Council File No: 25-0715

Comments for Public Posting: The Northridge East Neighborhood Council (NENC) in serving its Community has requested the creation of a Special Project Account to Remove Dead Trees, Stumps, Tree Trimming and Tree Planting. The Removal of Skyline Blight and Ugly Stumps posing Liability Concerns for Los Angeles, Tree Trimming followed by Tree Planting transitions the NENC Community Quality of Life from Blight to Beauty. Thank You Councilmember John Lee for your support in this Project. Garry Fordyce, Alternate Board Member, Northridge East Neighborhood Council (NENC).
