A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: We are in a dark place, an inflection point. Everyone knows it, but maybe it's also an opportunity, one in which we are lucky to be able to participate, a calling, both local and national, one of our heart and soul, and Constitution. It is also an assault, an assault on our senses and of decency. Of America...of what we've all known since we were children. When masked men in Spirit police uniforms start kidnapping our neighbors off the street on behalf of a corrupt system that profits off of their suffering...this isn't a political issue, it's a human one. The people politicizing it are the ones profiting from it. They lie about our undocumented neighbors to dehumanize them. They call them criminals when most of the

people ICE has detained don't have criminal records and never get their day in court. Instead, they are held indefinitely in for-profit prisons owned by companies who receive massive government contracts from politicians they bribe to keep the cruel operation running. Since June 6, 2025, federal agents have detained over 4,100 individuals in the Greater L.A. area—yet 70% had no criminal record. Many were from schools, workplaces, parks, and faith institutions. One of the most chilling examples: an 18-year-old Reseda Charter High School student was taken by masked agents, simply while walking his dog. Another 15-year-old was detained outside his high school. These are not accidents—they are part of a broader campaign that is tearing at the fabric of our communities. To put it bluntly and clearly, our president has attacked his own country! Please see attached CIS pdf for our extensive full statement.

COMMUNITY IMPACT STATEMENT ON IMMIGRATION 2025

We are in a dark place, an inflection point. Everyone knows it, but maybe it's also an opportunity, one in which we are lucky to be able to participate, a calling, both local and national, one of our heart and soul, and Constitution.

It is also an assault, an assault on our senses and of decency. Of America...of what we've all known since we were children.

When masked men in Spirit police uniforms start kidnapping our neighbors off the street on behalf of a corrupt system that profits off of their suffering...this isn't a political issue, it's a human one. The people politicizing it are the ones profiting from it. They lie about our undocumented neighbors to dehumanize them. They call them criminals when most of the people ICE has detained don't have criminal records and never get their day in court. Instead, they are held indefinitely in for-profit prisons owned by companies who receive massive government contracts from politicians they bribe to keep the cruel operation running.

Since June 6, 2025, federal agents have detained over 4,100 individuals in the Greater L.A. area—yet 70% had no criminal record.¹ Many were from schools, workplaces, parks, and faith institutions. One of the most chilling examples: an 18-year-old Reseda Charter High School student was taken by masked agents, simply while walking his dog.² Another 15-year-old was detained outside his high school.³ These are not accidents—they are part of a broader campaign that is tearing at the fabric of our communities.

To put it bluntly and clearly, our president has attacked his own country!

This moment is asking more from us. It is why we set out to detail this in total, and in as comprehensive, yet succinct and simple a manner as possible, to support what our city has done. The following 16 items are the actions, motions and resolutions in regard to immigration, the City Council has taken through August 2025, since these catastrophic policies began fraying - no, tearing- the fabric of our community and country like they did in Trump's first term, but worse.

The summaries included are meant to simplify use and understanding of the issues and are not intended to replace the actual city file or document that are referenced and voted on for support.

We owe our gratitude to the City Council in a time of such great need but may expect even more in the near future.

And, no matter how fleeting, temporary, or undetermined certain outcomes are, we must remain vigilant. We need to continue our fight for democracy, against attacks on the media, universities, voting rights, scientific truth, and our diversity that is most assuredly what continues to make America, California, AND OUR COMMUNITIES great.

Let us reach out to each and every neighborhood council and humbly ask for their partnership and support for this CIS too, leading us through these fraught times to a better place and a Los Angeles of which we all continue to be proud.

The more we act together, the clearer the message of support will be. This is a moment to represent both our country and community.

Signed,
Reseda Neighborhood Council

This Community impact statement was passed in a meeting held in accordance with the Brown Act on August 18, 2025 with a vote of 9 yes, 0 no, 3 abstain, 0 recused, 0 ineligible.
