## SUBJECT: LA SANITATION AND ENVIRONMENT REPORT BACK ON VACANCIES AND TRANSFER OPPORTUNITIES (COUNCIL FILE 25-0660)

This report provides information regarding LASAN's vacancies, transfer opportunities, position eliminations and layoff avoidance efforts in response to Council File 25-0660.

LASAN has 3,612 authorized positions in the Fiscal Year 2025-26 Adopted Budget. The Adopted Budget eliminated 129 positions, 78 were vacant and 51 are filled as of July 1, 2025. The vast majority of the filled deletions are in the Livability Services Divisions and are classifications that are unique to LASAN. LASAN is in the process of implementing a plan for internal transfers, including the use of in-lieu and substitute authorities, to special funded vacancies with the intention of accommodating all LASAN employees impacted by potential layoff. Note that LASAN has multiple funding sources with salary savings requirements of three to 14 percent that necessitates maintaining some vacancies.

The Fiscal Year 2025-26 Adopted Budget includes 139 new authorities funded by the Sewer Construction and Maintenance Fund (SCM) currently pending allocation by the Civil Service Commission. These are critical positions that support the City's water reclamation plants and conveyance system and are high-priority for filling, many of which are classifications that are unique to LASAN. Including new authorities, LASAN has 650 vacancies as of July 1, 2025, of which 223 are funded by various funding sources and 427 are funded by SCM. Table 1 provides vacancy information for all funding sources except SCM; table 2 provides SCM vacancy information (Attachment A). LASAN is following current processes as appropriate to fill vacancies subject to funding availability, including utilization of the Expedited Transfer process and regular hiring processes (i.e. transfers and certifying lists) for classifications as approved by the Personnel Department.
