with low-income households, low community engagement, and low mobility or access to transportation systems.

Note 1: In an effort to identify capital investments that work towards achieving the City's climate change mitigation, resilience, and sustainability goals, projects proposed for funding in the 2025-26 Proposed Budget are labeled as Climate Investments if they support climate goals as outlined in the LA's Green New Deal (2019) and climate goals set by the Council in February 2023 and are in alignment with the Green Bond Principles established by the International Capital Market Association.

Note 2: Each project is assigned an equity evaluation score between 0 and 10 (10 being the highest). Each project was evaluated on its impact to the community based on the submission's social impact statement. For single site projects, the location of each Capital Project was evaluated using the Measure of Access, Disparity, and Equity (MADE) index. Since the MADE index is based on a specific geographic location, a score is not assignable to projects with a regional or Citywide impact. Instead, these projects are evaluated on their overall benefit to communities in need and/or their strategy to address any known disparities. Projects that have a low equity score despite its physical location may not address community needs or may even impose negative consequences that are not intended.

Note 3: Each project that is along a specified Mobility Plan Network street is labeled accordingly with the Mobility Plan network(s) associated with the project location. These networks include: The Transit Enhanced Network (TEN), Neighborhood Enhanced Network (NEN), the Bicycle Enhanced Network (BEN), the Bicycle Lane Network (BLN), the Vehicle Enhanced Network (VEN), the Pedestrian Enhanced Districts (PED), and the Goods Movement Network (GMN).

- [4] The City Administrative Officer may approve transfers within the same fund of \$25,000 or 25 percent of project amounts (whichever is greater), not to exceed \$1,000,000, to or between eligible capital improvement projects or accounts approved by the Mayor and Council.
- [5] Subject to receipt of actual funds from the Los Angeles Metropolitan Transportation Authority, County, and/or the state of California.
- [6] The City Administrative Officer may approve transfers of any amount from the Contingencies Account to any project listed or any project previously approved by the Mayor and Council.

CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

BASIS FOR THE PROPOSED BUDGET

CLEAN WATER

The 2025-26 Proposed Budget for the Clean Water Capital and Technology Improvement Expenditure Program (CTIEP) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 226,871,000	
2025-26 Proposed Budget	\$ 709,444,000	
Change from 2024-25 Budget	\$ 482,573,000	212.7%

The Clean Water CTIEP is administered by the Department of Public Works, Bureau of Sanitation and consists of wastewater facility improvement projects at the City's four wastewater treatment plants and 49 pumping plants, as well as more than 6,700 miles of mainline sewers. The projects in the Clean Water CTIEP are divided into seven categories: Conveyance Systems, Donald C. Tillman Water Reclamation Plant, Hyperion Water Reclamation Plant, Los Angeles-Glendale Water Reclamation Plant, Pumping Plants, Terminal Island Water Reclamation Plant, and System-wide improvements.

The Clean Water CTIEP is funded entirely from Clean Water System revenues, including the Sewer Service Charge (SSC).

The current Clean Water CTIEP is focused on a ten-year plan that includes specific requirements for the wastewater collection system with the objective of reducing sewer spill risk and the associated overflow to protect public health. The program also increases investments in improving and maintaining the City's four water reclamation plants and in emerging water treatment technologies to provide more water for beneficial reuse and to reduce the City's dependence on imported water.

BUDGET HIGHLIGHTS:

- \$137.8 million for the construction and rehabilitation of various sewer conveyance system projects;
- \$345.7 million for Advanced Water Purification Facility (AWPF) system investments and improvements at the Donald C. Tillman, Hyperion, and Terminal Island Water Reclamation Plants; and,
- \$16.4 million for capital equipment replacement at the water reclamation plants and laboratory facilities.

	2024-25 Adopted Budget	2025-26 Proposed Budget
WASTEWATER COLLECTION, TREATMENT, AND DISPOSAL		
Conveyance System	\$ 92,640,000	\$ 137,777,000
A significant portion of the Capital Program for this category reflects sewer spill mitigation and prevention requirements. Funds are provided for other sewer rehabilitations, miscellaneous replacement projects, and emergency sewer repairs.		
Donald C. Tillman Water Reclamation Plant	19,303,000	382,192,000
Planned expenditures include installation of an emergency backup power system, AWWP investments, primary treatment system upgrades, and other facility rehabilitation and equipment replacement.		
Hyperion Water Reclamation Plant	44,365,000	59,361,000
Planned expenditures include bioenergy facility modifications, odor control investments, headworks upgrades and improvements, and investments in capital equipment replacement.		
Los Angeles - Glendale Water Reclamation Plant	12,055,000	25,754,000
Planned expenditures include preliminary treatment facility and site improvements, headworks improvements, and standard equipment replacement.		
Pumping Plants	9,128,000	11,184,000
Planned expenditures include water system control integration and rehabilitation of specific pumping plants.		
System-wide Improvements	36,893,000	61,302,000
Planned expenditures include miscellaneous system-wide activities such as facilities planning and design, equipment replacement, construction services, and equipment upgrade or replacement.		
Terminal Island Water Reclamation Plant	12,487,000	31,874,000
Planned expenditures include odor control system investments, primary treatment tank improvements, digester system replacements, and capital equipment replacement.		
TOTAL CLEAN WATER CAPITAL IMPROVEMENT EXPENDITURE PROGRAM	\$ 226,871,000	\$ 709,444,000

Percent Change	7.3%	(12.9%)	4.5%	(7.1%)	(5.4%)
* Special Funds consist of the Park and Recreational Sites and Facilities Fund.					
** Other Fund consists of the Municipal Improvement Corporation of Los Angeles (MICLA) financing for various projects (informational only).					

The total 2025-26 program budget for the Municipal Facilities CTIEP is approximately \$144.8 million. The program budget consists of \$20.8 million in General Fund appropriations, \$2.7 million in special fund appropriations, and \$121.3 million in Municipal Improvement Corporation of Los Angeles (MICLA) financing.

Continuing levels of investments for Municipal Facilities as part of annual capital programs include:

- Health and Safety Programs: Critical infrastructure repairs and improvements to address maintenance, health, and safety issues at various City facilities. Repairs include roof repair, lead-paint removal, asbestos removal, fire/life-safety system upgrades, elevator modernization, underground fuel storage tank maintenance, and upgrades of various other building systems. Funding is provided for the most critical infrastructure repairs.
- Public Safety Capital Programs: Funding to maintain systems critical to support the operation of emergency services facilities operated by the Fire Department, Los Angeles Police Department, and the Animal Services Department.
- Environmental Remediation: Capital repair and removal for the Underground Fuel Storage Tank Program, along with funding for the remediation of contaminated soil and other hazard mitigations for City-owned facilities.
- Administrative Offices and Recreational and Cultural Centers: Capital improvement and repair programs for the Figueroa Plaza Buildings, Public Works Building, Van Nuys Civic Center, Mayfair Hotel, El Pueblo, Los Angeles Zoo, and various recreational and cultural facilities operated by the Departments of Recreation and Parks and the Department of Cultural Affairs.

2025-26 BUDGET HIGHLIGHTS

- Equity Investments: Funding to support implementation of social equity objectives within disadvantaged communities of low opportunity for projects that include: Balboa Aquatic Center Phase I, Contaminated Soil Removal and Mitigation, El Pueblo Master Plan, Northridge Metrolink Station Electric Bus Chargers, and Reseda Skate Facility.
- Green Investment and Greenhouse Gas Emissions Reduction: Funding to support climate goals within Citywide and regional programs including Electric Vehicle Charger Infrastructure, Fire and Police Electric Vehicle Charging Infrastructure, Police Build Out of E-Bike Infrastructure, Manchester Junior Arts Center, and Washington Yard Electrification and Microgrid Project.

- Public Safety Facilities Projects: Fire Installation of New Elevator, North Mariana Parking Improvements, Police Davis Firing Range Air Circulation, and Police Replacement of Jail Control System.
- Space Optimization: Increased funding to develop required work space to support City operations, using City-owned space to avoid incurring ongoing cost of leased space.

City municipal facilities projects financed by the General Fund are subject to a One-Percent Assessment for the Arts (Los Angeles Administrative Code Section 19.85). The assessment is due on the total cost of construction, improvement, or remodeling work for each capital improvement project. The 2025-26 CTIEP contains \$299,895 from the General Fund to comply with this mandate.

The following table details the proposed amount by funding source for the 2025-26 Municipal Facilities CTIEP.

2025-26 Proposed Amount by Funding Source

Fund	2025-26 Amount
General Fund	\$ 20,849,616
Park and Recreational Sites and Facilities Fund	2,700,000
Sub-Total Budget	<u>\$ 23,549,616</u>
MICLA Financing	\$ 121,250,825
Sub-Total Other Fund	<u>\$ 121,250,825</u>
Total Program	<u>\$ 144,800,411</u>

GENERAL FUND

The capital improvements listed in this section are funded through General Fund appropriations.

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Alterations and Improvements Program	1	0	-	C	\$ 77,520
Funding is provided to address the newly developed program to make improvements and upgrade various City facilities.					
Bunker Hill Security and Maintenance	1,2	0	-	C	\$ 100,000
Funding is provided to address security, landscaping, and general maintenance at the Y-1 Bunker Hill site.					
Bureau of Street Lighting – Schoenborn Yard	4	0	-	C	\$ 548,000
Funding is provided for one-time non-lease eligible costs at the new Schoenborn Yard site.					
Capital Program – Mayfair Hotel	1,2	3	-	C	\$ 1,900,000
Funding is provided to address emergent capital needs at the Mayfair Hotel.					
Equity Impact: This proposal has a high potential equity impact as it is a request for increased expense funding for property management services of an interim housing facility for an underserved community.					
Citywide Building Hazard Mitigation	1,2,4	0	-	C	\$ 750,000
Funding is provided to continue removal of unanticipated asbestos, lead paint, lead abatement, and mold hazards encountered during maintenance and construction in City buildings.					
Citywide Elevator Repairs	1,2,4	0	-	C	\$ 1,000,000
Funding is provided to continue repair and upgrade elevators at City-owned buildings.					
Citywide Maintenance and Improvements	1,4	0	-	C	\$ 1,700,000
Funding is provided to perform critical capital repairs, maintenance work, and improvements at various facilities throughout the City.					
Citywide Nuisance Abatement	1,5	4	-	C	\$ 1,250,000
Funding is provided to address nuisance abatement issues at City-owned properties. Work will be prioritized to secure these properties, pending disposition for purposes such as economic development.					
Equity Impact: A portion of the program provides a targeted approach to addressing nuisance properties that contribute to blight within low-income communities.					
Civic and Community Facilities	1,4,5	4	-	C	\$ 700,000
Funding is provided to address deferred maintenance, alterations and improvements, design or construction start-up of civic and community facilities, and to address legally required improvements to City facilities acquired through eminent domain.					
Equity Impact: A portion of the program promotes social equity objectives by activating underused facilities to provide critical services to disadvantaged communities with limited opportunities.

GENERAL FUND (cont.)

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Contaminated Soil Removal and Mitigation	1,2,4,5	8	-	PP,C	\$ 1,610,000

Funding is provided to continue consultant soil analyses of contaminated sites and technical expertise in preparing mitigation plans for regulatory approval. Funding is also provided for assessments and contaminated soil clean-up at City facilities.

Equity Impact: This program provides a targeted approach to reducing soil contaminants within communities with low opportunities.

Deferred Maintenance Program	1,4	0	-	C	\$ 3,256,955
-------------------------------------	------------	----------	----------	----------	---------------------

Funding is provided to address deferred maintenance needs throughout the City as a result of insufficient funding for a comprehensive preventative maintenance program to identify and make improvements to extend the useful life of building systems.

Economic and Workforce Development Department (EWDD) Property Maintenance	1,5	2	-	C	\$ 379,380
----------------------------------------------------------------------------------	------------	----------	----------	----------	-------------------

Funding is provided for pre-development and other associated property expenses associated with the EWDD's portfolio, until such time as the properties are activated or turned over to a private developer.

Equity Impact: This program supports the implementation of economic development projects in disadvantaged communities.

EI Pueblo Master Plan	1,3,4,5	7	✓	PP	\$ 500,000
------------------------------	----------------	----------	----------	-----------	-------------------

Funding is provided to continue the development of a Master Plan for EI Pueblo.

Equity Impact: This historical monument supports the provision of educational and cultural enrichment programming for youth throughout the City as part of Los Angeles Unified School District (LAUSD) field trips and other collaborations with local organizations that support youth academics and/or recreational activities, including excursions to local hiking trails and exploration of the historic exhibits and structures located at this facility.

Fire Facilities Front Funding	1,4	0	-	C	\$ 1,500,000
--------------------------------------	------------	----------	----------	----------	---------------------

Funding is provided to front fund federal grants earmarked for improvements at 20 fire stations to address health and safety concerns resulting from deferred maintenance. This is one-time funding, which will be reimbursed on a regular invoice basis.

