**Comments for Public Posting:** Please deny the appeal filed by Unite Here 11 and uphold the BOHC approval of the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report (SEIR). 1. It's a good project. Good for Pedro, and a great resource for the south bay - a music venue close to us. 2. West Harbor is a real project - they've made it come to life. 3. There is a lot of positive economic activity there - and there will be. Unite Here is legit, and often does good work. BUT NOT HERE. This feels like they are just extorting Nederlander for some job classification negotiation, and if they are successful, everyone will pay. Please don't fall for it, and do not reverse yourself on this - think of all of the jobs, and the whole community. Thank You - Ben Swett Los Angeles
