Council File No: 25-0742

Comments for Public Posting: I am outraged at the actions of this notorious for being a bully and arbitrary councilmember imelda padilla who seems to be in the center of attention recently - and those who continue to second her unjustified motions. These decisions are not just misguided, they are permanently damaging the communities of Los Angeles that we, the residents, have built with our own hands and lived in for generations. First Sun Valley with the Metrolink “tiny homes,” now Lake Balboa. What’s next? Is this a deliberate attempt to dismantle and destroy our neighborhoods piece by piece? And I have to ask: how can this even be lawful? These actions are reckless, unconstitutional, and must be stopped immediately. Residents who pay taxes, follow the law, and invest in their communities are being ignored - pushed aside in favor of rushed projects that do nothing to solve homelessness, addiction, or public safety. Instead, entire neighborhoods are penalized. Why should families who have lived here for decades be forced to shoulder policies that only serve political agendas? We did not elect you to push personal interests or outside agendas. We elected you to represent and protect us, and instead you are abusing your authority. This repeated disregard for the very people you swore to serve is unacceptable. If these projects are so vital and beneficial, then place them in your own backyards, not just in ours. Our communities deserve respect, transparency, and protection of their rights, not decisions that degrade and destroy them. Enough is enough. Stop passing unconstitutional, destructive motions that serve no one but political self-interests. Start honoring your responsibility to represent the people of Los Angeles and not to work against us.