Fire Life Safety Building Systems (Regulation 4)	1,2,4	0	-	C	\$ 1,600,000
---------------------------------------------------------	--------------	----------	----------	----------	---------------------

Funding is provided to perform Fire Department Regulation 4 testing, repair, replacement, and certification of mandated fire/life safety, alarm, and monitoring systems of up to 250 buildings.

One Percent for the Arts	2	0	-	C	\$ 299,895
---------------------------------	----------	----------	----------	----------	-------------------

Funding is provided for the one percent assessment on General Fund projects. The construction portion of the City's capital improvement projects is subject to a one-percent assessment for the arts. Fee assessments on General Fund projects are transferred to the Arts and Cultural Facilities and Services Trust Fund on an annual basis.

GENERAL FUND (cont.)

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Sepulveda Basin Vision Plan	1,3,5	8	✓	PP	\$ 1,100,000
Funding is provided to fund the Environmental Impact Report/Environmental Impact Statement for the Sepulveda Basin Vision Plan, which satisfies both California Environmental Quality Act and National Environmental Policy Act requirements.					
Equity Impact: The Sepulveda Basin is the largest public open space in the San Fernando Valley, but surrounding neighborhoods are significantly lacking green open spaces.					
Space Optimization Tenant Work	1,2,4	0	-	C	\$ 2,000,000
Funding is provided for the lease-avoidance measure to use one-time investments to modify City-owned workspaces to accommodate increased staffing levels or other significant operational changes impacting workspace needs.					
Underground Fuel Storage Tank Repairs and Replacements	1,2,4	0	-	PP,D,C	\$ 500,000
Funding is provided for removal, replacement, and/or abandonment of failing underground fuel storage tanks (UST) and associated piping systems and to fund the UST filtering maintenance.					
Yards and Shops - Capital Equipment	1,4	0	-	C	\$ 77,866
Funding is provided for equipment repairs and replacement at various facilities throughout the City.

PARK AND RECREATIONAL SITES AND FACILITIES FUND

Funding restricted to the acquisition and development of parks and recreational sites and facilities, using funding generated by a dwelling unit tax assessment on new construction in the City.

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Various Recreation and Parks Facilities	2,3,5	8	✓	D,C	\$ 2,700,000

Funding is provided for design, acquisition, and construction costs for authorized projects, including shortfalls resulting from cost escalation or other emergent factors.

For 2025-26, priority will be given to address funding shortfalls or repay ineligible costs for Proposition K specified projects in order to leverage the availability of supplemental funding sources and satisfy the City's legal mandate to complete all remaining program requisites prior to the sunset of the Proposition K program in 2026-27.

Equity Impact: These funds are used to offset funding shortfalls for capital repairs and infrastructure projects for recreational facilities, with priority given to projects located in disadvantaged areas with high needs.

MICLA-ISSUED FINANCING

Proceeds from the issuance of MICLA lease obligations or other types of debt will be used to finance the projects listed below. The debt service payments associated with these types of financing will be funded by the City through an annual appropriation of General Fund or special fund monies. The issuance of MICLA debt for the projects listed below would cause the City to borrow \$121,250,825 at an approximate 5.5 percent interest rate over 20 years. The total estimated debt service is \$202,923,756, including interest of approximately \$81,672,931. During the life of the bonds, the estimated average annual debt service is \$10,146,188 over 20 years. Actual interest may differ as rates are dependent on market conditions at the time of issuance.

The following Municipal Facilities projects have been proposed for MICLA-issued financing.

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Access Control Units Replacement	1	0	-	C	\$ 1,514,000
Funding is provided for the replacement of SEOS card readers and legacy panels at City Hall East for the Access Control unit.					
Alterations and Improvements Program	1	0	-	C	\$ 1,050,154
Funding is provided to address the newly developed program to make improvements and upgrade various City facilities.					
Animal Services - Harbor Animal Shelter Parking Lot	1	0	-	C	\$ 980,805
Funding is provided for parking lot improvements at the Harbor Animal Shelter.					
Asphalt Plant No. 1 - Phase II	1,3,4	0	✓	C	\$ 7,785,539
Funding is provided for the development of a satellite facility to support the operational needs of the new Asphalt Plant No. 1 facility.					
Asphalt Plant No. 1 – Phase III Recycled Asphalt Pavement Canopy Structure	1,3,4	0	-	C	\$ 340,000
Funding is provided for the construction of a canopy structure at Asphalt Plant No. 1 facility.					
Balboa Aquatic Center Phase I	1,2,3,5	9	✓	D,C	\$ 5,000,000
Phased funding is provided to address the shortfall for this Proposition K specified project, which includes the design and construction of a large splash pad, bathhouse, and the design of a pool to be constructed at a later date as funding permits.					
Equity Impact: The installation of a large aquatic facility at Lake Balboa Park will provide increased programming space in one of the most heat-impacted areas of the City where nearly 50 percent of the residents live below the 200 percent poverty line, as well as increase energy efficiency through construction to current Building Code standards.					
Barnsdall Park Residence A	3,4,5	10	✓	C	\$ 1,300,000
Funding is provided to address the remaining shortfall for the Barnsdall Park Residence A renovation project.					
Equity Impact: This restoration project makes the UNESCO site accessible and increases programming opportunities to local youth and adult populations.					
Bradley Tower Elevator Upgrades	1,4	0	-	C	\$ 2,000,000
Funding is provided to upgrade the elevators at the Bradley Tower in City Hall.					

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "CI" Climate Impact.

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Building Equipment Lifecycle Replacement	1,4	0	-	C	\$ 1,675,000
Funding is provided to replace aging, obsolete, and end-of-lifecycle building equipment at the City's highest priority sites.					
Capital Program - Bureau of Street Services	1,4	0	-	C	\$ 1,500,000
Funding is provided to address safety hazards and regulatory compliance issues at yards and shops facilities operated by the Bureau of Street Services.					
Capital Program - Cultural Affairs	1,3,4,5	10	✓	C	\$ 500,000
Funding is provided for the deferred maintenance and emergent issues at various Cultural Affairs sites.					
Equity Impact: The use of these funds ensures that these facilities are maintained to City standards. The Department of Cultural Affairs provides Citywide service delivery through various arts programs that support youth development.					
Capital Program - El Pueblo	1,4,5	10	-	C	\$ 821,475
Funding is provided for capital repairs and infrastructure improvements at El Pueblo de Los Angeles Historical Monument.					
Equity Impact: This historical monument supports the provision of educational and cultural enrichment programming for youth throughout the City as part of the Los Angeles Unified School District (LAUSD) field trips and other collaborations with local organizations that support youth academics and/or recreational activities, including excursions to local hiking trails and exploration of the historic exhibits and structures located at this facility.					
Capital Program - Figueroa Plaza Buildings	1,4	0	-	C	\$ 550,000
Funding is provided for capital upgrades and infrastructure improvements at the Figueroa Plaza Buildings.

Funding is provided for the capital upgrades and infrastructure improvements at the Public Works Building.					
Capital Program - Van Nuys Civic Center	1,3,4	0	✓	C	\$ 500,000
Funding is provided for capital upgrades and infrastructure improvements at Van Nuys City Hall complex, which serves as a City hub in the Van Nuys area, including the Marvin Braude Building.					
Capital Program - Zoo	1,3,4,5	10	✓	C	\$ 2,500,000
Funding is provided to continue to address critical deferred maintenance, emergent capital improvement needs, and shortfall for active capital projects at the Los Angeles Zoo due to aging infrastructure, causing an increased need for upgrades, many of which arise on an emergency basis.					
Equity Impact: This is a regional facility that supports Citywide service delivery through academic enrichment programming and recreational activities that support youth academic development.					
City Hall East Structural Assessment	1,2	0	-	PP,C	\$ 1,400,000
Funding is provided to address a shortfall to complete the assessment and upgrades of the City Hall East structural columns.

Citywide Infrastructure Improvements	1,4	0	-	C	\$ 1,000,000
Funding is provided to address health and safety-related infrastructure issues on a Citywide basis. Projects include safety and security upgrades, air-conditioning, water supply systems, fixtures, and other critical maintenance items.					
Equity Impact: This is a regional facility that supports Citywide service delivery through academic enrichment programming and recreational activities that support youth academic development.					
Citywide Roof Capital Upgrades	1,4	0	-	C	\$ 1,800,000
Funding is provided to address critical roof upgrades at City facilities with the most critical problems, including removal and replacement of damaged or degraded roofs, downspouts, gutters, expansion joints, waterproofing, and expanded cool roof applications.					
Citywide Security Improvement Program	1,4	0	-	C	\$ 1,887,660
Funding is provided to address necessary security enhancements identified at various City facilities.					
Deferred Maintenance Program	1,4	0	-	C	\$ 6,743,045
Funding is provided to address deferred maintenance needs throughout the City as a result of insufficient funding for a comprehensive preventative maintenance program to identify and make improvements to extend the useful life of building systems.					
El Pueblo Parking Lot Improvements	1,4,5	7	-	C	\$ 400,000
Funding is provided to complete improvements at the El Pueblo parking lot that was damaged by arson.					
Equity Impact: This historical monument supports the provision of educational and cultural enrichment programming for youth throughout the city as part of LAUSD field trips and other collaborations with local organizations that support youth academics and/or recreational activities, including excursions to local hiking trails and exploration of the historic exhibits and structures located at this facility.					
El Pueblo Security Camera Project Phase II	1,5	7	-	C	\$ 407,897
Funding is provided for the completion of Phase II of the security camera installation project at El Pueblo.					
Equity Impact: This historical monument supports the provision of educational and cultural enrichment programming for youth throughout the City as part of the LAUSD field trips and other collaborations with local organizations that support youth academics and/or recreational activities, including excursions to local hiking trails and exploration of the historic exhibits and structures located at this facility.

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Los Angeles Convention Center (LACC) Electric Boiler Conversion	1,4	0	-	C	\$ 1,500,000
Funding is provided to continue work to replace two of four natural gas boilers to energy efficient electric boilers.					
LACC Fire Pump Replacement	1,4	0	-	C	\$ 700,000
Funding is provided to begin a phased replacement of existing diesel Fire Pump systems.					
LACC Fleet Replacement	4	0	-	C	\$ 500,000
Funding is provided to purchase transportation equipment for basic facility services and maintenance at LACC.					
LACC Supply and Return Motor Replacement	4	0	-	C	\$ 1,100,000
Funding is provided to remove and replace the supply and return motors that support the LACC's Heating, Ventilation, and Air Conditioning system.					
LACC Waterproofing Upgrades	1,4	0	-	C	\$10,000,000
Funding is provided for waterproofing upgrades for comprehensive repair and replacement.					
Lankershim Arts Center Phase III	1,3,4,5	4	✓	C	\$ 1,000,000
Funding is provided for the Phase III of the Lankershim Arts Center rehabilitation project.					
Equity Impact: The rehabilitated facility will serve as a resource for the NoHo Arts District to provide cultural programming for the surrounding community.					
Manchester Junior Arts Center	2,3,5	10	✓	C	\$ 3,600,000
Phased funding is provided to address the funding shortfall at this facility over multiple subsequent years for this Proposition K specified project which will renovate the Old Fire Station 54 into a Junior Arts Center.					
Equity Impact: The new facility will serve as a regional center for the South Los Angeles communities to provide cultural programming for disadvantaged youth. This project will address current service inequities, as the Department of Cultural Affairs has advised that Council District 8 is the only Council District that does not have a youth or adult arts facility. This location has over 28 percent of the population living below the 200 percent poverty line.					
Municipal Buildings Energy and Water Management and Conservation	1,2,3,4	0	✓	C	\$ 2,666,000
Funding is provided for required energy audits, engineering, and retrofit work at City facilities to meet energy and water conservation goals.					
North Marianna Avenue Parking Improvements	1	0	-	C	\$ 1,500,000
Funding is provided to develop the City-owned vacant lot at 1925 North Mariana Avenue in a Police parking lot.

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Northridge Metrolink Station Electric Bus Chargers	1,2,3,5	2	✓	C	\$ 400,000
Funding is provided for the construction costs of the Los Angeles Department of Transportation's (LADOT) installation of electric vehicle charging infrastructure at the Northridge Metrolink Station.					
Equity Impact: This program will target disadvantaged and low-income communities and communities that have historically been underserved by the DASH program. The project will enable LADOT to convert all DASH buses that operate on these routes to battery-electric, which will improve air quality, reduce noise pollution, and ensure service in the event of a grid failure or blackout.

PROJECT TITLE	CATEGORY*	EI*	CI*	ACTIVITY**	2025-26 AMOUNT
Reseda Skate Facility	2,3,5	9	✓	C	\$ 3,000,000

Funding is provided for the construction shortfall of the Reseda Skate facility.

