Comments for Public Posting: I strongly oppose Council File 25-0742 and the plan to lease the Victory & Balboa Park-and-Ride lot for RV storage for the following reasons: 1) Significant concerns for student safety & security - Birmingham Charter High School is virtually across Victory Blvd, with many students using the bus stop on SE Victory corner, raising significant student safety concern associated with visitors to stored vehicles. 2) Using homeless funds for vehicle storage doesn't help the unhoused; 3) The Balboa Park-and-Ride is currently highly used - virtually all existing spaces occupied by commuters on a daily basis;

Comments for Public Posting: As a concerned homeowner in Lake Balboa, I am opposed to this RV Storage location so close to the neighborhood schools. This can jeopardize the health of our kids.

Comments for Public Posting: I oppose Council File 25-0742 and the plan to lease the Victory & Balboa Park-and-Ride lot for RV storage. Using homeless funds for vehicle storage doesn't help the unhoused and puts an impound across from schools.

Comments for Public Posting: Councilpersons, I am writing to ask that you find an alternative location for the RV storage lot. This park and ride is a valuable commodity for hundreds of daily commuters, allowing them to park and ride the Orange Line to the subway and beyond. It saves vast emissions from polluting our air. It helps lower income citizens commute to their jobs and get their children to schools in the San Fernando Valley and on the other side of the hill. Taking this service away will not only create a horrific eyesore for the community, but also rob citizens of the ability to commute in a way that fits their already stretched budgets. You will be crippling these families by taking over this Park and Ride lot. On top of this, there are three schools diagonally across the street. They are already under threat to a homeless housing project which will be built across the street. I understand the council's want to build more housing and appreciate cleaning up the streets, but to then put the burden on children and families is incredibly unfair and in the end, will lose you votes. This is why Mayor Bass changed her opinion on these projects and now differs from Governor Newsome in regards to housing. This RV park is just another symptom of the council seemingly not caring about their constituents. There are many industrial areas that these RVs could be stored. Abutting a neighborhood, schools, and one of our largest parks where people go to unplug from the day to day rush of work is honestly mind-boggling to me. Please consider your hard-working, blue collar and low income families in this area. We voted you in to support us. It is clear that this is not a project your constituents want. Thank you for your time.

Using homeless funds for vehicle storage doesn't help the unhoused and puts an impound across from schools. Padilla is a joke. Not to mention you can barely get through Victory Blvd in the morning between all of the schools and the congestion and those low income housing at Victory and Louise will make it worse, Bass and Padilla don't have this in their backyards do they?
