Comments for Public Posting: I respectfully request the City Council deny the appeal filed by Unite Here Local 11 and uphold the Los Angeles Board of Harbor Commissioners' (BOHC) approval of the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report (SEIR). This project has been in the making for a decade or more and is pivotal to securing San Pedro as an economic hub and destination, particularly in light of the FIFA World Cup and LA2028 Olympics. The amount of jobs that this project will create for harbor area residents will be unprecedented encompassing artists, sound technicians, production managers, talent managers, stage hands, janitorial services, food services, and the list goes on. We can finally stop being a bedroom community that has to commute and instead be an economic engine. PLEASE do not halt our community from progressing.

Comments for Public Posting: I respectfully request that the City Council deny the appeal filed by Unite Here Local 11 and uphold the Los Angeles Board of Harbor Commissioner's (BOHC) approval of the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report (SEIR). I have looked forward to this re-development project for many, many years and hope to see the completion of West Harbor in the near future. I feel this project will stimulate the area economy, job market. It will provide much needed opportunities for dining and entertainment, both for local residents and for those who visit the port, including thousands who arrive and depart weekly on cruise ships.

Comments for Public Posting: I respectfully request the City Council deny the appeal filed by Unite Here Local 11 and uphold the Los Angeles Board of Harbor Commissioners' (BOHC) approval of the West Harbor Modification Project, including the certification of the Supplemental Environmental Impact Report (SEIR). The Port of Los Angeles has lost thousands of jobs over the last 50 years due to changes in the fishing, cargo handling and ship building industries. Entire sectors of what was once a booming economy have shrunk, been replaced by technology, or have been eliminated altogether. By moving this transformative project forward you will once again help to ensure good jobs return to the Port area. My husband and I own a business in Downtown San Pedro and anticipate wonderful growth in San Pedro and success for all with the building of the West Harbor Modification Project!