Equity Impact: This project will provide a new recreational facility in an area of the City with a high percentage of youth.

Sixth Street Park, Arts, and River Connectivity (PARC) Improvement Project	3,5	10	✓	C	\$17,668,272
-----------------------------------------------------------------------------------	------------	-----------	----------	----------	---------------------

Funding is provided in order to install Los Angeles Department of Water and Power electrical services, allowing for continued construction activities at the Sixth Street PARC project.

Equity Impact: This project creates 12 acres of park space in a densely populated portion of the City with few recreational amenities. Located between the Arts District and Boyle Heights, a disproportionate percentage of the population lives below the federal poverty level, suffers unemployment, and pays more than 50 percent of their income towards housing costs.

Slauson Connect Recreation Center	1,2,3,5	10	✓	C	\$ 2,000,000
------------------------------------------	----------------	-----------	----------	----------	---------------------

Phased funding is provided over multiple subsequent years to address the funding shortfall at this facility for this Proposition K specified project which will construct a new recreation facility and park. The building will include a childcare center, classrooms, and community gathering space on the vegetated roof terrace.

Equity Impact: This project will provide a new recreation center and green park space in a very dense area of the City that lacks park amenities, in which nearly 40 percent of residents live below the 200 percent poverty line.

Southeast Yard Reconstruction	1,2,3,4	0	✓	PP,D,C	\$ 1,600,000
--------------------------------------	----------------	----------	----------	---------------	---------------------

Funding is provided for the pre-design and design of the Department of Recreation and Park's Southeast Yard facility.

Warner Grand Theatre	1,4,5	10	✓	C	\$ 250,000
-----------------------------	--------------	-----------	----------	----------	-------------------

Funding is provided to continue the renovation of the Warner Grand Theatre.

Equity Impact: This project is located in a dense area of the City with over 60 percent of the residents living below the 200 percent poverty line.

Washington Yard Electrification and Microgrid Project	1,2,3,4,5	10	✓	C	\$ 6,000,000
--------------------------------------------------------------	------------------	-----------	----------	----------	---------------------

Funding is provided to upgrade the LADOT transit maintenance and operations facility with five 1.44 megawatt battery-electric bus chargers with 88 direct current dispensers, solar panels atop car port canopies, and a battery energy storage system.

Equity Impact: This program will serve Boyle Heights, East LA, Lincoln Heights, Chinatown, Pico Union, Echo Park, Leimert, Slauson, Crenshaw, and 11 other communities to target disadvantaged and low-income communities and communities that have historically been underserved by the DASH program. The project will enable LADOT to convert all DASH buses that operate on these routes to battery-electric, which will improve air quality, reduce noise pollution, and ensure service in the event of a grid failure or blackout.

Yards and Shops - Capital Equipment	1,4	0	-	C	\$ 1,015,491

CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

BASIS FOR THE PROPOSED BUDGET

TECHNOLOGY

The 2025-26 Proposed Budget for the Capital and Technology Improvement Expenditure Program (CTIEP) relates to current year funding is as follows:

	General Fund	Special Funds	Total Budget	MICLA	Total Program
2024-25 Adopted Budget	\$ 17,489,801	\$ 5,331,000	\$ 22,820,801	\$ --	\$ 22,820,801

Change from 2024-25 Budget	(10,334,501)	(2,295,200)	(12,629,701)	--	(12,629,701)
Percent Change	(59.1%)	(43.1%)	(55.3%)	0.0%	(55.3%)

The City's Financial Policies include technology infrastructure as a component of the City's Capital and Technology Improvement Policy. Technology projects are budgeted within the individual department that administers the project and are summarized herein.

To be included within the Technology CTIEP a technology project must represent a significant investment in technology infrastructure, including major technology systems. Physical technology projects such as the replacement or installation of radio towers, network equipment, and fiber optic infrastructure are included in the Technology CTIEP. Technology CTIEP projects can also include the upgrade, replacement, or new implementation of systems, for which significant investments are in software or cloud-hosted applications that do not always have a physical component. Typically, a technology project must have a total estimated cost of \$1 million to be included in the Technology CTIEP unless the project is determined to have a significant Citywide impact. Expenditures for routine maintenance and the replacement of personal computer equipment are not eligible for inclusion in the Technology CTIEP.

Significant technology projects budgeted in the 2025-26 CTIEP include:

- Funding of \$1.0 million to update the Fire Department Voice Radio System;
- Funding of \$3.0 million for the fifth year of development of the Department of Public Works, Bureau of Street Services Enterprise Asset Management System; and,
- Funding of \$1.5 million to purchase, test, and implement pilot programs of Smart City products to develop Street Lighting Smart City Plan.

All items are funded by the General Fund unless otherwise noted in the descriptions on the following page.

EMERGENCY OPERATIONS FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Emergency Operations Fund (EOF) relates to the current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 452,192	
2025-26 Proposed Budget	\$ 679,688	
Change from 2024-25 Budget	\$ 227,496	50.3%

The 2025-26 Proposed EOF Budget provides funding for one-time costs for the Emergency Operations Center (EOC) facility repairs and upgrades, annual fees for software licenses, data subscriptions, phone services, equipment items and upgrades, printing costs for emergency preparedness and response activities, and translating and interpretation services. This budget provides specific resources to assist the member departments of the Emergency Operations Organization to prepare for, respond to, mitigate, and recover from local emergencies such as terrorist attacks, earthquakes, fires, and other disasters. Funds in the EOF are expended by the General Manager of the Emergency Management Department, subject to the approval of the Chief of Police, who acts as the Chairperson of the Emergency Operations Board.

Appropriations	2024-25 Adopted Budget	2025-26 Proposed Budget
Printing and Binding – Includes funding for publication of print materials for community events and EOC activations.	\$ 7,000	\$ 7,000

ETHICS COMMISSION

PUBLIC MATCHING CAMPAIGN FUNDS TRUST FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Public Matching Campaign Funds Trust Fund (the Trust Fund) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 4,075,427	
2025-26 Proposed Budget	\$ --	
Change from 2024-25 Budget	\$ (4,075,427)	(100%)

Charter section 471(c)(1) requires an annual General Fund appropriation to the Trust Fund equal to the current value of \$2 million in 1991 dollars. The current value is determined using the Consumer Price Index (CPI) for all consumer items other than housing for the metropolitan statistical area of Los Angeles-Long Beach-Anaheim, CA. The annual appropriation must be adjusted each year to reflect changes in the CPI since 1991. The required appropriation amount for 2025-26 is \$4,152,900.

Charter section 471(c)(1) provides that the City Council, by two-thirds vote, may reduce or withhold the Trust Fund's annual appropriation if all of the following occur: (1) the City Council declares a fiscal emergency by resolution for that fiscal year; (2) the Trust Fund balance is at least \$8 million in 1991 dollars adjusted for CPI; and (3) the City Council has considered the Ethics Commission's analysis on projected costs and public funding needs for the next four years. For 2025-26, \$8 million in 1991 dollars adjusted for CPI is \$16,661,600. The Trust Fund balance is expected to be approximately \$22 million on June 30, 2025.

The 2025-26 Proposed Budget withholds the Trust Fund's annual appropriation. Therefore, in accordance with Charter Section 471(c)(1), as part of the adoption of the 2025-26 Budget the City Council must declare a fiscal emergency by resolution for 2025-26 as well as consider the Ethics Commission's analysis on projected costs and public funding needs for the next four years. The anticipated Trust Fund balance of \$22 million exceeds the CPI adjusted \$16,661,600 minimum threshold required to withhold the annual appropriation.

Charter section 471(c)(2) provides that City Council, by two-thirds vote, may temporarily transfer money from the Trust Fund to meet other obligations if all of the following occur: (1) the City Council declares a fiscal emergency by resolution for that fiscal year; (2) the City Council has considered the Ethics Commission's analysis on projected costs and public funding needs for the next four years; and (3) the transferred funds are limited to funds that exceed a minimum balance of \$8 million in 1991 dollars adjusted for CPI. The transferred funds must be reimbursed to the Trust Fund upon the earlier of the date the Ethics Commission determines that the funds are needed or the end of the next fiscal year.

The Ethics Commission projects total payouts of \$11 million in 2025-26 for the regular 2026 primary elections, which will include three Citywide and eight odd-numbered City Council seats.

FY 2025-26 Minimum Fund Balance required to reduce or withhold the annual appropriation:	\$16,661,600
Estimated balance on June 30, 2025:	\$22,100,000
Appropriation for FY 2025-26:	--
Estimated balance on July 1, 2025:	\$22,100,000

GENERAL CITY PURPOSES

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for General City Purposes (GCP) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 342,002,717	
2025-26 Proposed Budget	\$ 310,198,060	
Change from 2024-25 Budget	\$ (31,804,657)	(9.3%)

The GCP provides funding for the costs of special services or purposes not readily chargeable to a specific department of the City. These include items related to the Promotion of the Image of the City, Governmental Services, and Intergovernmental Relations. The contracts and programs included within the GCP will be monitored by various City departments. These monitoring departments and the City Clerk are responsible for drafting appropriate contracts (subject to the approval of the City Attorney) and presenting them to the contractors for execution. These departments also handle contract compliance and payment request approvals. At the conclusion of every contract, the monitoring departments perform initial and final contract close-out reviews. In addition to contract monitoring, the Office of the City Clerk is responsible for assuring Citywide consistency in the GCP Program.

PROMOTION OF THE IMAGE OF THE CITY

Financial support for advertising the merits of the City in connection with such events as conventions, parades, official visits of foreign dignitaries, or any other special events or projects that would either create tourism in the City or result in favorable advertising or publicity of the merits of the City.

3. Medicare Contributions. This allocation is for the City's contribution to the hospital insurance portion of the Federal Insurance Contributions Act tax. Congress mandated participation of all state and local employees hired on or after April 1, 1986 in the Medicare system. Employers and employees are required to make matching contributions of 1.45 percent of gross wage earnings. Funding is increased to reflect an increase in gross wage earnings of employees subject to Medicare.	\$ 73,870,002	\$ 2,491,855	\$ 76,361,857
4. Social Security Contributions. The City is required to pay the Social Security tax for all part-time employees who are not members of the Los Angeles City Employees Retirement System (LACERS) or participants in the Pensions Savings Plan. Funding is decreased to reflect a decrease in projected number of Social Security participants.	2,162,525	(2,543)	2,159,982
Administered by: Personnel			
5. Pensions Savings Plan. Approximately 4,000 to 5,000 employees participate in the Pensions Savings Plan, which complies with the provision of the Federal Omnibus Budget Reconciliation Act requiring employees to be either members of a qualified retirement plan or Social Security. Individuals who become permanent employees, such as police and fire recruits, can transfer the contributed amounts into the City's Deferred Compensation Plan. The Personnel Department and the Deferred Compensation Plan Advisory Committee administer the plan with the assistance of an outside administrator selected through a competitive bid process. The cost of administration comes from investment earnings. Funding is decreased to reflect an a decrease in projected number of Pensions Savings Plan participants.	3,359,961	(157,364)	3,202,597

6. Alliance Settlement Agreement Program. This allocation provides funding for homelessness services and operations to meet obligations set by the Alliance Settlement. It may cover items such as, but not limited to, leasing, construction costs, and time-limited subsidies. It may also fund homelessness intervention service costs, which may be eligible for reimbursement under the Alliance Settlement Memorandum of Understanding.	\$ -	\$ 3,865,898	\$ 3,865,898
7. Citywide Homeless Interventions (Non-Alliance). This allocation provides funding to continue existing interim housing interventions. It may cover items such as, but not limited to, leasing, homelessness intervention service costs, and operational costs.	-	26,199,786	26,199,786
Administered by: Chief Legislative Analyst			
8. Additional Homeless Services. The 2024-25 Budget included one-time allocation to fund gaps in the City's effort to address the homeless crisis. The funds were allocated in equal amounts for all 15 Council Districts to be used at their discretion for homelessness programs, services, or project gap funding, to be administered by the Council. No funding is provided in 2025-26.	17,000,000	(17,000,000)	-
9. Council Projects. This allocation is for programs in Council Districts. The selection of these programs is based on anticipated community outcomes, as determined by the Council.	15,000,000	-	15,000,000

