A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

City Planning Number:

Agenda Date:

Item Number:

Summary: Dear Councilmembers: The Arleta Neighborhood Council supports the approval of interim control ordinance (ICO) 188753 (Council File 25-0843) prohibiting the issuance of permits related to the approval of Recreational Vehicle Parks (RV Parks) in the A, R, and C zones under Los Angeles Municipal Code (LAMC) Section 14.00(A)(7), Public Benefit Projects. Homeowners and renters in Arleta (and the surrounding communities of Mission Hills, Pacoima, Sun Valley, Panorama City) have been experiencing spikes in crime as transient Recreational Vehicles (RV) with occupants with no ties to the community continuously place such dilapidated vehicles on our streets to frequently study homeowners'

movement patterns on a daily, weekly, and monthly basis. Such monitoring of responsible taxpayers by suspicious personnel in foreign encampment vehicles are a threat to the safe, peaceful, and quiet enjoyment of private property and their freedom to move without having to worry about strangers with nefarious intentions. From residential burglaries, narcotics transactions and use, grand theft auto, theft from vehicles, to the constant theft of bicycles, theft of gasoline from automobiles, health hazards to the general public due to sewage spills or presence of narcotics, removal of catalytic converters from neighbors' vehicles, and RV blazes or explosions wherever such vehicles make a stop in our communities, the proposed RV park site at [15000 West Lassen Street](#) or [9855 North Lemona Avenue](#) is an invitation to the destabilization of the residents of Mission Hills and surrounding communities.

ARLETA NEIGHBORHOOD COUNCIL
 Community Impact Statement

January 20, 2026

RE: Council File 25-0843

Dear Councilmembers:

The Arleta Neighborhood Council supports the approval of interim control ordinance (ICO) 188753 (Council File 25-0843) prohibiting the issuance of permits related to the approval of Recreational Vehicle Parks (RV Parks) in the A, R, and C zones under Los Angeles Municipal Code (LAMC) Section 14.00(A)(7), Public Benefit Projects.¹

Homeowners and renters in Arleta (and the surrounding communities of Mission Hills, Pacoima, Sun Valley, Panorama City) have been experiencing spikes in crime as transient Recreational Vehicles (RV) with occupants with no ties to the community continuously place such dilapidated vehicles on our streets to frequently study homeowners' movement patterns on a daily, weekly, and monthly basis. Such monitoring of responsible taxpayers by suspicious personnel in foreign encampment vehicles are a threat to the safe, peaceful, and quiet enjoyment of private property and their freedom to move without having to worry about strangers with nefarious intentions. From residential burglaries, narcotics transactions and use, grand theft auto, theft from vehicles, to the constant theft of bicycles, theft of gasoline from automobiles, health hazards to the general public due to sewage spills or presence of narcotics, removal of catalytic converters from neighbors' vehicles, and RV blazes or explosions wherever such vehicles make a stop in our communities, the proposed RV park site at 15000 West Lassen Street or 9855 North Lemona Avenue is an invitation to the destabilization of the residents of Mission Hills and surrounding communities.

All Angelenos whether they are in Arleta, Mission Hills, Hollywood, near the Ballona Wetlands, Venice, Harbor Gateway, or South Central deserve better and enforcement of any type on RV encampments has been either lax or non-existent in the last 10 years at least. Thank you city council for this ICO regarding RV parks.

Respectfully, The Arleta Neighborhood Council
