## **COUNCIL FILE NO. 25-0660 - BUREAU OF ENGINEERING REPORT BACK ON VACANCIES AND TRANSFER OPPORTUNITIES**

In response to the Personnel and Hiring Committee request for a written report back on the number of vacancies, the number of transfers or transfer opportunities, and the classifications of transfers to or from our department, the Bureau of Engineering (Engineering) will have 860 budgeted positions for FY 2025-26 of which 93 positions are currently vacant or underfilled. Engineering does not anticipate being affected by layoffs and is now actively working with the Personnel Department to utilize the City's Expedited Transfer Process (ETP) to assist in filling some of Engineering's vacant positions with transfers candidates from other City departments that may be subject to layoff.