10. Lifeline Reimbursement Program. This allocation reimburses the Solid Waste Resources Revenue Fund (SWRRF) (\$9,645,000), Sewer Construction and Maintenance (SCM) Fund (\$10,000,000) and Multi-Family Bulky Item (MFBI) Fund (\$390,000) for costs attributed to the financial assistance programs for the Solid Resources Fee Multi-Family Bulky Item Fee, and Sewer Service Charge (SSC). Funding for the SWRRF program reflects a 30 percent subsidy on base rates and 50 percent subsidy on extra capacity carts for participating ratepayers who meet qualifying income levels. The SSC provides an approximate 31 percent discount for low-income customers for the first 900 cubic feet of wastewater discharge. Funding for the MFBI Lifeline and Low-Income programs reflect a 31 percent subsidy for low-income residents as well as a fee exemption to senior citizens and individuals with disabilities whose households meet qualifying income levels. In consideration of Proposition 218, the City cannot subsidize these programs with revenues from ratepayers. The City must therefore offset costs for these programs from a nonrestricted revenue source. Funding is increased to reflect the replacement of the Solid Resources Lifeline Program with a Low Income Program and estimated program usage.	\$ 17,120,000	\$ 2,915,000	\$ 20,035,000
11. Solid Waste Fee Reimbursement. This allocation reimburses the Solid Waste Resources Revenue Fund (SWRRF) for costs attributed to solid resources collection and disposal service to other City departments and special events (\$3,400,000), and for Solid Resources Fee bin service (\$755,000). In consideration of Proposition 218, the City cannot subsidize these costs with revenues from residential ratepayers. The City must, therefore, offset the cost of these activities from a non-SWRRF revenue source. Funding is increased to reflect anticipated use.	3,600,000	555,000	4,155,000
12. Special Event Fee Subsidy - Citywide. This allocation is to balance the cost of special events with the need to support community and neighborhood events.	817,000	-	817,000

14. CIRCLE: 24/7 Homelessness Crisis Response. CIRCLE: 24/7 Homelessness Crisis Response is a 24 hours per day, seven days per week, community-based response to non-violent emergencies involving people experiencing homelessness.	8,000,000	-	8,000,000
15. City Charter Reform. This allocation is provided to support the City's Charter Reform Commission.	-	500,000	500,000
16. City/County Native American Indian Commission – City Share of Funding. This Commission consists of 15 members – five appointed by the City, five by the County, and five by the Los Angeles Indian Commission. The purpose of the Commission is to promote legislation that enhances the welfare and socioeconomic life of Native Americans.	47,000	-	47,000
17. County Service – Massage Parlor Regulation. The City works with the County for massage-technician testing and requested massage-parlor inspections in accordance with the Municipal Code.	130,000	-	130,000
18. International Visitors Council of Los Angeles. This allocation funds the International Citizen Diplomacy of Los Angeles. This non-profit organization sponsors short-term visitors and high-level dignitaries referred by the United States Information Agency to exchange information on various subjects with local residents. These exchanges benefit the City, its residents, trade, and commerce, and help to develop a greater understanding of the American lifestyle and our community.	40,000	-	40,000
19. Juneteenth Celebration. This allocation is provided to support the celebration of Juneteenth in the City.	100,000	-	100,000

Program Changes	2024-25 Adopted Budget	Change From 2024-25 Budget	2025-26 Proposed Budget
20. Local Agency Formation Commission (LAFCO). The City reimburses the County of Los Angeles (County) for direct costs attributable to four of the 15 LAFCO members who represent the City and for four-fifteenths of the County's expenditures for general LAFCO-related office expenses. Representatives vote on boundaries, annexation, and fees. The County is responsible for all administrative tasks and bills the City for its share. Dues are calculated based on the City's total revenues relative to total revenues for all member cities. Funding is increased to reflect an increase in annual membership dues.	\$ 265,225	\$ 13,261	\$ 278,486

<p>31. Los Angeles Continuum of Care (CoC) Administration. The Los Angeles Homeless Services Authority (LAHSA) is the lead agency for the Los Angeles CoC, which is a regional or local planning body that coordinates housing and services funding for homeless families and individuals. As the lead agency, LAHSA coordinates crisis housing, provides critical, basic shelter for individuals and families experiencing homelessness and in need of immediate housing, and provides a point-of-entry into the Coordinated Entry System. The U.S. Department of Housing and Urban Development awards LAHSA with annual grants and bonus grants for the CoC and the City's cash match, along with the County of Los Angeles, continues to leverage federal grant funds. Funding is decreased to reflect a one-time reduction of LAHSA's administration rate.</p>	6,650,761	(715,946)	5,934,815

<p>32. Los Angeles Homeless Count. The U.S. Department of Housing and Urban Development (HUD), requires local jurisdictions to conduct counts of homeless populations every year. The Los Angeles Homeless Services Authority coordinates the annual count of the homeless population and an annual enumeration of emergency systems, transitional housing units, and beds that make up the homeless assistance systems. The homeless count enables the City and County of Los Angeles to compete for and receive annual grant funding from the HUD for the delivery of homeless services. Funding is decreased to reflect reduced costs for temporary social enterprise workers, consultants, website development, and training.</p>	\$ 933,668	\$ (21,665)	\$ 912,003
<p>33. Shelter and Housing Interventions. The Los Angeles Homeless Services Authority provides case management, counseling, and housing placement services to participants, which allows program sponsors to more effectively address the emergency, interim, transitional, and permanent housing needs of vulnerable individuals and families experiencing homelessness in the City. This category includes funding for all interim housing solutions, such as emergency and crisis housing, bridge housing, Safe Parking, and Housing Navigation Services, as well as the Winter Shelter Program interim housing solutions during inclement weather. Funding is increased to reflect an updated interim housing rate cost. See the Homeless Budget for a breakdown of budgeted funds.</p>	16,864,272	10,757,810	27,622,082
<p>34. Street Strategies. The City's street-based homelessness strategies are focused on conducting outreach and engagement; expanding hygiene, sanitation, and storage options for people living on the streets; increasing diversion opportunities for people experiencing homelessness; and expanding collaborations with stakeholders. Homeless outreach, primarily conducted through Homeless Engagement Teams (HET), access and navigation centers, and storage programs continue to provide critical services to connect unsheltered residents with support services and housing resources. Funding is decreased to reflect reductions based on expenditure trends and reflects savings due to vacancies in the remaining HETs programs. It is expected that the work can be absorbed by the remaining HETs. See the Homeless Budget for a breakdown of budgeted funds.</p>	18,312,066	(2,134,400)	16,177,666

IOD hours represent the number of hours not worked by City employees on workers' compensation leave. Over five years, City employees incurred an average of approximately 2.2 million IOD hours per fiscal year, which is equivalent to an average of 1,064 full-time employees absent from work per fiscal year.

LEASING

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for Leasing relates to current year funding as follows:

		Amount	% Change
2024-25 Adopted Budget	\$	27,795,317	
2025-26 Proposed Budget	\$	39,174,048	
Change from 2024-25 Budget	\$	11,378,731	40.9%

The Citywide Leasing Account provides funding for the Citywide leasing portfolio administered by the Department of General Services (GSD) and independent of GSD's operating budget. GSD administers the Citywide Leasing Account.

An annual sum is appropriated for Citywide leasing obligations, common area maintenance, and tenant improvements for various departments with activities financed by the General Fund or Telecommunications Development Fund. Other special-funded leases are paid directly by the respective department and are not included in the Citywide Leasing Account.

LIABILITY CLAIMS

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for Liability Claims relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 87,370,072	
2025-26 Proposed Budget*	\$ 187,370,072	
Change from 2024-25 Budget	\$ 100,000,000	114.5%

*The 2025-26 Proposed Budget also sets aside an additional allocation of \$20.00 million in the Unappropriated Balance Reserve for Extraordinary Liability line item.

The 2025-26 Proposed Budget provides funding for the payment or settlement of claims brought against the City. The Los Angeles Administrative Code authorizes the Mayor to delegate authority to the City Attorney to settle claims and pay judgments against the City in an amount not to exceed \$50,000. An additional \$50,000 (up to \$100,000) is subject to the concurrence of the Claims Board. The City Council, with concurrence of the Mayor, must approve claims or judgments over \$100,000.

The 2024-25 Adopted Budget includes funding in the amount of \$87,370,072 for the Liability Claims Account. Of this amount, \$80,000,000 is from the General Fund, \$2,000,000 is from the Solid Waste Resources Revenue Fund, and \$5,370,072 is from the Sewer Operations and Maintenance Fund.

The 2024-25 Estimated Expenditure amounts include approved payouts and potential payouts for matters still pending approval. Adjustments to the Liability Claims Account may be necessary during the year as cases reach the trial stage and judgments or settlements are determined.

LOS ANGELES CONVENTION CENTER PRIVATE OPERATOR

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Los Angeles Convention Center Private Operator relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 31,391,848	
2025-26 Proposed Budget	\$ 32,128,233	
Change from 2024-25 Budget	\$ 736,385	2.4%

In 2013-14, the City Council adopted several initiatives to make the Los Angeles Convention Center (LACC) a top-tier convention center, one of which was the implementation of a private management structure. In October 2013, the City executed a five-year agreement with AEG Management LACC, LLC (AEG) for the operation and management of the LACC (Management Agreement). The City and AEG have executed four additional extensions to the original Management Agreement. The City continues to own the facility and the Los Angeles City Tourism Department (CTD) serves in an administrative capacity providing contract oversight.

DETAIL OF REVENUES

The AEG budget is based on an estimate of all revenues generated by LACC operations for 2025-26. AEG's sources of revenue are categorized as follows:

	Actual 2023-24	Adopted Budget 2024-25	Proposed Budget 2025-26
Space Rent (net of discounts)	\$ 7,624,073	\$ 5,941,052	\$ 6,426,039

Utility Services	4,347,171	4,049,570	3,952,525
Food and Beverage (net)	3,418,906	5,175,450	4,898,963
Telecommunication Services	1,983,426	1,921,360	1,830,650
Other ¹	<u>4,528,538</u>	<u>2,750,378</u>	<u>3,056,197</u>
Net Revenue	\$ 34,532,664	\$ 31,391,848	\$ 32,128,233

¹Other revenues include advertising, equipment rental, cell towers, audiovisual, event specific billing, and event specific expenses.

As part of the Management Agreement, AEG collects revenue from LACC operations, deposits those funds into a separate off-budget operating account, and expends directly from the account based on a budget approved by the Board of City Tourism Commissioners (Board).

EXPENDITURES

AEG's use of funds are categorized as follows:

	Actual 2023-24	Adopted Budget 2024-25	Proposed Budget 2025-26
City Departmental Expenditures ¹	\$ 2,155,517	2,378,187	\$ 2,393,509
Alterations and Improvements and Capital Improvement Projects	1,366,514	-	-
Operating Budget for Private Manager	<u>31,622,166</u>	<u>28,725,089</u>	<u>29,617,903</u>
Total Appropriations	\$ 35,144,147	\$ 31,103,276	\$ 32,011,412

¹The City Departmental Expenditures reflects the portion of CTD's budget and related costs funded by LACC revenues, as well as other City expenditures that are reimbursed by LACC revenues.

RESERVE ACCOUNT

In accordance to Section 6.4(b)(i) of the Management Agreement, the Board shall request that the City Council appropriate as part of the CTD Department Budget a sum equal to ten percent of the Approved Annual Operating Budget to fund a Reserve Account. As such, the Board approved a budget request including a Reserve Account as described above, which was submitted on its behalf by the CTD for consideration as part of the 2014-15 Budget process. The 2014-15 Adopted Budget did not appropriate General Fund monies for this purpose. As such, AEG has and will continue to set aside Operating Revenues, when available, to build the Reserve Account.

The purpose of the Reserve Account is to provide funding to be used for unanticipated LACC related expenses or to fund shortfalls caused by lower than expected revenues or higher than expected expenses.

LOS ANGELES TOURISM & CONVENTION BOARD

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Los Angeles Tourism & Convention Board (LATCB) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 25,638,055	
2025-26 Proposed Budget	\$ 23,743,109	
Change from 2024-25 Budget	\$ (1,894,946)	(7.4%)

The LATCB budget consists of multiple funding sources, including funds from the City, the Los Angeles Tourism Marketing District, Los Angeles World Airports, and private sources. The amounts reflected above represent the City's contribution to the overall LATCB budget, which is equivalent to one fourteenth of the Transient Occupancy Tax (TOT), less costs for City administrative services. The TOT is a 14 percent tax on hotel and short-term rental guests. The City has contracted with LATCB to market Los Angeles as a convention, meeting, and leisure travel destination.

City Appropriation and Trust Fund Retention

The Los Angeles Convention and Visitors Bureau Trust Fund (Trust Fund), from which LATCB is paid, receives an amount equivalent to one-fourteenth of the TOT. LATCB is paid 95 percent of this amount in accordance with the Agreement between the City and LATCB. The remaining five percent is retained in the Trust Fund in the event of a shortfall in TOT collections. Nonetheless, LATCB prepares its annual budget based on 100 percent of the TOT allocation. In the event the TOT actual receipts are higher than budgeted, LATCB would be paid the difference the following fiscal year.

PROGRAM INFORMATION

LATCB will continue to re-evaluate strategies and tactics for each segment of the visitor economy based on actual 2024-25 results in order to grow visitation, sustain visitor spending, and realize revenue recovery.

