**Comments for Public Posting:** I'm asking the City Council to turn down the appeal from Unite Here Local 11 and stick with the decision made by the Los Angeles Board of Harbor Commissioners to approve the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report. The planned 6,200-seat amphitheater, Ferris wheel, and 2,400 new parking spots are key pieces in turning our waterfront into the world-class destination we've all been working toward for years.
