Comments for Public Posting: I am totally against the removal of the Park and Ride lot for the RV Salvage Yard. The property at 15430 Erwin St is also Metro property and better "suited" for an RV junk yard since it is NOT visible to the community. It is also in a commercial area. miles from the The park and ride was created to ease congestion on major streets. Was measure M funding used for this Park and Ride? Closing the Park and Ride will just cause the commuters to skip the public transportation altogether and drive directly to their destination. The homeless living in the basin will figure out ways to break into the RVs for either shelter or to sell whatever they find. There is also a business that REMOVES RVs and take them away. Did anyone check this service out? VOTE NO. The community is against this project.

Office of the City Clerk, City of Los Angeles