Convention and Meeting Sales and Services - \$7,771,621

The mission of Convention and Meeting Sales and Services is to market Los Angeles as a destination for conventions, meetings, and trade shows. LATCB's sales are segmented between two different target audiences: Los Angeles Convention Center (LACC) users and those seeking meeting space and group room blocks in hotels.

While Citywide conventions at the LACC look to be on pace to recover in 2026, future bookings beyond 2028 have slowed. Challenges include the continued delay of a decision to move forward with the proposed LACC Expansion and Modernization Project. The 2025-26 hotel sales focus will target short-term opportunities through the meetings incentive campaign.

Domestic Marketing - \$4,253,380

Domestic visitation is the largest segment of marketing-driven visitation, accounting for half of overall travel to Los Angeles. Consequently, LATCB will continue to drive domestic travel within the United States with flights of advertising in Fall 2025 and Spring 2026 in high performing markets, featuring the new "We Love LA" campaign. Earned media, owned assets, and trade development will be layered on to create synergies.

International Marketing - \$1,448,215

International marketing will focus on key mature markets in Europe and Asia/Pacific with paid, owned, earned and trade activities. Additionally, LATCB will continue to grow emerging markets with travel trade and earned media efforts while leveraging matching funds from BrandUSA (the United States' national tourism marketing organization).

Global Public Relations, Earned and Owned Media - \$811,362

LATCB's global communications team will continue to focus on delivering quality coverage of Los Angeles, building upon the more than 2,200 stories that will be delivered in 2024-25 with over 70 percent of the stories being features. LATCB has expanded their global public relations presence by adding Japan into the mix that already includes the United States, Australia, Canada, China, France, Germany, India, Mexico, South Korea, and the United Kingdom.

LATCB will continue to build its owned media assets, with more than eight million unique website visitors each year, as well as nearly six million social media followers.

Stakeholder Relations, Membership & Outreach - \$3,876,283

This division is responsible for managing memberships, which includes solicitation of new members and the delivery of benefits to nearly 1,000 local member businesses. Benefits include educational webinars, networking events, newsletters, data, and other tools. Goals for 2025-26 include driving an average membership satisfaction score of 4.0 or higher from a scale of five, and continuing to grow and focus on delivering benefits to local small and minority business enterprise members.

This division is also responsible for building and maintaining relationships with elected officials and key stakeholders at local, state, and federal levels to communicate the essential role of the tourism industry as a leading employer and economic driver for Los Angeles. Activities include collaborating with local business and community organizations and supporting sustainability and workforce development efforts.

Operations (Finance, Legal, Technology & Human Resources) - \$5,582,248

This area provides direct support to the operating divisions discussed above and includes administrative services, finance and accounting, human resources, payroll, legal, and information technology. Together, these departments are responsible for maintaining financial controls, operational efficiency, and contract compliance.

Allocation to TOT Reserve Fund - \$0

This category represents the funding of the TOT Reserve Fund with any excess collections that actualize in 2025-26. The allocation will only occur after all other budgeted allocations are funded. The TOT Reserve Fund was formed in accordance with the Agreement between the City and LATCB to be used in the event that revenues are severely impacted by catastrophic events or natural disasters and to fund programming and events in years beyond the current fiscal year.

TOTAL 2025-26 LATCB TOT BUDGET: \$23,743,109

ADDITIONAL SOURCES AND USES OF FUNDING

Los Angeles Tourism Marketing District - \$35,186,000

LATCB has a long-term service contract with the Los Angeles Tourism Marketing District (LATMD), which was formed in 2011 by hotels with 50 or more guest rooms located in the City. The LATMD assesses member-hotel room revenue to generate funding to competitively sell and market these hotels. The LATMD Board approved increasing the assessment rate from 1.5 percent to 2.0 percent, which went into effect during calendar year 2022. By contract, use of these funds is solely restricted to sales and marketing activities that provide specific benefit to the hotels in the LATMD.

Los Angeles World Airports International Marketing Alliance - \$750,000

Use of these funds are restricted by the Federal Aviation Administration solely for the international marketing of the Los Angeles International Airport and are directed by the Los Angeles World Airports.

Corporate Partnerships, Sponsorships and Advertising Sales - \$1,498,000

By contract, use of these funds must be used solely for the benefit and promotion of the sponsors, partners, and/or advertisers.

Membership Program Fees - \$1,811,000

These funds are derived from member dues and fees from restaurants participating in Dine LA's semi-annual, two-week culinary event. These funds are used for the benefit of members and participants.

PRODUCTIVITY GOALS

Productivity goals for 2025-26 are comprised of Convention and Meeting Sales and Services objectives for bookings and leads as shown in the tables below. These productivity goals are subject to recommendations by the LATCB Sales Advisory Board and approval by the Board of Directors of LATCB, and are updated based on current internal and external industry data.

MEASURE M LOCAL RETURN FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for Measure M Local Return Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 95,757,550	
2025-26 Proposed Budget	\$ 113,921,727	
Change from 2024-25 Budget	\$ 18,164,177	19.0%

In November 2016, County of Los Angeles voters approved the Los Angeles County Traffic Improvement Plan that imposes a one-half cent sales tax, with an increase to one percent on July 1, 2039. The Measure M Local Return Fund (Measure M) may be used to:

- Improve freeway traffic flow, reduce bottlenecks, and ease traffic congestion;
- Expand the rail and rapid transit system, accelerate rail construction and build new rail lines, enhance bus service, and improve system connectivity;
- Repave local streets, repair potholes, synchronize signals, improve neighborhood streets and intersections, and enhance bike and pedestrian connection;
- Keep the transit and highway system safe, earthquake-retrofit bridges, enhance freeway and transit system safety, and keep the transportation system in good working condition;
- Make public transportation more accessible, convenient, and affordable and provide better mobility options for our aging population; and,
- Embrace technology and innovation to incorporate modern technology, new advancements, and emerging innovations into the local transportation system.

The City receives an allocation from a 17 percent share of the revenue collected based on the City's percentage share of the County population. Measure M Funds must be used to augment, not supplant, other City programs.

Measure M also requires the City to provide the Los Angeles Metropolitan Transportation Authority (Metro) with three percent of the costs for the Metro Regional Capital Projects within the City limits. Should the City not do so, the County may withhold Local Return Funds for up to 15 years or until the three percent threshold is satisfied. The amount of this obligation was estimated (in 2015 dollars) to be approximately \$490 million over 35 years from 2022 through 2057. In November 2022, Metro estimated that the City contribution for the first three rail lines is \$182.5 million, which is pending negotiation with Metro on the payment schedule. This does not represent the full obligation amount.

BUDGET HIGHLIGHTS

- Street and transportation improvements: Funding is provided for street and transportation improvement programs including the City Capital and Technology Improvement Expenditure Program – Physical Plant and the Median Island Maintenance Program.
- Safety improvements: Funding is provided to enhance pedestrian and traffic safety through various programs including Vision Zero Program education and outreach on the City's High Injury Network, traffic signals, sidewalk repair, and the Speed Hump Program for residential and school projects.
- Enhanced bike and pedestrian connections: Funding is provided for bike path maintenance, bikeshare operations and maintenance in collaboration with Metro, and Open Streets programming.

MEASURE R

TRAFFIC RELIEF AND RAIL EXPANSION FUNDS

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Measure R Traffic Relief and Rail Expansion Funds (Measure R) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 71,081,524	
2025-26 Proposed Budget	\$ 74,969,054	
Change from 2024-25 Budget	\$ 3,887,530	5.5%

In November 2008, County of Los Angeles voters approved an one-half cent sales tax for a period of 30 years to:

- Expand the Los Angeles Metropolitan Transportation Authority (Metro) rail system, including providing a direct airport connection;
- Make local street improvements, such as synchronizing signals, filling potholes, repairing streets, and making neighborhood streets and intersections safer for drivers, bicyclists, and pedestrians in each community;
- Enhance safety and improve the flow of traffic on freeways and highways; and,
- Make public transportation more convenient and affordable (especially for seniors, students, the disabled, and commuters).

Measure R represents the City's share of the Local Return (15 percent of revenue collected), based upon population. Measure R funds must be used to augment, not supplant, other City programs. In addition, through a Memorandum of Understanding with Metro, the City is providing a three percent match to Metro for delivering transit projects within the City limits. While not legally required, this match allows the City to maintain an active partnership with Metro on regional transit projects of significant importance to the City. This match is currently being budgeted within Measure R and Measure M Local Return Fund. In 2025-26, this match is budgeted within the Proposition A Local Transit Assistance Fund.

BUDGET HIGHLIGHTS

- **Street Improvements:** Funding is provided for street improvement programs including the City Pavement Preservation Program and median island maintenance.
- **Safety Improvements:** Funding is provided to enhance pedestrian and traffic safety through various programs including sidewalk access ramp construction, Vision Zero, and projects on the City High Injury Network.

MEASURE UNITED TO HOUSE LA (ULA) HOUSE LA FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Measure United to House LA (ULA) House LA Fund relates to the current year funding as follows:

		Amount	% Change
2024-25 Adopted Budget	\$	407,869,760	
2025-26 Proposed Budget	\$	447,773,000	
Change from the 2024-25 Budget	\$	39,903,240	9.8%

In November 2022, City of Los Angeles voters approved Measure ULA, or the Homelessness and Housing Solutions Tax, a ballot initiative which imposes an additional tax on sales and transfers of real property exceeding the following thresholds:

- A tax at the rate of 4.0 percent of the consideration or value when the property transferred exceeds \$5 million (Consumer Price Index (CPI) adjusted to \$5.15 million in 2025) but is less than \$10 million (CPI-adjusted to \$10.3 million in 2025); and
- A tax at the rate of 5.5 percent of the consideration or value when the property transferred is \$10 million (CPI-adjusted to \$10.3 million in 2025) or greater.

Measure ULA establishes specific programs on which the collected revenues must be spent and prescribes the percentage that must be allocated for each program. The House LA Fund monies must be expended according to the Los Angeles Program to Prevent Homelessness and Fund Affordable Housing (House LA) guidelines approved by the House LA Citizen Oversight Committee (COC), the Council, and the Mayor.

The 2025-26 Proposed Budget appropriates \$447,773,000 of revenues received in 2024-25. The appropriations detailed on the following pages are an illustration of the \$447,773,000 distributed by program as specified in Measure ULA, with the necessary adjustments to ensure appropriations from program inception through 2025-26 equal the proportions specified by the measure. The 2025-26 Expenditure Plan is anticipated to be released by the Housing Department by June 30, 2025 for COC, Council, and Mayor consideration and approval. The 2025-26 Proposed Budget projects \$466,160,000 in revenue, which is reserved for appropriation in 2026-27.

In the event that Measure ULA is invalidated due to pending litigation, the General Fund may be obligated as a replacement source of funds for incurred expenses. The estimated incurred expenses through the end of 2024-25 is \$58,355,608.

MEASURE W LOCAL RETURN FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Measure W Local Return Fund (Measure W) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 41,538,834	
2025-26 Proposed Budget	\$ 48,379,566	
Change from 2024-25 Budget	\$ 6,840,732	16.5%

On November 6, 2018, County of Los Angeles voters approved Measure W – The Los Angeles Region Safe, Clean Water Program (Measure W), a parcel tax of 2.5 cents per square foot of impermeable surface to support the costs of stormwater-related projects and activities. Revenues are allocated to municipal, regional, and administrative sub-programs. Forty percent of revenues are allocated to municipalities in the same proportion as the amount of revenues collected within each municipality. Fifty percent is allocated for region-wide projects and is awarded on a competitive basis. The remaining ten percent is allocated to the Los Angeles County Flood Control District for implementation and administration of the Measure W Program. Eligible uses for revenues include projects that provide a water supply and/or quality benefit and a community investment benefit. Measure W can be used to fund Enhanced Watershed Management Program projects and the operation and maintenance of completed water quality improvement projects, including Total Maximum Daily Load (TMDL) compliance projects.

REVENUE

The County of Los Angeles has developed guidelines and funding eligibility requirements for the Measure W Program and executed transfer agreements with the various municipalities. Measure W revenues collected by the County for 2023-24 were received in March 2025. The delay in revenues is attributed to the County's reconciliation process and execution of new transfer agreement.

The 2025-26 Proposed Budget provides a \$2.8 million reimbursement from the General Fund to Measure W for the overpayment of related costs that occurred in 2022-23 and 2023-24 due to vacancies.

BUDGET HIGHLIGHTS

- Funding for two new positions (\$194,009) in the Bureau of Contract Administration is included for construction inspection services and support.
- Funding for seven water quality projects (\$14.9 million) is provided in the Capital and Technology Improvement Expenditure Program – Physical Plant Budget.
- Operation and maintenance funding is provided for the Ballona Creek TMDL (\$2.2 million) and Machado Lake (\$350,000) projects.

