Comments for Public Posting: Hello, my name is Ellie Lee in support of Item (4) 25-0767 City Administrative Officer report relative to authorizing the execution the proposed agreement between the Department of Recreation and Parks and CultivaLA, Inc. for the operation and maintenance of the Pico-Union Cesar Chavez Community Garden, located at 1554 West 11th Place., Los Angeles, CA 90015. Green space, especially community gardens which are a place of healing, learning, gathering and sharing resources and building community are extremely few and far between. We need to protect this community garden, and expand them, rather than get rid of them! The neighborhood benefits SO much from this green space. Families, elders, teens, adults— it is a space that welcomes all. Please make the right decision and renew this lease! There is NOTHING better than a community garden in this place. Thank you!

Comments for Public Posting: Hello, my name Sandra Perez. As a resident of Pico Union I am writing in strong support of Item (4) 25-0767 re: Pico-Union Cesar Chavez Community Garden. As our community continues to be unjustly targeted by the ICE raids, CultivaLA, Inc. has provided much needed respite and support to affected community members. I look forward to this little corner of relief coming to fruition. Thank you
