Name: Jim Trani

Date Submitted: 08/28/2025 03:03 PM

Council File No: 25-0781

Comments for Public Posting: I respectfully request the City Council deny the appeal filed by Unite Here Local 11 and uphold the Los Angeles Board of Harbor Commissioners' (BOHC) approval of the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report (SEIR). The Trani family has been doing business in San Pedro for over 100 years. Over 3 generations of our family have lived and raised their families here. Surprisingly this is not unusual for "Pedro". So many families have chosen to stay and raise their families, work here and also create businesses . This year we will be opening our 3rd restaurant in San Pedro, that is how much confidence we have in San Pedro's future. The proposed 6,200 seat amphitheater, Ferris wheel, along with the proposed shops and dining venues, will not only bring outsiders to Pedro for the day, but also possible to live. This community deserves this wonderful opportunity that West Harbor is creating for San Pedro, not just for the people who live here, but also those in the surrounding communities. It will provide not only hundreds of jobs but also a place where they can bring their children and socialize with friends without having to go to Long Beach, or other beach communities. We need more than just stores and dining to make this happen.... we need the full project that has been already approved to happen. Sincerely, Jim, Viki, Jimmy, Dustin, Jessica Trani

Name: AltaSea at the Port of Los Angeles

Date Submitted: 08/28/2025 04:01 PM

Council File No: 25-0781

Comments for Public Posting: This letter is to respectfully request that the City Council deny the appeal filed by Unite Here Local 11 and uphold the Los Angeles Board of Harbor Commissioners' (BOHC) approval of the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report (SEIR). As a growing organization located at the Port of Los Angeles --on a 35-acre campus near the West Harbor Modification Project-- AltaSea knows firsthand the value of the West Harbor vision to foster long-term growth and prosperity in our community. Adding a vibrant waterfront destination featuring dining, shopping, entertainment, and more will be a major asset to our community by attracting tourism, creating jobs, and supporting local businesses. It will also increase visitors to our campus, where they can explore and learn about LA's role in creating ocean-related solutions to global problems. The West Harbor Modification Project represents a bold vision for the future of San Pedro, and we are excited to see it come to life. Thank you for your leadership and dedication to advancing this important project.

Dear Los Angeles City Council Members,

This letter is to respectfully request that the City Council deny the appeal filed by Unite Here Local 11 and uphold the Los Angeles Board of Harbor Commissioners' (BOHC) approval of the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report (SEIR).

As a growing organization located at the Port of Los Angeles --on a 35-acre campus near the West Harbor Modification Project-- AltaSea knows firsthand the value of the West Harbor vision to foster long-term growth and prosperity in our community. Adding a vibrant waterfront destination featuring dining, shopping, entertainment, and more will be a major asset to our community by attracting tourism, creating jobs, and supporting local businesses. It will also increase visitors to our campus, where they can explore and learn about LA's role in creating ocean-related solutions to global problems.

The West Harbor Modification Project represents a bold vision for the future of San Pedro, and we are excited to see it come to life. Thank you for your leadership and dedication to advancing this important project.

Sincerely,

Jenny Krusoe
Executive Vice President / Chief Operating Officer