NEIGHBORHOOD COUNCIL FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Neighborhood Council Funding Program relates to current year funding as follows:

		Estimated Available Balance on July 1	General Fund Appropriation	Other Appropriations	Total Appropriation	No. of NCs as of July 1
2024-25 Adopted Budget	\$	-	\$ 3,228,000	\$ -	\$ 3,228,000	99

Change from 2024-25 Budget	\$	-	\$ -	\$ -	\$ (693,000)	-
Percent Change		- %	(21.5 %)	- %	(21.5 %)	- %

The Neighborhood Council Fund is administered by the City Clerk on behalf of Neighborhood Councils (NCs) as part of the funding program. It provides funding to certified NCs for operation and neighborhood improvement purposes designated by each NC. In accordance with Administrative Code Section 22.810.1(g), money appropriated in the budget each year for certified NCs shall be placed in the Neighborhood Council Fund for costs related to the functions, operations, and duties of being a certified NC.

If an NC enrolls during a fiscal year, the appropriation is prorated based on the quarter during which the NC became eligible for funding and upon which its full board has been selected. Any unspent funds remaining in the Neighborhood Council Fund at the end of the fiscal year will be used to reduce the General Fund appropriation the following year. NCs have the ability to roll over any unspent funds in a given fiscal year. As a result of this roll over process, it is assumed that there will not be any unspent funds to reduce the General Fund appropriation for 2025-26.

There are currently 99 certified NCs and an appropriation of \$2,535,000 is proposed for 2025-26 to provide each NC with an allocation of \$25,000. With an additional \$60,000 for translation funding, the total General Fund appropriation for 2025-26 is \$2,535,000.

PROPOSITION A LOCAL TRANSIT ASSISTANCE FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Proposition A Local Transit Assistance (Proposition A) Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 216,613,263	
2025-26 Proposed Budget	\$ 321,769,577	
Change from 2024-25 Budget	\$ 105,156,314	48.5%

Approved by the voters in November 1980, Proposition A imposes a one-half cent sales tax for the planning, administration, and operation of public transportation programs. Proposition A funds are distributed Countywide as follows: 40 percent for discretionary and incentive projects, 35 percent for rail transit, and 25 percent for local return. Local Return revenue is allocated to cities based on population. Proposed appropriations comply with the Proposition A Local Return Program Guidelines adopted by the Los Angeles Metropolitan Transportation Authority (Metro), which administers this Program.

The Proposition A Schedule is balanced for 2025-26 by eliminating a total of \$141.4 million of prior-year appropriations, including transit operations expansion (\$18.0 million), transit operations (\$85.0 million), bus facility purchase program (\$28.2 million), marketing (\$1.6 million), and other related items (\$8.6 million). The required level of funding of transit service is approximately \$291.1 million annually and the annual ongoing revenue within the Proposition A Fund is approximately \$190.0 million, resulting in a structural deficit of approximately \$101.1 million annually. The Department of Transportation is updating a Transit Services Analysis to be submitted to the Mayor and Council that will include options to resolve the ongoing structural deficit in future years.

BUDGET HIGHLIGHTS

- Funding for Transit Operations consolidates appropriations for Commuter Express, DASH, and Cityride transit and includes partial funding for various proposed transit options.
- Funding is provided for the development of the Harbor City Bus Yard.
- Funding is provided for the design and cost estimates for the electrification of bus charging facilities.
- Funding is provided to address equipment deficiencies that were included in the Federal Transit Administration triennial audit.

PROPOSITION C ANTI-GRIDLOCK TRANSIT IMPROVEMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Proposition C Anti-Gridlock Transit Improvement (Proposition C) Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 139,689,503	
2025-26 Proposed Budget	\$ 117,118,881	
Change from 2024-25 Budget	\$ (22,570,622)	(16.2%)

The Proposition C Fund receives revenue from the one-half cent sales tax increase approved by County of Los Angeles voters in 1990. The funds are allocated Countywide on a per-capita basis and may be used for public transit, paratransit, and the repair and maintenance of streets used by public transit. The Los Angeles Metropolitan Transportation Authority (Metro) approved guidelines for Proposition C funds reflect a distribution of funding as follows:

Discretionary	40%
Transit-Related Highway Improvements	25%
Local Return (Allocation to Jurisdictions)	20%
Commuter Rail	10%
Security	5%

BUDGET HIGHLIGHTS

- Metro Annual Work Program: Funding is provided to City departments for salaries and expense costs associated with the Metro Annual Work Program. All expenses are reimbursed by Metro. The Metro Annual Work Program includes transportation projects which are part of the America Fast Forward Initiative (also known as the Measure R 30/10 Initiative) and the Measure M 28 by 28 Program. Funding is also provided to various City departments to support the Metro Purple Line Expansion, which is under construction and expected to be completed in 2025.
- Transportation Grant Fund Work Program: Front funding is provided to City departments for salaries and expense costs associated with transportation grant funded projects.

ROAD MAINTENANCE AND REHABILITATION PROGRAM SPECIAL FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Road Maintenance and Rehabilitation Program Special Fund, otherwise known as the Senate Bill 1 (SB 1) Fund, relates to current funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 125,767,918	
2025-26 Proposed Budget	\$ 164,704,006	
Change from 2024-25 Budget	\$ 38,936,088	31.0%

Enacted in 2017, SB 1, “The Road Repair and Accountability Act,” provides funding to cities and counties to address basic road maintenance, rehabilitation, and critical safety needs on the state highway system and the local street and road system. SB 1 increases per gallon fuel excise taxes, diesel fuel sales taxes, and vehicle registration fees and provides inflationary adjustments to fuel tax rates in future years.

Pursuant to Streets and Highways Code Section 2030, the use of SB 1 funds includes, but is not limited to the following:

- Road maintenance and rehabilitation;
- Safety projects;
- Railroad grade separations;
- Complete street components, including active transportation purposes, pedestrian and bicycle safety projects, transit facilities, and drainage and stormwater capture projects in conjunction with any other allowable project; and,
- Traffic control devices.

In order to receive the upcoming fiscal year’s apportionment of SB 1 fund, the City must annually adopt and submit a planned list of projects to be funded with SB 1 funds no later than July 1st of any given year to the California Transportation Committee (CTC). In addition, the City must submit an annual report of street or road expenditures made during the preceding fiscal year to the CTC no later than December 1st of the following year.

BUDGET HIGHLIGHTS

- Road repair and rehabilitation – Funds are provided to reconstruct concrete streets and to repair access ramps when resurfacing streets to prevent further deterioration in the overall condition of the City street system and to comply with federal requirements of the Americans with Disabilities Act.
- Safety Projects – Funds are provided for street safety projects along Vision Zero High Injury Network corridors including traffic signal installations, speed feedback sign installation and maintenance, pedestrian refuge island implementation, and sidewalk repair to safely separate vehicle and pedestrian traffic.
- Capital and Technology Improvement Expenditure Program – Funds are provided for 38 street-related projects, including five flood control projects and one street lighting project to improve the safety of pedestrians and vehicles.

SEWER CONSTRUCTION AND MAINTENANCE FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Sewer Construction and Maintenance Fund (SCM) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 1,153,390,810	
2025-26 Proposed Budget	\$ 1,785,213,911	
Change from 2024-25 Budget	\$ 631,823,101	54.8%

The SCM funds the Clean Water Program (CWP), which serves over four million people in the City of Los Angeles and 29 contract cities, encompassing a service area of approximately 600 square miles. CWP operations include sewage conveyance and treatment, water reclamation, industrial sewage management, environmental monitoring, and a capital program. The wastewater collection and treatment system is operated and maintained by the Bureau of Sanitation and includes 6,700 miles of sewers, 49 pumping plants, three water reclamation plants, and one treatment plant.

All properties that use the City's sewer system pay a Sewer Service Charge (SSC), which determines sewage volume by multiplying water usage by the SSC rate. Revenue is deposited into the SCM and is used to support ongoing maintenance and capital improvements for the sewer system. In addition to SSC revenues, the SCM was converted into an enterprise fund in order to support revenue bonds. A number of separate funds were created to properly account for revenues and expenditures and interest earnings on bond proceeds.

The Proposed Budget for SCM includes the Clean Water Capital and Technology Improvement Expenditure Program (\$709,444,000) and the related capital labor and expense costs (\$135,200,548). Also included are the costs of operating and maintaining the Clean Water System (\$587,947,726), payment of debt service on Wastewater System Revenue Bonds (\$257,670,318), a 45-day operating reserve (\$71,870,268), and various other expenses (\$23,081,051).

BUDGET HIGHLIGHTS

- Five-year rate adjustments for the SSC took effect starting in October 2025, and 2025-26 represents the first full year of revenues, reflected in a 54.7 percent increase in funding from 2024-25 for the SCM Fund and CWP, which also includes a 212.7 percent increase in the Clean Water Capital and Technology Improvement Expenditure Program to support continued conveyance needs and increased capital investment and improvement needs at the City's four water reclamation plants.
- The 2025-26 Proposed Budget includes \$10.8 million in increased services and funding for the CWP in the Bureau of Sanitation across 21 focus areas, including the addition of 135 positions to support conveyance, testing, facility operations and maintenance, planning, and administration.
- The Proposed Budget also includes \$508,690 in new service funding to the Bureau of Sanitation to support the operation of a membrane bioreactor pilot facility at the Hyperion Water Reclamation Plant.

The amounts anticipated to be spent by these departments are provided for informational purposes only.</p>							

The Mayor and Council approved a Settlement Agreement related to the class action lawsuit, *Willits v. the City of Los Angeles*, in 2014-15. Court approval of the Settlement Agreement was finalized on August 25, 2016. 2025-26 will be the ninth year of the compliance period.

The terms of the Settlement Agreement require the City to:

- Commit \$31,000,000 per year (adjusted every five years to maintain the present value) for 30 years to be used for access improvements and barrier removal, excluding new construction and alterations. In 2025-26, the ninth year of the compliance period, the overall program obligation is \$35,743,000;
- Prioritize and address pedestrian facility improvements as follows:
 1. City of Los Angeles government offices and facilities;
 2. Transportation corridors;
 3. Hospitals, medical facilities, assisted living facilities, and other similar facilities;
 4. Places of public accommodation such as commercial and business zones;
 5. Facilities containing employers; and,
 6. Other areas, such as residential neighborhoods and undeveloped areas;
- Spend at least \$7.149 million on Access Requests and \$5.0 million on curb ramp repair and installation from the annual \$35,743,000 commitment; and,
- Allow the Willits Settlement Plaintiffs to conduct semi-annual inspections of the City's drawings and/or designs.

BUDGET HIGHLIGHTS

- Funds are provided to meet the City's annual commitment and spending requirements on the Access Request Program and on curb ramp installations, inclusive of direct costs and fringe benefits.
- Funds are provided to repair sidewalks at City libraries.

LIBRARY DEPARTMENT SIDEWALK REPAIR WORK

- In 2025-26, funds are provided to perform sidewalk repair work for the Library Department. Reimbursement of \$500,000 for this work is included as General Fund revenue.

SOLID WASTE RESOURCES REVENUE FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Solid Waste Resources Revenue Fund (SWRRF) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 371,390,452	
2025-26 Proposed Budget	\$ 432,182,651	
Change from 2024-25 Budget	\$ 60,792,199	16.4%

The Solid Waste Collection, Transfer, Recycling, Recovery of Waste Resources, and Disposal Fee (Solid Waste Fee) is imposed on all single-family dwellings in the City and upon multiple-unit dwellings for which the City provides refuse collection services. All receipts from the Solid Waste Fee are deposited into the SWRRF and are used for all costs associated with the collection, disposal, and recycling of solid waste. Further, these revenues can be used for the payment of principal and interest on both existing and future revenue bonds for the above listed activities that are eligible for funding from bond proceeds.

BUDGET HIGHLIGHTS

- The Fund's existing Solid Waste Fee rate structure of \$36.32 per month for single-family dwellings and \$24.33 for multi-family dwellings was approved in 2008 and is insufficient to support the City's cost for providing solid resources collection and processing services. In April 2025, the City Council approved the implementation of a five-year rate adjustment, subject to Proposition 218 notice and protest requirements (C.F. 23-0600-S9). The 2025-26 Proposed Budget assumes the implementation of the first of five annual rate increases in October 2025. The rates will increase from their current structure to \$55.95 per month for both single-family and multi-family dwellings. With the rate adjustments, revenue to SWRRF is projected to be sufficient to support the City's cost for providing these services by 2026-27. The SWRRF still requires a General Fund related costs subsidy of \$72.4 million in 2025-26 to support its operations.
- The City Council's adoption of the Solid Waste Fee adjustment also includes expansion of the current Solid Resources Lifeline Program into a Low Income Financial Assistance Program for participating ratepayers who meet qualifying income levels and removes the existing program enrollment cap. \$9.65 million is provided in the General City Purposes (GCP) Fund to reimburse the SWRRF for providing these subsidies to Financial Assistance Program customers. Pursuant to Proposition 218, the City cannot subsidize this program with revenues from ratepayers.
- Solid waste landfill disposal fees (or tip fees) and Material Recovery Facilities (MRF) fees for residential collection activity have grown considerably in recent years. Due to global market conditions, the MRF's costs for processing and marketing the City's recyclables has significantly increased, while revenue opportunities for the sale of recyclables has not kept pace. Additionally, implementation of the Senate Bill 1383 mandate for organic and food waste diversion and processing has led to more than doubling of organic waste tip fee rates over the past three years. Funding of \$126.9 million is provided in 2025-26 for solid waste tip fees, including approximately \$57.7 million for organics processing. For administrative efficiency, tip fees for the Multi-family Bulky Item Program and other special funds are paid by SWRRF and reimbursed from those special funds.

