

## Communication from Public

**Name:** Jill

**Date Submitted:** 12/11/2025 05:56 PM

**Council File No:** 25-0843

**Comments for Public Posting:** Please extend the ICO for 10 months and 15 days as recommended by City Planning. It is too important to protect the the health, safety and welfare of residents, surrounding stakeholders and residential neighborhoods to rush proposed amendments to the Zoning Code regarding the controlling land use regulations for Recreational Vehicle Parks. The Zoning Code, Fire Code and State of California Building Code must be clarified and be consistent to protect residents and surrounding stakeholders from the current and immediate threat to public safety, health and welfare before the approval of permits related the issuance of any demolition, building, grading, and any other applicable permit related to the approval of a RV Park as a Public Benefit Project resumes. The City should make sure that there is proper oversight, the ability to mandate public hearings and conditions of use, closing any loopholes that one may avoid proper scrutiny and disclosure and this is something that should not be rushed, please extend the ICO regarding this matter. Thank you for taking this matter seriously.
