A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Position: For

Summary:

The North Westwood Neighborhood Council supports this motion and our LGBT community members. The City must take clear, enforceable steps to shield LGBT residents from coordinated attacks on them and on gender-affirming care.

This is not hypothetical. On July 22, 2025, Children's Hospital Los Angeles shut down its entire Center for Transyouth Health and Development, ending care for nearly 3,000 patients. Hospital leadership cited threats to federal funding under recent executive orders. The largest provider of gender affirming care for youth in the country is gone.

This is not just a healthcare issue. Trans youth are among the highest risk groups for homelessness, and when care is cut off, that risk gets worse. Housing insecurity exposes them to violence, policing, exploitation, and early death. The connection between gender-affirming care and survival is direct.

We urge City action immediately, particularly around creating housing and shelter space that can support unhoused or displaced LGBT people.