SPECIAL GAS TAX IMPROVEMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Special Gas Tax Improvement (Gas Tax) Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 119,217,847	
2025-26 Proposed Budget	\$ 116,454,648	
Change from 2024-25 Budget	\$ (2,763,199)	(2.3%)

The Gas Tax Fund receives monies from the State Excise Tax on the sale of gasoline and from federal reimbursements through the Surface Transportation Program - Local. Funding to the cities and counties is apportioned through various formulas in accordance with Streets and Highways Code Sections 2103, 2105, 2106, and 2107 and through annual federal legislation relative to the Surface Transportation Program as follows:

- Section 2103: Revenues equal to 17.3 cents per gallon of gasoline. Allocation to cities is based on population.
- Section 2105: Allocates 11.5 percent of the tax revenues in excess of 9 cents per gallon among cities and counties based on population.
- Section 2106: Revenues equal to 1.04 cents per gallon, with allocations to the State's Active Transportation Program, the 58 counties, and the 481 eligible cities. Each city is allocated \$400/month. After various allocations, the remaining funds are allocated to counties and cities.
- Section 2107: Revenues equal to \$1.314 cents per gallon of gasoline, 1.8 cents per gallon of diesel, and 2.59 cents per gallon of liquefied petroleum gas. Funds are distributed to the cities primarily based on population.

The allowable use of gas tax funds include the following:

- a) The research, planning, construction, improvement, maintenance, and operation of public streets and highways and public mass transit guideways, their related facilities, the payment for property taken or damaged for those purposes, and the associated administrative costs. Ineligible costs include maintenance and operating costs for mass transit power systems and mass transit passenger facilities, vehicles, equipment, and service.
- b) The payment of principal and interest on voter-approved bonds issued for eligible purposes.

BUDGET HIGHLIGHTS

- Bureau of Street Lighting: Funds are provided for the design, installation, and maintenance of street lights to enhance public safety.
- Bureau of Street Services: Funds are provided for the Pavement Preservation Program and Street Maintenance Program to prevent further deterioration in the overall condition of the City street system. Funds are also provided for street sweeping of improved roadways to maintain clean conditions.
- Department of Transportation: Funds are provided for the design and installation of pavement, curb, and traffic markings on repaved streets and the maintenance of traffic safety signs to ensure vehicular safety.

SPECIAL PARKING REVENUE FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Special Parking Revenue Fund (SPRF) relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 56,387,195	
2025-26 Proposed Budget	\$ 51,189,034	
Change from 2023-24 Budget	\$ (5,198,161)	(9.2%)

The Special Parking Revenue Fund (SPRF) collects receipts from parking meters and City-owned public parking lots in the City in accordance with Division 5 of the Los Angeles Administrative Code. The SPRF has been used for the following purposes: (1) purchasing, leasing, installing, maintaining, operating, and regulating parking meters and metered spaces; (2) collection of meter revenue and related expenses; (3) the purchase, improvement, and operation of off-street parking facilities; (4) painting and marking of streets and curbs required for the parking of motor vehicles within parking meter zones; (5) repayment of borrowed City funds; and (6) the payment of debt service costs incurred for off-street parking facilities. The City also may establish surplus funding which may be transferred to the Reserve Fund for general governmental purposes, after paying or setting aside funding for the cost of operations and maintenance of eligible activities.

BUDGET HIGHLIGHTS

The 2025-26 Proposed Budget reflects funding for:

- Maintenance of City-owned public surface lots and parking garages; and,
- Purchase and installation of upgraded parking meters and pay stations to replace older models.

STORMWATER POLLUTION ABATEMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Stormwater Pollution Abatement (SPA) Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 45,460,580	
2025-26 Proposed Budget	\$ 30,789,280	
Change from 2024-25 Budget	\$ (14,671,300)	(32.3%)

Adopted in August 1990, the SPA charge imposes a fee on all properties in the City based on stormwater runoff and pollutant loading associated with property size and land use. The charge is collected by the Los Angeles County Assessor on the annual property tax bill and annual receipts are approximately \$28.4 million. SPA funds are used to treat and abate stormwater under the guidelines and regulations set forth by the United States Environmental Protection Agency (U.S. EPA) for stormwater discharges from large municipal storm drain systems. The SPA Fund supports the cost of stormwater-related activities in various City departments and also funds the construction of flood control and pollution abatement projects. As the result of climate change impacts and changing environmental factors, the focus of stormwater abatement has shifted to encompass a broader effort in watershed management to improve water quality across the various watersheds.

The State of California, Regional Water Quality Control Board, Los Angeles Region (Regional Board) regulates the treatment and abatement of stormwater through a National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Permit. This Permit is issued to agencies that operate their municipal storm drain systems. A new MS4 Permit was negotiated and became effective September 2021.

The MS4 Permit is one of the regulatory tools the Regional Board uses to enforce oversight of Total Maximum Daily Loads (TMDLs), which limit the maximum amount of a pollutant that a water body can receive and still meet water quality standards. The City is currently subject to 22 TMDLs, but is expected to be subject to more regulation from the Regional Board and the U.S. EPA in the coming years. The MS4 Permit also provides for the development and implementation of Enhanced Watershed Management Programs (EWMPs) that outline strategies, watershed control measures, and implementation schedules to ensure compliance with the MS4 Permit and all TMDLs.

REVENUE

The City has not adjusted the SPA charge since 1993. The rate structure of \$1.92 per month for a typical single-family residential parcel is not sufficient to support the cost of implementing the current NPDES MS4 Permit requirements. In May 2023, Council instructed the Bureau of Sanitation to report with fee studies and recommendations to reduce reliance on the General Fund (C.F. 23-0600-S9). Going forward, it is expected that SPA will be used to support the City's flood control program, enforcement of illicit discharge activities, and stormwater education. Furthermore, Measure W will be used to fund water quality projects identified in the EWMPs to comply with TMDL requirements as well as the operation and maintenance of completed water quality projects.

BUDGET HIGHLIGHTS

- Funding in the amount of \$2.1 million is provided for non-capital expenses associated with maintaining the NPDES MS4 Permit.
- The General Fund provides a subsidy to the SPA Fund for 2025-26, in an amount of \$19.9 million in related costs.

STREET DAMAGE RESTORATION FEE SPECIAL FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the Street Damage Restoration Fee Special Fund relates to current year funding as follows:

	Amount	% Change
2024-25 Adopted Budget	\$ 69,338,727	
2025-26 Proposed Budget	\$ 51,645,283

The Street Damage Restoration Fee Special Fund was created to receive revenues from the Street Damage Restoration Fee (Fee). The Fee was established in 1998 to reimburse the City for damage to City streets caused by excavations or other work performed by any entity, including City agencies, required to obtain a permit for the performance for this work. The funds are to be used only for asphalt streets, as work on concrete streets, private streets, and alleys is not subject to the Fee. The eligible uses for the funds consist of:

Construction

- Street maintenance, resurfacing, repair, and reconstruction.

Support

- Laboratory fees, testing, materials, and engineering.
- Salaries and overhead associated with these items.

Sections 5.97 and 5.98 of the Los Angeles Administrative Code Section establish the Telecommunications Development and the Public, Educational, and Government (PEG) Development funds. These funds receive revenue from PEG access capital franchise fees, which represent one percent of cable companies' gross receipts. Funds deposited to the Telecommunications Development Fund must be used for capital costs related to providing PEG access programming. Pursuant to Council File 16-0022, funds deposited to the PEG Development Fund are eligible to be used for PEG operational and capital costs. Funds from the PEG access capital franchise fees that are not appropriated for specific purposes are held in a reserve account. During 2021-22, Ordinance No. 187363 was approved which changed the name of the former Telecommunications, Liquidated Damages and Lost Franchise Fees Fund, Telecommunications Development Account, to the Telecommunications Development and the PEG Development funds as described herein.

In accordance with Charter Section 312, the Unappropriated Balance provides funds for appropriations after the budget adoption to meet contingencies as they arise. For these contingencies that may occur during the fiscal year, the budget cannot adequately define specific funding, personnel, equipment, or procedures. By recognizing such contingencies, the Unappropriated Balance provides start-up funding. Use of monies in the Unappropriated Balance is subject to approval of specific reports and recommendations to the Mayor and Council.

Animal Services Operations - \$5,000,000. Funding is set aside to restore operations at the West L.A. and West Valley animal service shelter facilities.

Community Services Efficiencies - \$630,000. Funding is set aside for the Community Investment for Families Department to enhance the efficiency of community services programs Citywide.

Department Payroll Reconciliation - \$12,000,000. Funding is set aside to reconcile estimated department salary accounts during the fiscal year to account for approved adjustments against revised employment levels and salary savings.

Election Expenses – General Municipal Elections - \$10,000,000. Funding is set aside for the June 2026 Primary Election, which represents the Los Angeles County Registrar-Recorder/County Clerk's portion of the costs, for up to 10 Council-sponsored ballot measures and eight City Council District office elections.

Equipment, Expenses, and Alterations & Improvements - \$6,181,000. Funding is set aside as a contingency to address necessary adjustments to accounts.

Ground Emergency Medical Transport QAF Program - \$30,000,000. Funding is set aside for the quarterly payments and related contractual services cost for the Public Provider Ground Emergency Medical Transport Intergovernmental Transfer Program.

LAHSA Homeless Engagement Teams - \$3,290,288. Funding is set aside for Los Angeles Homeless Services Authority (LAHSA) Homeless Engagement Teams (HETs) to conduct direct outreach to unsheltered homeless individuals, pending a deployment plan for the HETs.

LAHSA Homeless Outreach Navigators - \$528,408. Funding is set aside for LAHSA Outreach (System) Navigators to provide system navigation services and conduct direct outreach to unsheltered homeless individuals, pending a report on the deployment progress of the System Navigators.

Mutual Aid Overtime - \$3,000,000. Funding is set aside for sworn overtime for the Fire Department for mutual aid response for fire and disaster response needs outside of the City boundaries.

Outside Counsel including Workers' Compensation - \$5,982,000. Funding is set aside for the City Attorney to retain outside counsel to assist in litigation and transactional matters. The City Attorney retains outside firms when the type of litigation involved requires specialized expertise or appropriate staffing resources are not available in-house. This funding is separate from the \$4.95 million budgeted for law firms on the Attorney Conflicts Panel managed by the Office of the City Administrative Officer.

Reserve for Extraordinary Liability - \$20,000,000. Funding is set aside as a reserve for liability payouts resulting from judgments or settlements.

Reserve for Mid-Year Adjustments - \$30,000,000. Funding is set aside to address shortfalls that may arise during 2025-26.

2025 TAX AND REVENUE ANTICIPATION NOTES

DEBT SERVICE FUND

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for the 2025 Tax and Revenue Anticipation Notes (TRAN) Debt Service Fund relates to current year funding as follows:

	2024-25 Adopted Budget	2025-26 Proposed Budget	% Change
Debt Service – Pension Fund	\$ 685,246,353	\$ 663,642,175	(3.2%)
Debt Service – Retirement Fund	734,906,393	707,452,025	(3.7%)
Debt Service – Cash Flow (Interest Only)	10,537,259	11,003,050	4.4%
Total Debt Service	\$ 1,430,690,005	\$ 1,382,097,250	(3.4%)

The 2025 TRAN Debt Service Fund is a special purpose fund established to pay debt service on notes issued to fund the City's annual contribution payments to the Fire and Police Pension Fund (Pension Fund) and the Los Angeles City Employees' Retirement System Fund (Retirement Fund) as well as to alleviate the short-term cash flow deficits occurring early in the fiscal year when certain taxes and revenues have not yet been received.

Part of the 2025-26 appropriation to the TRAN Debt Service Fund includes the payment of the entire debt service on notes issued in relation to the Pension and Retirement Funds. Issuance of these notes will permit the City to make the entire annual contribution to the Retirement Fund and the Pension Fund in July 2025. This early payment will allow the Pension and Retirement Funds to use additional interest earned on the early payment to discount the required City contribution without reducing the Funds' annual receipts.

The appropriation of \$663.6 million in the Debt Service Fund is the estimated cost of repaying the entire principal and borrowing costs on the notes issued for the Pension Fund contribution for 2025-26.

The appropriation of \$707.5 million in the Debt Service Fund is the estimated cost of repaying the entire principal and borrowing costs on the notes issued for the Retirement Fund contribution for 2025-26. The proprietary departments (Airports and Harbor) and the pension systems (Los Angeles City Employees' Retirement System and Los Angeles Fire and Police Pensions) will pay the special fund portion of the Retirement Fund contribution (\$150.6 million). The Retirement Fund contribution also reflects the true up adjustment for the prior fiscal year resulting from the reconciliation of budgeted covered payroll with actual covered payroll.

The Controller's Office has requested \$525.0 million in temporary cash flow borrowing consisting of \$200.0 million from the 2025 TRAN financing and \$325.0 million from special funds. The issuance of these notes will permit the City to provide effective cash flow management for the City's General Fund. The principal portion of the TRAN for cash flow purposes is not appropriated in the Proposed Budget since this principal is treated as temporary borrowing rather than as expenditure. The cash flow appropriation of \$11.0 million is only for the interest portion of the debt service on the notes and special fund borrowing.

The principal and interest on the TRAN will be paid from the City's General Fund revenues set aside during the fiscal year. Issuance of the TRAN for the annual contribution payments to the Pension Fund and Retirement Fund and for cash flow are combined to achieve efficiencies and will not contribute to the overall indebtedness of the City. The total savings from the early payment of the annual contribution payments to the Pension Fund and Retirement Fund is approximately \$41.9 million. After incorporating costs of issuance, the total net savings to the General Fund of issuing the TRAN is approximately \$1.2 million.

HOMELESS BUDGET

BASIS FOR THE PROPOSED BUDGET

The 2025-26 Proposed Budget for homeless-related expenditures relates to the current year funding as follows:

	General Fund	Special Funds	Total	% Change
2024-25 Adopted Budget	\$ 337,376,735	\$ 613,700,867	\$ 951,077,602	
2025-26 Proposed Budget	\$ 302,766,541	\$ 601,474,402	\$ 904,240,943	
Change from 2024-25 Budget	\$ (34,610,194)	\$ (12,226,465)	\$ (46,836,659)	(4.9%)

The Homeless Budget describes projected spending both through budget appropriations and various off-budget sources during the fiscal year for the provision of housing and services to homeless individuals and families in the City. Items included as part of the Homeless Budget are funded within the individual budgets for the Los Angeles Homeless Services Authority (LAHSA), City departments, the Unappropriated Balance (UB), and the General City Purposes (GCP) budget.

BUDGET HIGHLIGHTS

LA Alliance Settlement

On June 14, 2022, the U.S. District Court of Central District of California approved a Settlement Agreement (Settlement) between the City of Los Angeles and the LA Alliance for Human Rights. Under the Settlement, the City agreed to create 12,915 new interim or permanent housing units or other interventions by June 13, 2027, to accommodate 60 percent of individuals identified as shelter-appropriate within the City based on the 2022 homeless count/Point in Time Count.

For 2025-26, the investment toward complying with the settlement is described in the table below and, where appropriate, in the departmental and non-departmental sections that follow:

Housing Type	2025-26 Investment	Number of Beds/Units	Funding Sources
Interim Housing	\$ 35,631,730	487	Homeless Housing, Assistance and Prevention Program (HHAP), Emergency Stabilization Beds Grant
Permanent Supportive Housing (PSH) Units (Prop HHH and Non-Prop HHH units)	\$ 146,763,119	1,460	HOME, HOME ARP, HHH, Linkage Fee, SB 2, ULA, other local sources
Master (Apartment) Leasing	\$ 16,287,030	670	HHAP
TOTAL	\$ 198,681,879	2,617	

Proposition HHH

Proposition HHH (Prop HHH), approved by voters in November 2016, authorizes the City to issue up to \$1.2 billion in General Obligation (GO) bonds to finance the development of Permanent Supportive Housing (PSH), affordable housing, and service facilities. PSH units house chronically homeless individuals and homeless households, and are combined with services, which may include mental and health services, and education and job training. GO bond proceeds may also fund facilities that provide services to the homeless, such as service centers, health centers, shelters, storage, and shower facilities. Bond proceeds may only be used for construction and capital improvements, not operations or services. Prop HHH projected expenditures include housing projects that have been included in a previously approved Prop HHH Project Expenditure Plan (PEP). Only housing projects that are projected to execute loan agreements and are ready to start construction are included in the PEP. Prop HHH bond issuances require Mayor and Council approval.

State Grants

The State of California awarded the City of Los Angeles the Homeless Housing, Assistance and Prevention Program Round 5 (HHAP 5) grant and the City is preparing to apply for the Homeless Housing, Assistance, and Prevention Round 6 (HHAP 6). Additionally, the City was awarded five State Encampment Resolution Fund (ERF) grants.

The City has been awarded HHAP 5 grant funding in the amount of \$164,335,500. These funds will be used to support interim housing operations, outreach, public health services, hygiene facilities, programs for youth experiencing homelessness or at-risk of being homeless, and other services. The City collaborated with regional partners including the County of Los Angeles and the Los Angeles Homeless Services Authority to establish program goals. The City has received an initial 50 percent disbursement of the total allocation in 2024-2025. The City will receive the remaining allocation upon expenditure of 50 percent of the total allocation. The full balance of the funds must be expended by June 30, 2028.

The City will apply for HHAP 6 grant funding in the amount of \$143,640,000. If awarded, the HHAP 6 grant funds will primarily be applied towards continuing shelter interventions, outreach, hygiene services, supportive services, systems support, and administrative costs, which will also support the Regionally Coordinated Homeless Action Plan that was coordinated with the County and other local jurisdictions. The City will receive an initial 50 percent disbursement of the total allocation. The City will receive the remaining allocation upon expenditure of 50 percent of the total allocation by June 30, 2027. The full balance of the funds must be expended by June 30, 2029.

In 2024-25, the City was awarded five new ERF grants based on applications submitted by Council Districts 1, 4, 7, 13, and the Mayor's Office, totaling \$67,713,318.12. The projects focus on reducing vehicular homelessness and assisting encampment residents displaced by the 10 Freeway fire. The California Department of Housing and Community Development has awarded the grants, with each grant having its own expenditure deadlines.

LOS ANGELES HOMELESS SERVICES AUTHORITY

The Los Angeles Homeless Services Authority (LAHSA) is a Joint Powers Authority created and designated by the City and County of Los Angeles to act on behalf of both entities to address homelessness. LAHSA is a direct administrator of publicly-funded homeless programs throughout the Los Angeles region. LAHSA advises and participates in the framing of major public programs that affect people experiencing homelessness.

The U.S. Department of Housing and Urban Development awards LAHSA with annual grants and bonus grants for the CoC and the City's cash match, along with the County of Los Angeles, continues to leverage federal grant funds. <ul style="list-style-type: none"> • Street Strategies - The City's street-based homelessness strategies are focused on conducting outreach and engagement; expanding hygiene, sanitation, and storage options for people living on the streets; increasing diversion opportunities for people experiencing homelessness; and expanding collaborations with stakeholders. Access and navigation centers and storage programs continue to provide critical services to connect unsheltered residents with supportive services and housing resources. Funding for homeless outreach, in the amount equivalent to six months, primarily conducted through Homeless Engagement Teams (HETs) and System Navigators, is provided to support direct outreach to individuals experiencing homelessness who typically do not seek shelter or service programs on their own. This outreach facilitates better access to City and County homeless resources, including the Coordinated Entry System. The decrease to this account reflects reductions based on expenditure trends for Navigation Centers, Mobile Showers, Involuntary Storage, and Voluntary Storage. Additionally, the decrease reflects the elimination of HETs - Operation Healthy Streets (1.5 teams), the reduction of HETs from 36 teams (28 teams of CARE/CARE+ and 8 teams of Generalists) to 27 teams (CARE/CARE+ only), and reflects savings due to vacancies in the remaining HETs programs. It is expected that the work can be absorbed by the remaining HETs. <ul style="list-style-type: none"> • Access Center - Weingart (\$319,701) • C3 Partnership - Skid Row (\$243,725) • Coordinated Entry System - Navigation Centers (\$1,988,120) • Emergency Management Dedicated Staffing (\$140,682) • Homeless Engagement Teams - (\$3,290,288) • Involuntary Storage (\$923,048) • Mobile Showers – Shower of Hope (\$232,000) • Operation Healthy Streets (\$4,344,950) • Safe Parking (\$1,518,400) • System Navigators (\$528,408) • Voluntary Storage (\$2,648,344) 	\$ 18,312,066	\$16,177,666

STREET IMPROVEMENT

The 2025-26 Proposed Budget provides street improvement resources through the Pavement Preservation Program and Pavement Preservation Access Ramps. These programs help maintain and improve 6,500 centerline miles (23,000 lane miles) of streets throughout the City. The 2025-26 Proposed Budget for these street improvement programs is summarized as follows:

2025-26 Street Improvement Program Summary	
Program	Proposed Funding
Pavement Preservation	\$ 120,112,909
Pavement Preservation - Access Ramps	\$ 33,500,000
Total	\$ 153,612,909

PAVEMENT PRESERVATION PROGRAM

The Pavement Preservation Program includes activities required to properly maintain the City street system and keep the system from deteriorating. The Program is led by the Bureau of Street Services with support provided by the Department of Transportation, Bureau of Engineering, and Department of General Services.

The 2025-26 Proposed Budget for the Pavement Preservation Program is summarized as follows:

2025-26 Pavement Preservation

Pavement preservation activity consists of the following:

- Resurfacing: Crews remove a layer of the asphalt surface and then repave with new asphalt that may include up to 50 percent recycled content.
- Slurry sealing: Crews apply liquid asphalt made with recycled waste tires to the riding surface of residential streets. This thin coat of rubberized material prevents water intrusion and can extend the service life of the existing pavement by up to seven years. Slurry seal can be applied at intervals of three to seven years during the life of the road surface.
- Large Asphalt Repairs: Crews remove and replace distressed pavement. At times the removal of distressed pavement also involves removal of subsurface tree roots that are pushing up the surface of the pavement.
- Small asphalt repairs, including potholes: Minor defects in the road surface are repaired with hot mix asphalt or cold patch material by dedicated crews that respond to service requests from the public.

Generally, the approach to pavement preservation incorporates two strategies to help keep the City's good streets in a state of good repair:

- The most economical selection of streets and rehabilitation method used; and,
- The prevention or slowing of the deterioration of streets.

PAVEMENT PRESERVATION – ACCESS RAMPS

Funds are provided for design and construction of access ramps associated with pavement preservation activity. A total of \$33,500,000 is provided to bring access ramps associated with the Pavement Preservation Program into compliance with the Americans with Disabilities Act (ADA).

COMPLETE STREETS PROGRAM

The Complete Streets Program combines the reconstruction of failed streets with the installation of safety measures, repair of damaged curbs, gutters, sidewalks, and installation of stormwater capture infrastructure. The Complete Streets Program was created in 2017-18, funded through new sources of City revenue that year. The following table represents Complete Streets Program funding to date by funding source.

The Avalon Blvd. project is under construction. The remaining five projects included in the Complete Streets Program are listed below. As indicated in the table above, the total cost for all six projects is \$89,033,097.

- Avalon Blvd from San Pedro St to 120th St (\$19 million) – In Construction.
- Roscoe Blvd from the I-405 to Woodman Ave (\$8.6 million) – Complete
- Venice Blvd (East) from Arlington Ave to Figueroa St (\$13.6 million) – Complete
- Main Street (South) from MLK Blvd to Imperial Hwy (\$13.9 million) – Complete
- Temple Ave from Beverly Blvd to Beaudry Ave (\$9.2 million) – Complete
- Reseda Blvd from Parthenia St to Victory Blvd (\$24.7 million) – Complete

The 2025-26 Proposed Budget and the 2024-25 Adopted Budget do not include a new appropriation for this Program, but there is funding available from a prior-year grant. A total of \$11.23 million for an additional project on La Brea Ave (from Coliseum to Adams) is funded from a \$9 million Safe Streets for All Grant, \$1.6 million from prior year Capital and Technology Improvement Expenditure Program (CTIEP) funds, and \$625,000 from the 2023-24 CTIEP - Measure R Local Return Funds, as required matching funds for the project grant.

BICYCLE LANE REPAIR AND MAINTENANCE

Bicycle Lane repair and maintenance includes Citywide bike lane repair and maintenance to ensure public safety. The 2025-26 Proposed Budget does not include a new appropriation for Bicycle Lane Repair and Maintenance.

Repairs can be either in the bicycle lane only or the entire street segment. These repairs or maintenance activities can include the following:

- Concrete
- Asphalt
- Slurry
- Resurfacing
- Reconstruction
- Pavement Markings
- Signage
